

# WEST RAND DISTRICT MUNICIPALITY

## INTEGRATED DEVELOPMENT PLAN 2016/17 TO 2020/21 as Revised and extended for 2021/22

PREPARED IN-HOUSE: West Rand District Municipality, Private Bag x 033, Randfontein

## LIST OF ABBREVIATION

AAT	-	Association for Accounting Technicians
AFS	-	Annual Financial Statements
AIDS	-	Acquired Immunodeficiency Syndrome
ALC	-	Active Leak Control
AMD	-	Acid Mine Drainage
AQMP	-	Air Quality Management Plan
BNG	-	Breaking New Group
CBD	-	Central Business District
CRP	-	Comprehensive Rural Development Programme
CCTV	-	Closed Circuit Television
CFO	-	Chief Financial Officer
CPF	-	Community Policing Forum
CPTR	-	Current Public Transport Record
CoGTA	-	Cooperative Governance and Traditional Affairs
DBSA	-	Development Bank of Southern Africa
DHC	-	District Health Council
DEA	-	Department of Environmental Affairs
DEC	-	Durban Exhibition Centre
DITP	-	District Integrated Transport Plan
DLECC	-	District Law Enforcement Coordinating Committee
DRT	-	Department of Roads and Transport
DWAFF	-	Department of Water Affairs Fishery and Forestry
ECDC	-	Early Childhood Development Centre
EOC	-	Emergency Operations Centre
EMT	-	Emergency Medical Technician
EMS	-	Emergency Medical Services
EMF	-	Environmental Management Framework
EHP	-	Environmental Health Practitioners
EAP	-	Economically Active Participants
FPA	-	Fire Protection Association
GCIS	-	Government Communication and Information System
GDLG&H	-	Gauteng Department Local Government & Housing
GDP	-	Gross Domestic Product
GDP-R	-	Gross Domestic Product by Region
GDS	-	Growth and Development Strategy
GDARD	-	Gauteng Department of Agriculture Rural Development
GFA	-	Gauteng Funding Agency
GIS	-	Geographic Information System
GRAP	-	Generally Recognized Accounting Practice
HIV	-	Human Immunodeficiency Virus
HCT	-	HIV Counselling and Testing
HSD	-	Health Social Development
IDASA	-	Institute for Democracy in South Africa

IDP	-	Integrated Development Plan
ICT	-	Information Communication Technology
ICD	-	Integrated Community Development
IGR	-	Intergovernmental Relations
IMATU	-	Independent Municipal and Allied Trade Union
ISPMTT	-	Intervention Support Projects Monitoring Task Team
IT	-	Information Technology
ITS	-	Information Technology Support
IWMP	-	Integrated Waste Management Plan
KPI	-	Key Performance Indicator
LED	-	Local Economic Development
LM	-	Local Municipality
MFMA	-	Municipal Financial Management Act, Act No. 56 of 2003
MHS	-	Municipal Health Services
MIG	-	Municipal Infrastructure Grant
MLAP	-	Management Letter Action Plan
MMC	-	Member of Mayoral Committee
MMMTT	-	Municipal Mitigation Monitoring Task Team
MPAC	-	Municipal Public Accounts Committee
MSA	-	Municipal Systems Act, Act No. 32 of 2000
MSIG	-	Municipal Service Infrastructure Grant
NDFG	-	Neighbourhood Development Fund Grant
NDP	-	Neighbourhood Development Programme
NDP	-	National Development Plan
NEMWA	-	National Environmental Management Waste Act
NEMA	-	National Environmental Management Act
NGO	-	Non-Governmental Organization
NSDP	-	National Spatial Development Perspective
NT	-	National Treasury
NNR	-	National Nuclear Regulator
NYS	-	National Youth Services
OLS	-	Operating Licence Strategy
OPCA	-	Operation Clean Audit
PCF	-	Premier's Coordinating Forum
PHC	-	Primary Health Care
PIER	-	Public Information Education Relations
PMS	-	Performance Management System
RMC	-	Risk Management Committee
PSO	-	Project Support Office
RTO	-	Regional Tourism Organization
RWG	-	Rail Working Group
SODA	-	State of the District Address
SALGA	-	South African Local Government Association
SAMWU	-	South African Municipal Workers Union
SANS	-	South African National Standard

SANTACO	-	South African National Taxi Council
SAPS	-	South African Police Services
SETA	-	Skills Education Training Authority
SCM	-	Supply Chain Management
SOER	-	State of the Environment Report
SPLUMA	-	Spatial Planning and Land Use Management Act
Stats SA	-	Statistics South Africa
TB	-	Tuberculosis
TOLAB	-	Transport Operating Licence
UNESCO	-	United Nations Educational, Scientific and Cultural Organization
WHBO	-	Construction Company in terms of Company's Act
WRDA	-	West Rand Development Agency
WRDM	-	West Rand District Municipality
WRT	-	West Rand Tourism
WRFLH	-	West Rand Freight and Logistics Hub
WESMET	-	West Rand Metropolitan Transport Forum

## SECTION A: 1. VISION, MISSION AND CORE VALUES

The WRDM Vision, Mission and Values were reviewed for relevance, against this, it was agreed to add Transparency and Accountability to the core values, in order to capture the sceptre of the whole Good Governance, since only one principles of Good Governance was captured then, which was Responsibility.

### **VISION:**

Integrating District Governance to achieve a better life for all

### **MISSION:**

To provide an integrated and excellent developmental district governance system in the West Rand

### **SLOGAN:**

**Green** is the new **Gold**

### **CORE VALUES**

-  Service excellence;
-  Pride;
-  Integrity;
-  Responsibility;
-  Transparency;
-  Accountability;
-  Innovation; and
-  Teamwork

## 1.1 WEST RAND DISTRICT MUNICIPALITY CONTEXTUALISATION

The West Rand District Municipality (WRDM) is a Category C municipality located in the west of the Gauteng Province and consists of three local municipalities namely: Mogale City Local Municipality, Merafong City Local Municipality and Rand West City Local Municipality – is home to the famous Cradle of the Humankind World Heritage Site and is about 50 minutes from OR Tambo International Airport. It borders the North West Province and accessibility is easy from all major Gauteng centres. This region is a great base from which to explore the fascinating and ancient part of South Africa. The West Rand Region has a rich and diverse landscape with the lovely Magaliesberg Mountains forming the backdrop. Towns in the region include Krugersdorp, Randfontein, Westonaria and Carletonville. Each of these is in easy reach of the peaceful countryside well known for its warm hospitality.

### Spatial context

Merafong's historical development is closely-knit with the discovery of rich gold deposits in the early 1930s. Fochville is the oldest town in the region, and was declared a town in 1951. The town Carletonville was named after Guy Carleton Jones, an engineer from the Gold Fields Ltd mining company, who played a prominent role in the discovery of the West Wits gold field, of which Carletonville forms a part. The mining company decided, in November 1946, to establish the town. Carletonville was proclaimed in 1948 and attained Town Council Status on 1 July 1959. Formerly a cross-border municipality, the entire municipality was transferred to the North West Province following the abolition of cross-border municipalities by an amendment to the South African

Constitution in 2005. The municipality was part of the North West Province from 2005 to 2009, when it was reincorporated into the Gauteng Province by another amendment to the Constitution, following often-violent protests in the township of Khutsong.

An urban concentration is found in the south-eastern part around Krugersdorp and Kagiso. The Krugersdorp CBD is the main business, social and administration centre and fulfils a regional function. The areas around Krugersdorp are established middle-to-high income residential areas with the full range of urban amenities, services and facilities. The areas to the south of Krugersdorp, namely Kagiso, Azaadville and Rietvallei (referred to as the Kagiso complex), are predominantly disadvantaged settlements with more limited access to service and facilities. The Kagiso complex is physically separated from Krugersdorp's urban areas by an extensive mining belt that runs roughly in an east-west direction through the area. In the 2015/16 annual report of Mogale City, it was indicated that the municipality has 99 urban formal settlement.

In terms of overall spatial structure, Rand West City has three distinct separate precincts: the urban residential and economic core, the mining precinct and agricultural land. The west of Rand West City is characterized by extensive farmland and agricultural holdings containing a rural residential node known as Badirile. The Rand West City Local Municipality is characterised by dispersed urban structures consisting of various urban areas and mining villages spread across the entire municipal area. The rural areas consist of a large number of farms, as well as agricultural holdings. There is very limited scope for new development north of the ridge due to dolomitic conditions. The established settlements e.g. Westonaria, Simunye, Bekkersdal and Venterspost cannot be expanded / can only be expanded in a very limited way.

The strategic location of the WRDM in relation to the Gauteng Province creates a huge potential for the agriculture sector to grow and stimulate economic development in the region. The advantage held by farmers within the West Rand is their close proximity to the largest consumer market of perishable goods in South Africa (i.e. City of Tshwane and City of Johannesburg), coupled with the fact that the region has areas with good to excellent agricultural potential. Furthermore, the region possesses the potential to develop agro-processing within its borders, as the majority of required resources are available. Mining is still a very important economic sector in the West Rand, both in terms of production and employment and its influence in the economy of the West Rand is still to be felt for many years to come. Therefore it's critical that the mining sector be used as a catalyst for developing other economic activities within the region.

## SECTION B: 1.2 DEMOGRAPHIC PROFILE OF THE MUNICIPALITY (SITUATIONAL ANALYSIS)

**Note:** The statistical data used during the compilation of this report was sourced from different sources and therefore, some information is subject to revision.

### THE WEST RAND REGION PROFILE

#### *The Birthplace of Mankind*

Known as the residency of human evolution, the West Rand is the epitome of beauty and inimitability. The Beauty of West Rand stems beyond tourist attraction, it has fascinated the academics and researchers both local and international because its history echoing of the past, present and the future. Beneath the soil of the West Rand, lies the predetermination of the human nature: the Sterkfontein Caves in the Mogale City Local Municipality. The Caves have harboured a 2.2 million old Mrs Ples's skull whom the fossil has been pedagogically placed in the

Cradle of Humankind for academic purposes as revealed in April 1947 by Dr. Robert Broom along with students from the University of the Witwatersrand. While the *Mrs. Ples* skull was small, about the size of a chimpanzee's, it was apparent the creature stood upright. '*Mrs. Ples*' earned her nickname from the media after Dr. Broom originally identified the species as a new one, *Plesianthropus transvaalensis*, though it was later identified as *Australopithecus africanus*. Stw 573, nicknamed "Little Foot", is a nearly complete *Australopithecus* was also found at the Sterkfontein Caves between 1994 and 1998. It is due to the structure of the 4 ankle bones that scientists were able to dissert that the owner was able to walk upright. The recovery of the bones proved extremely difficult and tedious, because they are completely embedded in concrete-like rock. It is due to this that the recovery and excavation of the site took around 15 years to complete.

In the West Rand Region, under Mogale City’s starry sky lays the Dinaledi chamber ("chamber of stars") where a fossil by the name of Karabo was discovered a decade ago and later a much more recent discovery was found. Homo Naledi, an extinct species of homonin was discovered in the Rising Star Cave System. As of 10 September 2015, 1550 specimens have been extracted including Karabo who was also discovered in from the Rising Star Cave in the Cradle of Humankind. Homo Naledi’s name was derived from the Sotho language, where the word.

**1.2.1 Population profile**

*NB! Population numbers are valid for a decade. New Census count will be conducted in 2021. The stats are relied in between the first five year count thus some projections emit from the second five year predictions*

Demographic statistics are essential for planning in both the country and its regions. The West Rand District population is 6.3 percent of the Gauteng Province, which makes it the least populated region in the province, with less than million residents.

**Figure 1: West Rand Population Pyramid**

**Source:** IHS Markit, 2017

**Figure Figure 1** shows the population pyramid for the West Rand District between 2010 and 2016 as expounded by the StatsSA during the national census count. The figure shows a similar structure as that of the Gauteng Province and the country as whole. It indicates that there is a youth population bulge, which also represents most of the working age population of the region. It is beneficial for a region to have a majority of its population falling within the working age group, however, this has to be accompanied by higher levels of economic growth and employment. Low growth in economic activity as indicated in Figure 5, further down, may create socio-economic challenges such as poverty and inequality.

**Figure 2: Total Population for the District and its Locals**

**Source:** IHS Markit, 2017

**Figure 2** expands on the population pyramid and shows total population for the District and its Local Municipalities between 2011 and 2016. The District's population remains below a million mark, and the largest share resides in Mogale City. The figure shows a rising trend for all the regions with the exception of Merafong City.

### 1.2.2.1. NATALITY RATE

As of the year 2017 the WRDM registered 7707 births around the region. This includes the local municipalities as well. The number was stated by the Stats SA which the information was withheld until 27 August 2018 (StatsSA, 2018:35).

### 1.2.3 MORTALITY

This section looks at mortality and fertility in the West Rand District and its local municipalities.

**Figure 1.1.3: Crude Death Rate, West Rand District, 2003, 2009 & 2013\***

**Figure 1.1.3** shows crude death rates for the local municipalities of the West Rand district for the year 2017. At 24.9 per 1,000 of its population, Mogale City had the lowest death rate in 2017; it at 25.5 in 2017. Rand West had the death rate of 23.8 for 2017. The death rate in Merafong City in 2017 is 25.0.

### Figure 1.2.4: HIV+ Estimates, West Rand District, 2015

Definition of disease and illness according to World Health Organization (WHO), disease refers to the affliction of a specific organ or the entire body due to a harmful microorganism such as bacteria or virus, injury, chemical imbalances in the body, exposure to toxins, and production of immature cells. Illness, on the other hand, is the reaction of the body to the disease.

Figure 1.2.4 depicts the HIV estimates as well as the other diseases and illnesses in the District.

West Rand		No.	%
1	Other forms of heart disease (I30-I52)	624	6,1
2	Tuberculosis (A15-A19)**	554	5,4
3	Influenza and pneumonia (J09-J18)	521	5,1
4	Diabetes mellitus (E10-E14)	430	4,2
5	Cerebrovascular diseases (I60-I69)	400	3,9
6	Certain disorders involving the immune mechanism (D80-D89)	364	3,6
7	Ischaemic heart diseases (I20-I25)	338	3,3
8	Hypertensive diseases (I10-I15)	285	2,8
9	Chronic lower respiratory diseases (J40-J47)	267	2,6
10	Human immunodeficiency virus [HIV] disease (B20-B24)	258	2,5
	Other natural causes	4 865	47,6
	Non-natural causes	1 307	12,8
	<b>All causes</b>	<b>10 213</b>	<b>100,0</b>

Figure 1.2.4 shows the estimation percentage of people living with HIV in the West Rand District Municipalities for the years 2015.

### 1.2.5 DEVELOPMENT INDICATORS

Development indicators provide a tool with which regions are able to track progress on their developmental goals and objectives. This section provides analysis of both poverty and the Gini-coefficient. In this section, poverty is dissected into two forms, the absolute (living under R417 per month) and relative poverty (above R417 per month). The Gini co-efficient measures the extent to which the distribution of income among individuals or households within an economy deviates from a perfectly equal distribution. Thus a Gini co-efficient of 0 represents perfect equality, while an index of 1 implies perfect inequality.

**Figure 1.2.5: Number of People below Food Poverty Line, 2010 – 2015**

Source: IHS Markit, 2017

Figure 1.2.5 shows the number of people living below the food poverty line in the West Rand and its local municipalities for 2010 and 2015. The figure indicates a rising trend in all the regions between the two review periods. Mogale City recorded the largest numbers in both periods, which may indicate that poverty tends to be high in regions with higher economic activity as people migrate to such regions for better economic and living conditions. This migration is often accompanied with high unemployment and people that are unable to provide for their needs.

**Figure 1.2.6: Gini Coefficient, 2010 & 2015**

Source: IHS Markit, 2017

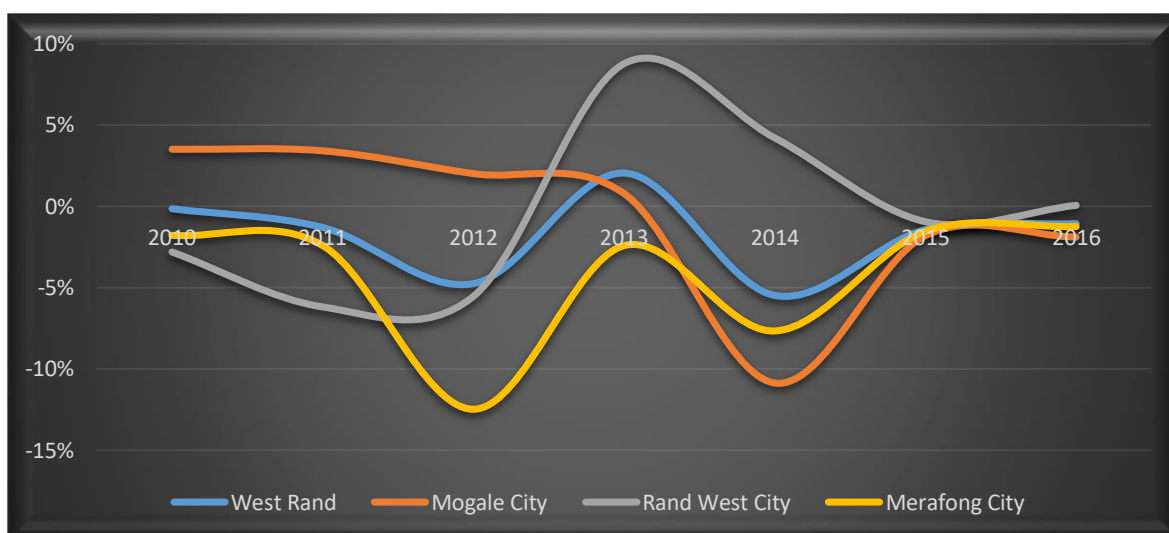

The Gini co-efficient indicates more or less similar trends to that of poverty. The economic hub of the District, Mogale City, has highest level of income inequality. With the largest share of the District's population, it has the largest concentration of levels of income inequality at 0.64, followed by the newly merged of the Rand West City local Municipality at 0.60.

### 1.2.6 DISTRICT ECONOMIC ACTIVITY

The global economic trends continue to affect South Africa, Gauteng and its region's outlook. The commodity price slump has also affected economies of commodity exporting countries including South Africa. The West Rand, with its economy dominated by mining & quarrying activities, is also affected by such global events.

**Figure 1.2.6: Growth in Economic Activity, 2010 - 2016**

Source: IHS Markit, 2017

Figure 1.2.6 shows growth in economic activity for the West Rand and its Local Municipalities from 2010 to 2016. The figure indicates that Mogale City recorded positive growth rates from 2010 to 2013, the Rand West City did so for 2013 and 2014 only. Economic growth remained in negative territory for the district and the rest of the local municipalities for most parts of the review years. Merafong City, the growth rate has been negative throughout the review period.

**Table 1: Sectors Share of the Regional Total, 2016**

	West Rand	Mogale City	Rand West City	Merafong City
Agriculture, forestry & fishing	1,7%	2,4%	1,2%	1,3%
Mining & quarrying	28,6%	4,9%	47,6%	33,8%
Primary Sector	<b>30.0%</b>	<b>7.3%</b>	<b>48.8%</b>	<b>35</b>
Manufacturing	13,6%	24,4%	11,9%	4,2%
Electricity, gas & water	4,4%	7,5%	3,4%	2,2%
Construction	3,1%	4,1%	2,6%	2,6%
	<b>West Rand</b>	<b>Mogale City</b>	<b>Rand West City</b>	<b>Merafong City</b>
Wholesale & retail trade	11,4%	12,4%	8,9%	12,9%

Source: IHS Markit, 2017

Transport & communications	7,0%	8,1%	5,2%	7,6%
Finance & business services	12,8%	13,9%	8,1%	16,4%
Government, social & people services	17,4%	22,2%	11,1%	18,8%
Total Industries	100,0%	100,0%	100,0%	100,0%

**Table 1** shows the sector's share of the region's total economic activity for 2016. Activities in the West District remain dominated by the mining & quarrying at 28.6%. The sector is also more dominant in the Rand West City at 47.6% and Merafong City at 33.8%. In Mogale City, manufacturing dominates economic activity at 24.4%. To diversify economic activities in all the Gauteng regions, the Transformation, Modernisation and Re-industrialisation (TMR) pillars identifies sectors to promote economic development in each of the province's municipalities including the West Rand.

### 1.2.6 LABOUR PROFILE

The National Development Plan (NDP) as the overarching policy document for the country as a whole, targets creating 11 million jobs by 2030. This however, may prove difficult to achieve as it was based on an average economic growth rate of 5% a year. Gauteng Province has one of the highest unemployment rate compared to other provinces, especially in its District Municipalities. This section looks at the labour profile of the West Rand District and its Local Municipalities.

**Figure 1.2.6: Economically Active Population 2010 and 2015**

**Source:** IHS Markit, 2017

**Figure 1.2.6** shows the Economically Active Population (EAP) for the District and its Local Municipalities for 2010 and 2015. With the exception of Merafong City, there has been an increase in the EAP for the District and the other two Locals. An increase in the EAP must be followed by a similar increase in employment levels, if not, it may result in high unemployment rates.

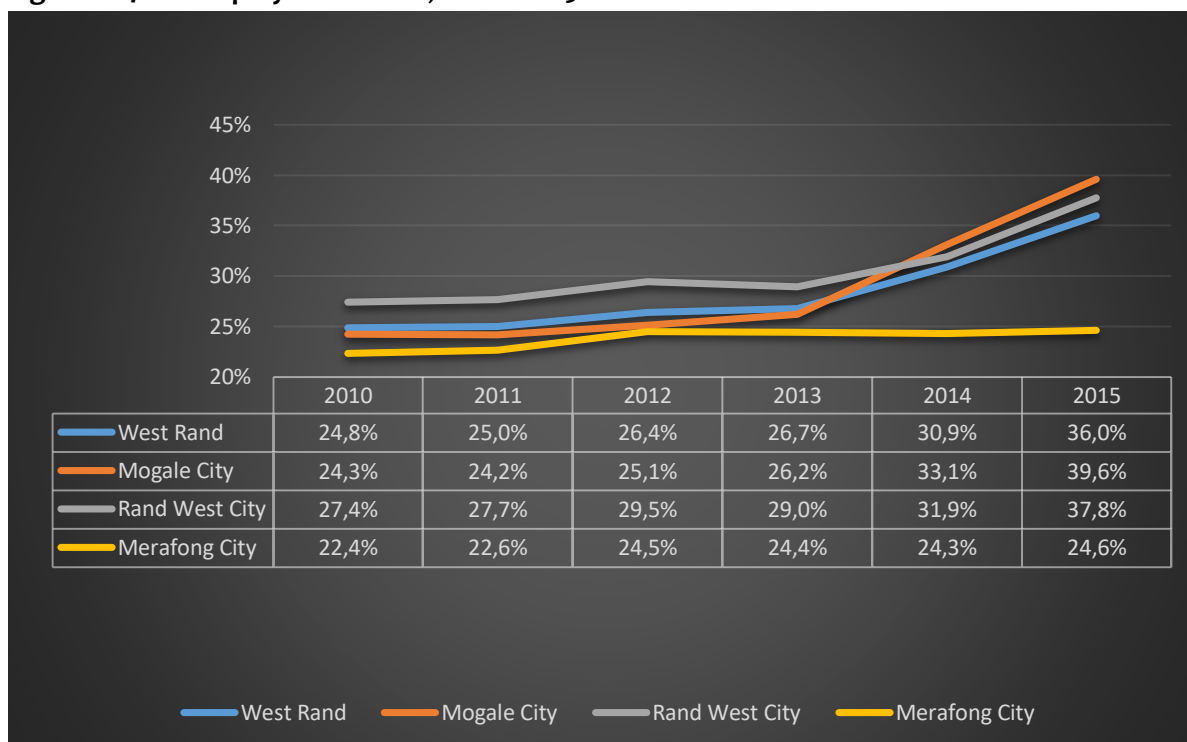

**Table 2: Employment by Sector 2015**

	West Rand	Mogale City	Rand West City	Merafong City
1. Agriculture, forestry & fishing	1,5%	1,1%	1,2%	2,2%
2. Mining & quarrying	1,5%	1,1%	2,3%	1,2%
3. Manufacturing	15,7%	18,3%	17,1%	11,1%
4. Electricity, gas & water	0,5%	0,6%	0,6%	0,2%
5. Construction	6,7%	6,4%	6,7%	7,2%
6. Wholesale & retail trade	22,3%	20,6%	21,8%	24,7%
7. Transport & communications	7,6%	8,1%	10,3%	4,6%
8. Finance & business services	19,6%	19,8%	19,5%	19,6%
9. Community services	17,7%	14,9%	14,6%	24,0%
10. Private households	6,9%	9,1%	5,9%	5,2%
Total	100,0%	100,0%	100,0%	100,0%

Source: IHS Markit, 2017

**Table 2** shows the proportion of those employment by sector for the West Rand and Local Municipalities in 2015. It is worth noting that, the sectors that dominate in economic activity, such as mining & quarrying and manufacturing, as indicated in table 1 above, are not the biggest employing sectors. Wholesale & retail trade accounted for the largest share of the employed in the District and the Local Municipalities.

**Figure 1.1.7: Unemployment Rates, 2010 – 2015**

Source: IHS Markit, 2017

**Figure 1.1. 7** shows the unemployment for the West Rand and the Local Municipalities from 2010 to 2015. Unemployment rate averaged 28.3% for the West Rand over the review period. The Rand West City had the highest average unemployment rate at 37.8%. The highest unemployment rate in the district may be partly as a result of low growth in economic activity due to weak mining sector activities.

In 2018, a total number of 192 000 people were unemployed in West Rand, which is an increase of 108 000 from 84 800 in 2008. The total number of unemployed people within West Rand constitutes 9.55% of the total number of unemployed people in Gauteng Province. The West Rand District Municipality experienced an average annual increase of 8.53% in the number of unemployed people, which is worse than that of the Gauteng Province, which had an average annual increase in unemployment of 4.99%.

In 2018, the unemployment rate in West Rand District (based on the official definition of unemployment) was 45.78%, which is an increase of 21.7 percentage points. The unemployment rate in West Rand District is higher than that of Gauteng. When comparing unemployment rates among the local municipalities within West Rand District Municipality, Rand West City Local Municipality has the highest unemployment rate of 56.4%, which has increased from 27.0% in 2008. It can be seen that the Merafong City Local Municipality had the lowest unemployment rate of 24.0% in 2018, which increased from 23.5% in 2008.

The declining economic base of the District resulted in the following service delivery challenges:

- Mounting pressure on the financial capacity of municipalities to address service delivery backlogs;
- Rapid urbanization and resultant growth of informal settlements which encouraged the increase in housing demands;
- Pressure exerted on existing infrastructure, thereby unable to cope with the demand on the aging infrastructure;
- Fragmented, autonomic and individual approach to service delivery by municipalities within the District.

Even though the West Rand region is plagued by the highest rate of unemployment in Gauteng, more of the educational awareness is needed regarding the detrimental economic practices to the environment as well as the ecology. Below is a transitory analysis of what some economic activities has led to; the District Municipality's response as well the locals in undergoing an educational path to educate the members of the public. A sustainable economic practice is emphasised.

### ***Merafong City***

The Witwatersrand mining belt is characterised by three mining areas called the 'West', 'Central' and 'East' Rand. Creating a landscape of barren and unsafe spaces, mine waste affects common environmental resources such as air and water. The surfacing of acid mine drainage decant in the West Rand (in 2002) demonstrates the limited capabilities of the Witwatersrand's hydrological and ecological systems to buffer the effects of mine contamination. Mine residue areas constitute large sections of wasteland in Merafong City, Westonaria, Randfontein, Johannesburg and Ekurhuleni.

Communities live unaware of both the short- and long-term effects of mining waste on their health and immediate environment. Using contaminated mine water for bathing, watering crops, recreation, and landscaping` has become an intrinsic part of the lives of those who live beside a

mine dump. Often located close to impoverished communities, the legacy of mine waste contamination continues to disrupt the lives of the financially vulnerable who have less capacity to offset the effects of mining waste on their health and wellbeing than their more privileged compatriots do. Moreover, the said communities are also often located on unstable ground such as dolomitic land.

#### 2.5.2 Mogale City

The MCLM falls within six (6) quaternary catchments. An east-west watershed dominates the largest part of the MCLM, which falls within the Limpopo catchment and drains via the Crocodile River. A small portion to the south of the MCLM, falls within the Vaal catchment and drains via the Klip River. The major rivers within the MCLM include the Crocodile River, Magalies River, Hugenote Spruit, Rietspruit, Bloubank River and Muldersdrift se Loop. One of the most significant pollution risks is the past and existing mining activity within the Mogale City local municipality, specifically wastewater discharge and solid waste disposal in the form of slimes dams and derelict sand dumps. Contamination of surface and groundwater resources through radioactive plumes and dust fall out is a serious concern in the mining nodes. Runoff from sand dumps in the Chamdor area, situated in the upper catchment of the Klip River, may pollute the Klip River.

Tailings containing iron pyrites (the source of acid-mine drainage) and large amounts of cyanide have been unlawfully disposed of in a mine pit. Potential catastrophes like the collapse of slime dams, specifically those next to Kagiso, may result in serious surface water contamination and loss of life of in the neighbouring communities (e.g. Sinqobile and Kagiso hostels). Sinkholes develop in river systems due to dolomitic instability, which may cause channeling of surface pollution into ground water resources. Geological faults and dykes that cross-river systems may divert surface water pollutants to ground water resources. Septic tanks/french drains are used where bulk water borne sewage is not available (e.g. in rural areas). Inappropriate subdivisions, consent uses, rezoning, and township establishments result in a higher pollution risk to ground water resources.

Mogale City has compiled a draft Integrated Environmental Management Strategy for MCLM has been, in which issues regarding water quality deterioration are addressed directly. These issues include inter alia the following:

- Mines must comply with Environmental Management Program Reports (EMPR's);
- Development plans that address inter alia water pollution, the provision of basic services and development beyond the 1:100 year flood line;
- Compliance of mines, industry and developers with national legislation e.g. The Environmental Conservation Act, 1989 (Act 73 of 1989), National Environmental Management Act (Act 107 of 1998) and local by-laws;
- Funding possibilities for the rehabilitation of abandoned or liquidated mining discard must be investigated;
- Ensure no disposal of hazardous waste occurs at the general waste landfill sites;
- Develop spillage reporting procedures and remediation programmes.

#### 1.2.7 HOUSEHOLD INFRASTRUCTURE AND EDUCATION

Information about access to household amenities remains essential for the purposes of planning and budgeting for Gauteng and all its municipalities.

Using the StatsSA definition of a household and a dwelling unit, households can be categorised according to type of dwelling. The categories are:

- Very formal dwellings - structures built according to approved plans, e.g. houses on a separate stand, flats or apartments, townhouses, rooms in backyards that also have running water and flush toilets within the dwelling.
- Formal dwellings - structures built according to approved plans, i.e. house on a separate stand, flat or apartment, townhouse, room in backyard, rooms or flat let elsewhere etc, but without running water or without a flush toilet within the dwelling.
- Informal dwellings - shacks or shanties in informal settlements, serviced stands, or proclaimed townships, as well as shacks in the backyards of other dwelling types.
- Traditional dwellings - structures made of clay, mud, reeds, or other locally available material.

As per the last StatsSA count. West Rand District Municipality had a total number of 137 000 (50.29% of total households) living in very formal dwelling units, 63 200 (23.26% of total households) living in formal dwelling units and a total number of 47 500 (17.48% of total households) living in informal dwelling units.

**Table 3: Household Infrastructure, 2010 & 2015**

	West Rand		Mogale City		Rand West City		Merafong City	
	2010	2015	2010	2015	2010	2015	2010	2015
Formal Housing	68.2%	70.8%	70.6%	69.8%	63.4%	65.4%	69.9%	80.1%
Hygienic Toilets	85.7%	87.0%	87.2%	89.3%	83.3%	84.0%	86.2%	86.6%
Piped Water	90.6%	90.4%	91.6%	92.2%	90.4%	90.9%	89.0%	86.1%
Electricity	80.3%	78.7%	84.4%	81.8%	72.4%	69.7%	83.3%	84.4%
Refuse Removal	78.4%	82.0%	80.8%	84.4%	77.1%	77.6%	76.2%	83.1%

**Source:** IHS Markit, 2017

**Notes:** A formal dwelling unit is a structure built according to approved plans. Hygienic toilets were defined as flush toilets, chemical toilets and pit latrines with a ventilation pipe. Access to piped water was measured at the RDP level of piped water within the household's dwelling, within their yard or within 200 metres of their dwelling.

From 2010 to 2015, household infrastructure in the West Rand improved in three out of five categories, namely, formal housing, hygienic toilets and refuse removal. The share of households living in formal housing increased from 68.2% to 70.8%. Mogale City was the only West Rand Local Municipality where this decreased, from 70.6 to 69.8%. Access to hygienic toilets in the district rose from 85.7 to 87%. Access to refuse removal by the local authorities increased from 78.4% to 82%. Access to piped water decreased marginally, from 90.6% to 90.4%. This was due to a decrease in access in Merafong City as access increased in the other two local municipalities. Access to electrical connections decreased from 80.3% to 78.7%. In this case, it was Mogale City and Rand West City where access decreased and in Merafong City where it rose.

**Table 4: Education Profiles, Peoples Aged 20+, 2011 & 2016**

	West Rand		Mogale City		Rand West City		Merafong City	
	2011	2016	2011	2016	2011	2016	2011	2016
No schooling	4.8%	8.2%	4.2%	7%	4.4%	8.9%	6.2%	10.2%
Primary/Matric Incomplete	55.3%	9.6%	50.1%	8.3%	57.9%	10.2%	61.0%	12%
Secondary/Matric	29.7%	75.6%	32.2%	75.9%	29.1%	77.7%	26.0%	72.2%
Tertiary	10.3%	6.6%	13.5%	8.9%	8.5%	3.5%	6.9%	5.7%

Source: IHS Markit, 2017

Source: IHS Markit, 2017

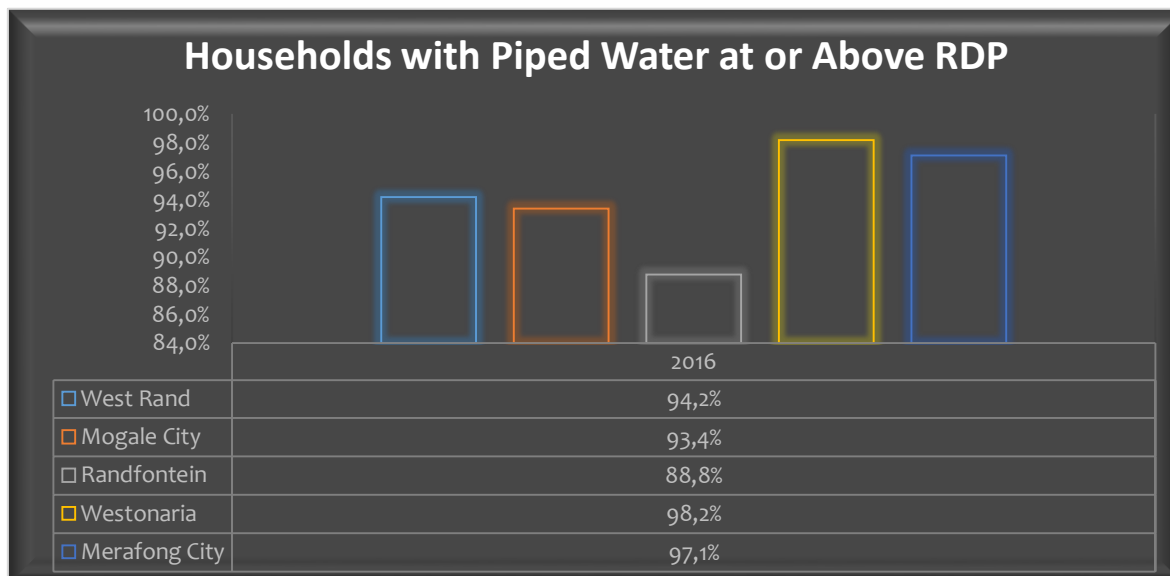

**Note:** Totals do not necessarily sum to 100 per cent due to rounding.

The share of peoples in the West Rand who have no schooling fell from 4.8% in 2010 to 3.8% in 2015. The share of those who had some schooling but had not completed Matric also decreased, from 55.3% to 53.9%. This was accompanied by an increase in the share of those whose highest educational attainment was a Matric, from 29.7% to 31.2%. The share of those who had completed tertiary education also rose, from 10.3% to 11.2%. This pattern was repeated in all of the Local Municipalities. In Mogale City, peoples with no schooling made up a smaller share of the population than in any other West Rand Municipality, at 3.3% in 2015. Mogale City was also the Municipality where peoples with a tertiary education made up the largest share of the population, at 14.2% in 2015.

### 1.2.8 ACCESS TO SERVICES

**Figure: 1.2.8 Households with Piped Water at or Above RDP**

**Figure 1.2.8** shows the share of households in the West Rand municipalities with access to water at or above the RDP-level, from 2012 to 2016 financial year is at 94.4 percentage. The West Rand households had access to piped water at this level. In all of the West Rand local municipalities, the percentage of households with access to the service at this level fell, though the marginal in Westonaria with the highest percentage of 98.2.

With the exception of Westonaria, where population growth was static, these decreases in share were influenced by rising populations and in-migration percentage. At 97.1 percent, for Merafong City was the second, which had the highest level of access in 2016. Randfontein's 88.8 percent. Westonaria had the highest share of households with access, falling 98.2 percent in 2016. Mogale City has obtain 93.4 percent in total.

**Figure: 1.2.9 Share of Households with Hygienic Toiles**

**Figure 1.2.9** shows the percentage of households in the West Rand municipalities with hygienic toilets. In contrast to access to water, all households in the region saw an increase in access to proper sanitation. Merafong City had the highest level of access, at 89.4 percent and followed by Mogale City households which had access of 88.8 percentage. However, household's access level is 88.0 percentage, and Rand West is 85.6 percentage.

In 2016, Randfontein households had the highest level of access, at 88.0 percent, followed by Mogale City at 88.8. However, Access in Mogale City grew to 88.8 percent over the same period, making it the highest in 2016. At 66.0 percent, a noticeably lower level of access was recorded for Westonaria in 2016.

**Figure: 1.2.10 Share of Households with Formal Refuse Removal**

**Figure: 1.2.10** shows the percentage of households in the West Rand municipalities with access to formal refuse removal in 2016. Access in the West Rand remained static at around 81.6 percent. In Mogale City is at 83.7 percent, and Merafong City, access is 76.7 percent, Randfontein and Westonaria for 2016 is 78.0 and Westonaria is found to have the highest percentage of 87.7 of refuse removal.

### 1.2.9 EDUCATION PROFILES

This section analyses the education profiles of the local municipalities within West Rand district. Due to the lack of data, the section only analyses education attainment for the local municipalities.

**Table 4: Education Profiles, Peoples Aged 20+, 2010 & 2015**

	West Rand		Mogale City		Rand West City		Merafong City	
	2010	2015	2010	2015	2010	2015	2010	2015
No schooling	4.8%	3.80%	4.20%	3.30%	4.40%	3.70%	6.20%	4.80%
Primary/Matric Incomplete	55.30%	53.90%	50.10%	48.90%	57.90%	56.60%	61.00%	60.00%
Secondary/Matric	29.70%	31.20%	32.20%	33.60%	29.10%	30.50%	26.00%	27.60%
Tertiary	10.30%	11.20%	13.50%	14.20%	8.50%	9.30%	6.90%	7.70%

Source: IHS Markit, 2017

Source: IHS Markit, 2017

**Note:** Totals do not necessarily sum to 100 per cent due to rounding.

The share of peoples in the West Rand who have no schooling fell from 4.8 per cent in 2010 to 3.8 per cent in 2015. The share of those who had some schooling but had not completed Matric also decreased, from 55.3 to 53.9. This was accompanied by an increase in the share of those whose highest educational attainment was a Matric, from 29.7 to 31.2 per cent. The share of those who had completed tertiary education also rose, from 10.3 per cent to 11.2. This pattern was repeated in all of the local municipalities. In Mogale City, people with no schooling made up a smaller share of the population than in any other West Rand municipality, at 3.3 per cent in 2015. Mogale City was also the municipality where peoples with a tertiary education made up the largest share of the population, at 14.2 per cent in 2015.

## SECTION C: 1.3 PROCESS FOLLOWED IN DEVELOPING THE IDP

### 1.3.1. IDP FRAMEWORK PLAN BACKGROUND

In terms of section 34 of the Municipal Systems Act, each district municipality must adopt a framework for integrated development planning in the area as a whole, and it must be agreed upon by both local municipalities and district municipality. The IDP framework is therefore developed to ensure coordination and alignment in the whole IDP process by all role players.

#### WHAT IS THE FRAMEWORK PLAN?

The function of the Framework Plan is to ensure that the process of the district IDP and local IDPs are mutually linked and can inform each other, ensuring co-operative governance as contained in section 41 of the Constitution. The Framework must:

- a) Identify the plans and planning requirements binding in terms of national and provincial legislation and identify those which were omitted in the past IDP process;
- b) Identify the matters to be included in the district and local IDPs that require alignment;
- c) Specify the principles to be applied and co-ordinate the approach to be adopted;
- d) Determine procedures for consultation between the district municipality and the local municipalities;
- e) Determine the procedures to effect amendments to the Framework Plan;
- f) Incorporate comments from the MEC and those derived from self-assessments; and
- g) Provide guidelines for the Performance Management System (PMS) and Integrated Development Plan (IDP) implementation and communication plans.

Therefore the Framework Plan is a co-ordination tool for the WRDM to ensure that interrelated parallel planning processes within the district are coordinated to obtain maximum benefit for the district as a whole.

*The IDP Framework Plan comprises the following:*

-  Elements of the IDP;
-  Framework programme with time frames;
-  Mechanisms and procedures for alignment;
-  Mechanisms and procedures for consultation;
-  Binding plans and planning requirements at Provincial and National level; and
-  Procedures and principles for monitoring the planning process and amendment

#### LEGISLATIVE BACKGROUND

Constitution Act 108 of 1996 - the Constitution mandates that a municipality must undertake developmentally-orientated planning so as to ensure that it:

- a. strives to achieve the objectives of local government set out in section 152;
- b. gives effect to its developmental duties as required by section 153;
- c. together with other organs of state contributes to the progressive realization of fundamental rights contained in sections 24, 25, 26, 27 and 29;

White Paper - “South Africa has been given a rare and historic opportunity to transform local government to meet the challenges of the next century”. The White Paper establishes the basis for a new developmental local government and characterizes it as a system, which is committed to working with citizens, groups and communities to create sustainable human settlements which provide for a decent quality of life and meet the social, economic and material needs of communities in a holistic way.

To achieve developmental outcomes will require significant changes in the way local government works. The White Paper further puts forward three interrelated approaches which can assist municipalities to become more developmental:

- Integrated development planning and budgeting;
- Performance management; and
- Working together with local citizens and partners.

Municipal Systems Act 32 of 2000 - the Municipal Systems Act (32 of 2000) is the key legislation that gives direction and guidance on the development processes of the IDP.

Chapter five of the act details the process as follows:

Section 25(1) mandates that each municipal council must, upon election adopt a single, inclusive and strategic plan which:

- a. links, integrates and co-ordinates plans;
- b. aligns the resources and capacity with the implementation of the plan;

Section 27 mandates the district municipality, in consultation with the local municipalities – to adopt a framework for integrated development planning, which shall bind both the district municipality and its local municipalities. On the basis of the agreed framework plan, Section 28 mandates that each municipal council must adopt a process plan to guide the planning, drafting and adoption and reviewing of its integrated development plan.

Local Government: Municipal Planning and Performance Management Regulations, 2001 – The regulations were issued in 2001 so as to develop further guidelines and clarity in the issues of the IDPs, The Municipal Planning and Performance Management Regulations set out in detail requirements for Integrated Development Plans.

Municipal Finance Management Act 56 of 2003 - the MFMA (56 of 2003) speaks about promotion of cooperative governance and makes special emphasis on alignment of the IDP and the Budget. This is enshrined in chapter 5 of the MFMA (Act 56 of 2003). Consequently, the West Rand District Municipality, in pursuit of the above legislative directives, presented the IDP framework to guide its process plans and consequently the IDP plans of both the district itself and the local municipalities within the area of its jurisdiction.

IDP Process is undertaken in order to achieve the following:

- To inform other components of the municipal business process, including institutional and financial planning and budgeting; and
- To inform the cyclical intergovernmental planning and budgeting cycles.
- The IDP process will focus and be influenced by the following areas:

- Local Government MEC's comments;
- Improvement on the IDP/Budget Process based on the previous performance;
- Amendments on the existing documents/newly adopted policies; and
- Adjustment of powers and functions.

As per legislative requirement, an adopted IDP is submitted to the MEC of Local Government for comments. These comments will be incorporated during the review process to influence the finalization of the process. However, it is necessary that they are received on time to allow municipalities' ample time to process and put them in effect.

In summing up the above, the outlined IDP Framework with timeframes, role players, mechanisms of alignment and the binding legislations, ensures that the WRDM will table the IDP and Budget on time. Compliance with the timeframes provided will allow enough time to table the Draft IDP and Budget on or before March and take it to council for approval on or before in May each financial year.

The way forward is for all municipalities to prepare Process Plans in concurrence with the District Framework Plan and set out the following:

- HOW the planning process will unfold per municipality;
- WHAT actions are required;
- WHO will be responsible for implementing these actions;
- WHEN will the action have to be implemented; and
- WHAT will the actions COST?

The achievement of an aligned IDP process depends on the co-operation of all municipalities in order to achieve their developmental objectives in a spirit of co-operative governance.

## **DEVELOPMENT RATIONALE**

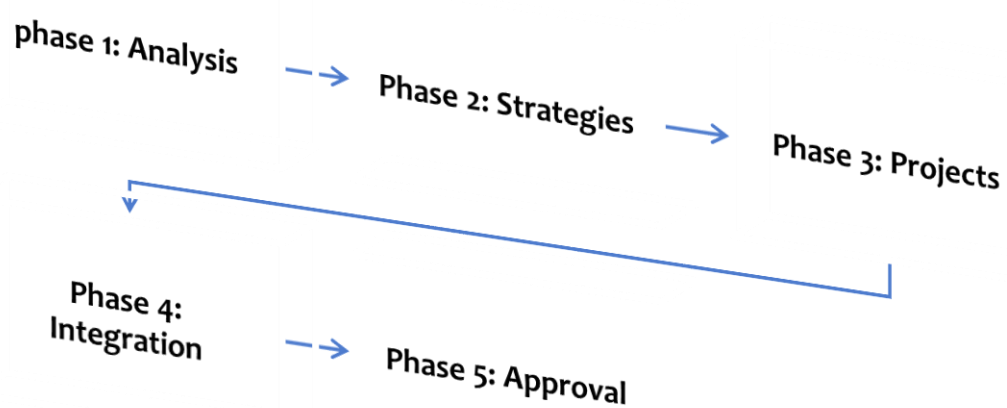

Two fundamental theories influence the formulation or development of all policies adopted by all structures of the South African State at all levels. The first theory is that local government should be a developmental local government i.e. it should be an agent for development of communities and also the approach to service provision needs to be developmental. The second theory is that of understanding the space economy in the sense that different geographic spaces in any country, province or municipality have different social and economic potential. It further argues that investment should be Target/measured according to the varying potential.

## **DEVELOPMENTAL LOCAL GOVERNMENT**

A developmental local government is best understood when defined through the developmental state. A prerequisite to developmental local government is a developmental state, as it never exists in isolation and always within the framework of a broader state. Ours is not just a developmental state, but a democratic developmental state. A democratic developmental state is not only able to transform its economic base by promoting productive, income generating

economic activities, but must ensure that economic growth has the resultant effect of improving the living conditions of the majority of its population. To position a state in such a way that it realises its intentions to be developmental, it needs to have clearly defined socio-economic objectives that require active state intervention. According to research, what sets a developmental state apart from others is that not only is it able to clearly set its development objectives, it also establishes institutional structures geared to achieve the set objectives.

**THE PROCESS OF DEVELOPING THE IDP IS DONE IN THE FOLLOWING FIVE (5) KEY PHASES:**

- **Phase 1** determines the situation of municipalities, their priority issues as well as an indication on what the plans should be focusing on;
- **Phase 2** is where development objectives, strategies and vision based on key issues are formulated;
- **Phase 3** is derived from the strategies, objectives and vision to inform concrete proposals for projects to implement these strategies;
- **Phase 4** is to ensure that all sector plans from within and outside the municipality are aligned and integrated; and
- **Phase 5** is the public comments and approval of the plan.

#### **SECTION D: 1.4 POWERS AND FUNCTIONS OF THE MUNICIPALITY**

The process on re-restoration of functions and powers commenced in December 2016 in the form of a correspondence received from the Gauteng Member of the Executive Committee (MEC) of Cooperative Governance and Traditional Affairs and Human Settlement.

To date, the process is led by COGTA, COGTA is still busy with an assessment in terms of the wayforward.

The WRDM views this process as a low hanging fruit towards implementation of the building blocks with regards to the initiative of Strengthen of District Municipalities from a District Development Modelling perspective as pronounced by the President in the State of the Nation Address (SONA) in February 2020.

## SECTION E: 1.5 SERVICE DELIVERY LANDSCAPE – DEVELOPMENT PRIORITY

In August 2019, I commenced my Term of Office as the Executive Mayor of the West Rand District Municipality. Where I reflected on where we are and as a point of departure, at the time, my welcome gift, was a state of a municipality that was rooted in challenges around late salaries, strikes, VBS, low staff morale, that. All of that did one thing to you as individuals, it put you into a lack of confidence about who we are and what we stand for.

When I was elected, Executive Mayor, I made a choice very cautiously and very selectively and one that I am proud of, I made a choice whether I would go down the high road or the low road. The low road would be, maintain the status quo with a circle of relationships and continue in a certain space and create the same outcome or to abandon that process and start afresh with a team that is prepared to go down the high road that was different. My first comment of my 100 days at the time was, been thankful and grateful of the people on the ground that were ready to join the struggle towards entrenching the chance of creating a new path.

Indeed a path that ensured unqualified audits are maintained, performance improves consistently. In 2018/19 financial year our performance was at 76%, this indicates a 7% performance improvement, as 2019/20 figures are reflective of 83% performance (post external auditing by the AGSA). Even in a pandemic, like covid-19, we have found ways to embrace the new normal, new ways of working that led to maintaining audit opinions and performance improvement.

To maintain our performance accolades, we accede to the premise that, the whole is greater than the sum of its parts. What we mean, and please allow me to spend some time on people and soft issues, the impact, thereof, on service delivery efficiency and effectiveness. We have contextualised our service delivery value chain and offering from an Inside-Out model, what this posits is that in order to improve service delivery in the external environment, the District internal operations and capabilities must first be improved. The Inside-Out model illustrates the integral relationship between the internal capabilities of the District and the fourteen (14) regional outcomes of our Regional Plan, which has been the cornerstone of our regional developmental agenda since August 2016. The model, highlights the need to get internal issues right in order to drive success in the external environment – for this, the internal and the external environments need to be in alignment.

Internal capabilities are centred firstly on people employed within the municipality, and secondly on finance, process, and customer service capabilities. This underlines people,

finance, processes, and customer service as the core of the internal municipal environment that drives delivery of regional outcomes within the municipality. With regard to people in particular, a strategic and professional HR function is critical to ensuring the appropriate skills are in place to support the required internal capabilities. A capable and well-capacitated internal environment is key to producing the products and services required to meet the needs of the external environment.

The model equates addressing of the needs of the external environment as successful delivery of the 14 regional outcomes, which are as follows: 1. Basic Service Delivery Improvement 2. Accountable Municipal Administration 3. Skilled, Capacitated, Competent, and Motivated Workforce 4. Ethical Administration and Good Governance 5. Safe Communities 6. Educated Communities 7. Healthy Communities 8. Sustainable Environment 9. Build Spatially Integrated Communities 10. Socially Cohesive Communities 11. Reduced Unemployment 12. Economic Development 13. Robust Financial Administration 14. Institutional Planning and Transformation

A specific example of the Inside-Out Model can be seen within HR. HR is crucial to ensure skilled, happy and productive employees in a virtuous cycle. The virtuous cycle occurs in the 'inside' portion of the model. When employees within the municipalities have high morale and are supported by the required resources (finance, staff, skills etc.) and efficient processes they produce high-quality customer service which in turn translates into successful delivery of the 14 regional outcomes within the District.

Against this context, we will be embarking upon a journey to the higher road, it is our intention to commence with the journey in April 2020. The journey amongst other things will be deep rooted in implementing the Inside-Out model, where we will look into re-igniting our fire, our passion, our vigour and our engagement towards inculcating a high performance culture within our District.

From a **financial health perspective**, we have been facing financial challenges which derives from the past financial years and where we were unable to honour short term commitments especially with regards to salary obligations. Under such severe circumstances we are relieved to inform you that the District has been able to honour salary commitments on time to our employees and we have negotiated with creditors and suppliers to link payment arrangements to the receipt of equitable share.

The Municipality has improved on the managing working capital through negotiations with its constituent local municipalities with regards to the regional contributions that have been long outstanding to the District.

From a **financial sustainability point of view**, we established a Resource Mobilisation Task Team, where the team amongst other things will explore innovation on how we can streamline our IGR processes together with our Constituent Local Municipalities in order to implement our Regional Shared Services, which was identified as a deliverable of our Municipal Financial Recovery Plan. Through Shared Services we currently have a missed opportunity of benefiting from a total of R933 million conservative approach, R1.4 billion moderate approach and R2 billion aggressive approach from a regional perspective.

From a **Good Governance perspective**, our Audit Committee has been instrumental towards the achievement of an unqualified group audit opinion. Through review, approval and implementation of the Internal Audit Charter. Review and approval of the three (3) year internal audit plan and annual plan. Evaluation of independence, effectiveness and performance of the internal audit function and compliance with its mandate. In line with our OPCA, we had a total of 28 findings where 9 have been completed and finalised, where 19 are in progress.

In line with promoting clean governance within the District, my Term of Office has delivered an unqualified group audit opinion on non-compliance, which we view as our stepping stone towards achieving clean audit (i.e. group unqualified audit report with no findings). The District is also reporting consistently to National Treasury in line with Municipal standard chart of accounts (MSCOA) format which was promulgated by National Treasury in 2014 that from the 1st of July 2017 all the Municipalities in the country should comply with MSCOA regulations.

Our risk profile of the municipality, has not changed from the previous financial year as most risks are inherent in nature and can only be managed to a certain level. The municipality recorded the following eight (8) key risks for 2019/20 financial year, all these risks are in red and management is giving them immediate attention as needed:

- Increase in crime
- Disruption of Operations
- Financial Unsustainability of the municipality
- Unplanned and uncontrolled land use (Land grab and informal settlements)
- Human Capital ineffectively optimized
- Loss of life and property
- Decline in the economic viability of the District
- New Infections

Furthermore, we continue to create fraud and corruption awareness, where we conduct surveys for the entire municipality including all fire stations.

Still on **Good Governance and Institutional Transformation**, we have facilitated the approval of the following documents as direct deliverables and recommendations of the Municipal Financial Recovery Plan implementation:

- System of Delegations;
- Legal Compliance Matric;
- Contract Management;
- Separation of Powers;
- Policy on drafting of By-laws; and
- Terms of Reference and Establishment of a Disciplinary Board.

We also ensured a focused approach on the review of the organogram in line with the expectations of the Municipal Financial Recovery Plan. The organogram having been reviewed was subsequently approved by Council on 22 October 2019. Its implementation however has been held in abeyance pending interaction with the MEC.

On the same token, the following vacancies of Manager Supply Chain Management, and Manager Information Communication and Technology were filled as a result of concerns raised by the Auditor General of South Africa (AGSA) that the vacancies are critical and needed to be filled in order to address the shortcomings raised by the AGSA during the previous audits. The recruitment process of the vacancy, Chief Financial Officer has been finalised and the vacancy is filled from the 1<sup>st</sup> of March 2020

In an effort to ensure that **West Rand communities feel and are safe**, we have:

- Empowered our community members and community based organizations on emergency and disaster related incidents
- Training, support and empowerment of Fire Protection Associations
- Effective response to fire and rescue services distressed calls
- Improvement of operational staff proficiency levels through radical internal training
- Completion of local municipal risk & vulnerability assessments
- Development of Disaster Management Annual Report
- Continuous contingency planning for high risk establishments and community based events
- Ensuring the effective functioning of the Emergency Operations Centre (EOC)
- Provision of community safety services that meets the requirements of the National, Provincial and Regional Crime Prevention Strategies
- Management of the extreme shortage of resources for Emergency Management Services, Disaster Management & Community Safety Services

From a **Disaster Management Perspective**, we have effectively assisted and supported all three constituent local municipalities in identifying emergency and disaster related risks and related vulnerabilities. Befitting plans to mitigate these risks were put in place and are currently monitored on continuous basis. Disaster Management Officers also assisted municipalities with the development of sectoral reactive contingency plans for respective departments. Disaster Management Advisory Forum meeting were scheduled and took place accordingly. Amongst the discussions were issues of Zama-Zama operations in the area and plenary for International Day for Disaster Risk Reduction, which was hosted by Provincial Disaster Management Centre on the 25<sup>th</sup> October 2019 at Chief Mogale in Mogale City.

All disaster management related programs implemented during the period under review are to a larger extent the programs contained in the Council approved Disaster Management Plan. This plan remains the apex of the day to day disaster management responsibility of the West Rand District Municipality and they are also implemented in accordance with other related primary legal and policy frameworks.

There has been a noticeable improvement of cooperation in most of the constituent Municipalities particularly on issues of Disaster Management. The involvement on risk and vulnerability assessments conducted by the WRDM in consultation with the relevant constituent local municipalities is beginning to shape up properly. Meetings were held with Merafong Local Municipality and Provincial Disaster Management Centre with regards to the persistent formation of sinkholes in the Merafong area.

The situation in Merafong has drastically deteriorated. New sinkholes/dolomite formed at several locations in old Khutsong which severely damaged internal water supply pipes to Khutsong extensions and sewer pipe networks that drain via outfall sewers to the Khutsong Water Treatment Plant. The formation of these sinkholes affected normal service delivery as they caused severe damages to water pipes, sewer pipes, infrastructure and property. In addition thereto, the most recent sinkholes have created a threat to the safety of residents. The situation has become priority by the re-establishment of Merafong Dolomite Risk Management with the following tasks:

- Revise the original settlement plan and Risk Strategy
- Secure additional land to address backlog

Our Emergency Operations Centre (EOC) has registered 2184 distressed incoming calls, whereas these calls inter alia includes municipal essential services complaints (service delivery) at 1436, emergency services calls (fire & rescue services, emergency medical services, SAPS and disaster management) at 530 and traffic services calls at 22. Through our Public Information, Education and Relations (PIER) we have conducted 18 awareness campaigns to identified high risk institutions.

Special focus during this period was placed on NGO's such as ECD's, Old Age Homes and homes for the disabled, etc. 703 Community members were reached through the PIER outreach programs. Smoke detectors were installed in various old age homes, disabled homes and places of safety in conjunction with Gauteng province. Nine (9) institutions were assisted with the drafting of evacuation plans and Seven (7) evacuation drills were conducted with various institutions. Our Fire Protection Associations and Volunteers (FPA) received and extinguished a total of 208 veld fires which affected a radius of 12 636 hectares.

From an **Emergency Management Services perspective**, we have responded to 89% of all fire and rescue calls within 20 minutes in rural areas. Whereas a total of 90% fire and rescue calls was responded to within 10 minutes in CBD areas.

In an effort to try and maintain work life balance, we enrolled our fire fighters on the Toughest Firefighter competition. We are pleased to announce that the team we put forward for participation has made us very proud. The individual competition consists of all four stages consecutively by the member participating and the relay completion consists of four members per team, each member completing one of the stages. There were a total of 120 competitors nationally of which 78 completed the whole course of which all our team members completed the course. The members did extremely well and as such were rated very high and placed as follows:

- Manie Gouws: 2<sup>nd</sup> overall and first in the over 40 age group
- G Malejwe : 9<sup>th</sup> overall and 3<sup>rd</sup> in the 18-29 age group
- T Molefe: 12<sup>th</sup> overall and 4<sup>th</sup> in the 18-29 age group
- A Benson: 23<sup>rd</sup> overall and 7<sup>th</sup> in the 18-29 age group
- A Nomala: 55<sup>th</sup> overall and 11<sup>th</sup> in the 35-39 age group
- T Nkoe: 58<sup>th</sup> overall and 10<sup>th</sup> in the 30-35 age group
- S Mokemane: 60<sup>th</sup> overall and 14<sup>th</sup> in the 35-39 age group

*Our heartfelt congratulations goes to the team for flying our flag high. Congratulations, you have done us proud!*

In line with inter-agency operations we have assisted with the removal and relocation of the informal settlement at Makhulugama situated in Mogale city in conjunction with various role players. The whole process commenced on the 1<sup>st</sup> August 2019 and concluded on the 3<sup>rd</sup> August 2019. The department provided support and backup services with the removal of chemicals used in illegal mining operations and safety related issues.

With regards to continual professional development of our employees in October we commissioned a multi-disciplinary exercise was hosted by the WRDM at Oak tree at the R24 N14 crossing. The exercise consisted of a multi patient accident involving Hazardous Materials, people trapped in the caves and a vehicle fire. The exercise tested the response capabilities of the following agencies: WRDM Emergency Management Service, Community safety, SAPS, Local and provincial traffic agencies. The exercise was great success and shortcomings were identified and a training plan was implemented to address the short comings.

Our emergency services training academy has conducted 4 courses in quarter one (1) of 2019/20 financial year i.e. Two Motor Vehicle Rescue was conducted on 24 June 2019 to 25 July 2019 in Mogale City and Merafong and 20 learners attended, Two Fire Search and rescue courses was conducted in Mogale City and Merafong respectively on 29 July to 2 August 2019 and 20 learners attended and officer development training was conducted on 9 to 11 July 2019 and 23 learners attended. An Officer Development course was conducted on the 9<sup>th</sup> to 11<sup>th</sup> July 2019 and twenty three members attended.

We have issued 55 hazardous material/flammable liquids certificates were throughout the region. A total of hundred and forty one (141) building inspections were conducted during the quarter under review in terms of the approved Fire Brigade By-Laws and the Building Regulations and Standards Act. Where Sixty six (66) building plans were approved and ninety nine (99) transport permits were issued. Forty six (46) fire cause investigations were conducted. We have furthermore, managed to collect revenue to the tune of R118 000 from Certificates of compliance with building regulations, building plans, hazardous material transport permits and transport permits.

From a **community safety perspective**, The District implemented all its safety programs in terms of the District Community Safety Plan, Regional Crime Prevention Strategy which is in concurrence with the National and Provincial Crime Prevention Strategies, Chapter 12 of the National Development Plan, the White Paper on Safety and Security, The Municipal Systems Act Chapter 2 (4) and all these primary legal and policy provisions are informed by Section 52 (1) (d) of the Constitution of the Republic of South Africa. The following programs and campaigns were conducted which formed significant part of the safety plan:

- Victim empowerment in muldersdrift
- 8 Substance abuse and schools safety programs in the following schools : Lukhanyo Secondary School; Kamogelo Primary School; Wedela Technical School; Matlhasedi Primary School; Die Poort Primary School; Magalies Group of schools; Zurbekom Primary school; and Lodirile Secondary School
- 3 Rural safety meetings were convened in Magaliesburg in line with implementation of the rural safety plans

- 1 By-Law enforcement in West Village Mogale on the eradication of illegal dumping

From a ***Municipal Health Services perspective***, we are pleased to announce we have achieved 82% on compliance to National Norms and Standards Audit as carried out by the National Department of Health.

We have furthermore, inspected **1808** food premises in order to protect the public from harmful pathogens, we also took **150** food samples to monitor for compliance with food handling regulations. In ensuring water safety in relation to water quality, a total number of **303 potable water samples** were taken with only 7 none compliant. Our water is above the **85%** standard of compliance. Our Environmental Health Practitioners also conduct health surveillance of premises inspections at Initiations schools to prevent deaths and health nuisances in line with chapter 27 of the municipal health services by-laws no 126 of 24 June 2011. In Merafong City, there were 3 initiation schools operating in the area, through our robust intervention in line with MHS compliance and monitoring, zero deaths were reported, zero casualties were reported, and one illegal school was closed down. We also conducted health surveillance inspections to **362** ECDC's of which 159 were compliant.

As you are aware our financial situation affects our ability to provide services effectively, against, through IGR we managed to get assistance from the South African Weather Services (SAWS) and the Gauteng Department of Agriculture and Rural Development (GDARD) in order to assist with the management of our Air Quality Stations since the service provider terminated their service due to non-payment. SAWS agreed to assist with the management of the stations at no cost to the municipality and GDARD indicated that they will procure analysers.

On ***Infrastructure Development***, the District has an embedded challenge around the state of infrastructure which puts a strain in an effort to effectively and timeously meet the demands and needs of our West Randers.

Against this, we devised a strategy to address this challenge in a more cohesive and wholesome approach. We commissioned a process to develop a District Wide Integrated Infrastructure Master Plan (DWIMP). The DWIIMP will compose of the following:

- Roads Master Plan
- Stormwater Master Plan
- Electricity Master Plan
- Water & Sewerage Master Plan
- Integrated Waste Management Plan

Over the past few years tenders were advertised, however, due to financial constraints an appointment could not be made. The West Rand Development Agency (WRDA) was also requested to engage with various organisations to acquire the necessary funds to develop this strategic Plan. A Local Company, CoGTA via. The MISA initiative and DBSA have expressed an interest in setting aside funds to develop the DWIIMP.

We are currently coordinating engagements between CoGTA, DBSA and the Local Company to see if these organisations can co-fund the Plan. The discussions are ongoing and are seemingly positive.

With regards to our **Road Asset Management System**, the National Department of Transport (NDOT), as part of the S'Hambe Sonke Programme, has provided grant funding for the implementation of Road Asset Management Systems (RAMS). The strategic goal of the RAMS Grant is to ensure efficient and effective investment in rural roads through the development of Road Asset Management Systems (RAMS) and the collection of associated road and bridge inventory data, condition assessments, and traffic information. Improved data on roads will guide infrastructure investment, improve accessibility to and mobility of rural communities.

The RAMS programme was extended to the West Rand District Municipality (WRDM) late into the 2015/2016 financial year. The WRDM then appointed a Service Provider to implement the project in the then four local municipalities within the WRDM.

The contract with the Service Provider terminated at the end of June 2018 and it was decided that the programme would be managed in-house. The RAMS project is set to run to the end of the 2020/2021 financial year.

The objective of the grant is to assist District Municipalities to develop in-house skills and human resource capacity and to create employment for unemployed graduates. At the end of the project, District Municipalities (along with their Local Municipalities) should be able to fulfil their role as a transport planning authority, and to utilize the RAMS as a planning tool for prioritizing transport infrastructure expenditure.

The Programme is proceeding satisfactorily. During the period in question the five Technicians working on the programme undertook the second round of visual condition inspections of roads and associated infrastructure.

It is intended that a Service Provider be appointed in the near future to enhance capacity of the team so that the RAMS Programme can be implemented in-house in totality.

In October 2019, the Gauteng Department of Roads and Transport in partnership with municipalities, hosted a variety of events cutting across the Gauteng City Region to promote public transport and sustainable mobility during the month of October 2019. Furthermore, we conducted awareness campaigns at the following primary schools:

- Mogale City LM - Tsakani Primary School in Kagiso

- Rand West City LM - Malerato Primary School in Mohlakeng
- Merafong City LM - Kamohelo Primary School in Khutsong

On **re-restoration of our Powers and Functions**, in line with the Local Government: Municipal Structures Act. 1998. The intention is for the WRDM to acquire ownership and Operate and Maintain Bulk Infrastructure as pertains to Roads, Storm water, Electricity, Water, Sanitation and Solid Waste. A Framework and Evaluation Plan for the establishment of Water Services Authority for the Region was developed and adopted by Council.

There is ongoing interaction between the WRDM and CoGTA with regards to mapping a way forward around the Powers and Functions.

With regards to **Service Delivery Grant Funding** such as Municipal Infrastructure Grant and Integrated Urban Development Grant, only Merafong City and Rand West City Local Municipalities within the West Rand District receive the MIG Allocation. Mogale City Local Municipality used to receive the MIG Allocation until the end of June 2019. They are now receiving the Integrated Urban Development Grant (IUDG). In essence the IUDG aims to achieve three main outcomes:

- Improved access to municipal infrastructure,
- Improved quality of municipal services through infrastructure that is in a better condition, and
- Improved spatial integration.

With regards to **Bulk Infrastructure for Human Settlement**, there are numerous Human Settlement Developments planned to be undertaken in the District. It is expected that the local municipalities would provide Bulk Infrastructure to supply these Developments with Services. However, the locals do not, in the main, have spare capacity to provide these Services neither do they have the funds to install the Bulk as required.

It is proposed that the locals utilise the MIG / USDG to provide the Bulk Infrastructure, however, due to other demands as indicated earlier the LM's require these Grants to sustain existing infrastructure.

Another funding model needs to be developed to ensure that there is adequate Bulk Services available to service Human Settlement Developments. Perhaps a holistic approach needs to be adopted where provision is made for the Development inclusive of Bulk Services.

In an effort to improve our commuting experience for our West Randers, the District through the Gauteng Department of Roads and Transport (GDRT), is participating in survey commissioned by the professional services of the Council for Scientific and Industrial Research (CSIR) as the implementation agent to undertake the Gauteng General Household Travel Survey (GGHTS).

This household travel survey is primarily required for strategic transport planning purposes within Gauteng and is a provincial wide primary data collection project aimed at collecting information about Gauteng household travel patterns.

The objectives of the Survey are:

- To enable both province and municipalities in Gauteng Province to undertake improved integrated transport planning,
- Facilitate continuous update of strategic transport models,
- Enable continuous measurement of the provincial transport system's performance against set standards
- Enable future planning to be undertaken on a needs basis.

Planning and Logistical arrangements for the implementation of the Project commenced in September 2018. The CSIR allocated a sample size of 6000 households to the West Rand District Municipality. Mogale City was allocated 2470, Rand West City 1917 and Merafong City 1613 Households to be surveyed. Various delays were experienced which impacted on the actual commencement date of the Survey. Some of these include School Holidays, availability of equipment, National Elections, etc.

The Service Provider appointed by CSIR to undertake the Survey in the District commenced surveying during June 2019 and completed the survey in September 2019. The final draft report, for comment, is expected to be received in January with the final report expected by the end February.

In closing, an important part of where we come from, is that we sowed the seeds for national transformation in local government and this saw fruits in terms of the concept of regional thinking and regional planning. What is inspiring to note, what we started as a concept, developed into a structure and a framework that we build and defined. What becomes interesting, and what puts us in a pioneering space, is that, in our early days of conceptualising our District Model of transformation underpinned by regional planning and region thinking methodology, through our transformation context of 1 Region 1 Plan 1 Action 1 System, we had representation from COGTA, Treasury, SALGA and even the Presidency.

What becomes more inspiring, is that, they watched us and observed us and in their design to the President to announce the new transformation of local government is to be based on District Modelling, through "1 Plans". Our design framework of regional planning through 1 Region 1 Plan 1 Action 1 System saw legs in their design framework of District Modelling of 1 Plans.

We have a role to play in that space, and the role that we play is to pace set the country in that thinking and methodology, because we have already done it, we have the

technology infrastructure to embed the District Modelling methodology. Against this, over the next six months our focus is take our regional thinking and regional planning methodology to fruition in order for the West Rand District Municipality to earn its rightful position amongst the 44 District Municipalities in the country, to be able to lead the country in that transformation of local government through District Modelling, and that, will be our contribution to the country as the West Rand in nation building.

## SECTION F: 1.6 DISTRICT DEVELOPMENT MODELLING INTERVENTION

In August 2019, at the PCC meeting, the Chairperson, His Excellency, Mr MC Ramaphosa, President of the Republic of South Africa highlighted the pronouncement he made on the State of the Nation Address with regards to the review of the country's service delivery model, which has resulted in the development of the new District Development Model, which will address gaps identified in the old service delivery model. The President also highlighted that the model will give effect to the Khawuleza way of doing things, where the Presidency will soon convene the Khawuleza Forums in District Municipalities.

The district will be the building blocks and coordination mechanisms for the new DDM.

The proposed District Model builds on the White Paper on Local Government (1998), which locates the role of local government as critical in “rebuilding local communities and environment, as the basis for a democratic, integrated, prosperous and truly non-racial society”. Therefore, the model is a practical Intergovernmental Relations (IGR) mechanism for all three spheres of government to work jointly and to plan and act in unison. The model consists of a process by which joint and collaborative planning is undertaken at local, district and metropolitan spheres together by all three spheres of government resulting in a single strategically focussed Joined-Up plan, “a One Plan” of government, for each of the 44 districts and 8 metropolitan geographic spaces in the country.

Having provided this context, from a National perspective, the West Rand Region, over a decade ago embarked upon a journey to create a single Municipality in the West Rand which was aimed to enable the West Rand to be better equipped to support the Gauteng City Regional initiatives, address issues of partial fragmentation of the West Rand and Gauteng, support improved resource management and efficiencies through economies of scale in the Region, all aimed at ultimately improving service delivery in the Region.

Since 2003, various attempts had been made to amalgamate the five municipalities, viz the West Rand District Municipality, Mogale City Local Municipality, Randfontein Local Municipality, Westonaria Local Municipality and Merafong Local Municipality with very limited success.

In 2016, the Demarcation Board passed a resolution to adopt a phased approach towards the creation of a single municipality for the West Rand. Phase 1 of the process comprised the merging of Westonaria Local Municipality and Randfontein Local Municipality into

Randwest City Local Municipality with the amalgamation of the remaining Municipalities remaining as a Vision for 2021.

In December 2016, at time, the Powers and Functions were restored to the West Rand District Municipality in line with the Municipal Structures' Act 117 of 1998, Section 84 and in support of the Vision above, the West Rand District Municipality through by developed a framework for a West Rand Regional Plan which would guide development of the IDP's for the Local Municipalities. The Regional Plan was developed to achieve Fourteen Outcomes and was based on the inputs from the IDP's as developed by the Local Municipalities with notable gaps between the desired outcomes and the underpinning supporting plans by the Municipalities to achieve the desired outcomes. This Regional Plan was endorsed by the Political and Administrative Leadership of all Municipalities within the West Rand Region.

Against the above context the West Rand Region Strategic Planning Session was held with the objective of addressing gaps to alignment, to enable delivery of the Regional Plan, Outcomes and to obtain recommendations around the implementation of the new powers and functions. The Strategic Planning Session was held on the 22nd and 23rd of February 2017 at the Carletonville Civic Centre with the Executive Mayors, MMC's, Chief Whips, Municipal Managers, HOD's, Managers from the West Rand Constituent Municipalities and Stakeholder Representatives from CoGTA, SALGA, Provincial Treasury and WRDA in attendance.

The workshop was contextualised against the importance of the role played by Local Government and the importance of positioning the West Rand as a strong Region. More emphasis was also placed on the importance of the Constituent Municipalities working together towards a common goal and highlighted that the achievement of One Metro status should be something that is earned resulting from joint successes across the Region.

The strategic planning workshop was therefore, launched against a transformation context of the aspiration of the future in a concept 1R, 1P, 1A, 1S (One-Region, "One-Plan", One Action, One-system) which is intended to serve as one common unifying message which must guide the Regional Planning, Regional Commitment and Regional Delivery and Regional Monitoring against the Regional Plan. Delegates were urged to plan seamlessly and to be driven by one common purpose being the Regional Plan which is underpinned by Fourteen Outcomes.

The need for alignment between the IDPs and importantly that the plan should align to the political manifestos as well as National and Provincial priorities. Delegates were furthermore encouraged to work collectively in repositioning the West Rand

economically, underpinned by political stability and One-Plan that enables qualitative service delivery to the people.

### ***District Development Model, National Perspective***

Over the 25 years of democracy there have been several attempts at steering development towards communities in a coordinated manner, with a view of maximising impact and delivering cohesive, vibrant, sustainable and safe communities. These have included the War on Poverty, Urban Renewal Programme (URP), the Integrated Sustainable Rural Development Programme (ISRDP), the Comprehensive Rural Development Programmes (CRDP), District level Planning and Implementation Management Support Centre, Local Government Turnaround Strategy and the Back to Basics. All of which sought to improve the quality of life for all through impactful delivery.

There have also been recent reforms as directed by the National Treasury budgeting processes, including the Built Environment Performance Plans (BEPPS) processes and the Integrated Urban Development Framework (IUDF), all of which are facilitating for better spatial targeting and alignment of government investment spending. Despite all to these attempts horizontal and vertical silos persist.

The main problem is that the current system is reliant on each sphere to align their plans with other spheres especially in respect of strategic infrastructure investment, whereas a more efficient approach is to have all three sphere of government work off a common strategic alignment platform. A district development model provides such a platform in seeking to provide a solution for the misalignment, the model therefore, extends beyond the current approach which relies solely on the “discretionary” alignment of planning between and amongst the three spheres of government, through joint planning.

Joint planning is specifically focussed on strategic and long-term issues where agreements between the three spheres are critical and necessary for cohesion and impact, and where these agreements help shape short, medium and long-term plans and actions of all three spheres of government in context of their own planning and implementation responsibilities. The Model is not top-down but rather based on the outcome of joint planning which determines the best or most appropriate interventions and actions according to the differentiated circumstances of different district and metropolitan areas.

In this regard, the DDM is premised on the principle of long term integrated development planning, budgeting and performance management as would be contained in One Plan. Such a plan should have direct linkage to the National Development Plan’s priorities and time frames for which must be translated to medium term priorities from the 6th to the 11th administration. The One Plan must also be based on and related to the Integrated

Development Plan, which are localised plans which must be unified at district and metro levels, and be related to neighbouring and feeder IDPs which must talk to each other. This would enable a focus (in execution) to achieve these long term goals at the same time as government drives medium-term policy priorities.

The following have been identified as pillars that are underpinning the One Plan implementation model:

*-Demographic and District Profile:*

- Multi-dimensional Poverty Index
- Hunger
- Skills audit in the district
- Land use and Audit of the district
- Social Capital Index
- Health Index
- Inequality
- Service Delivery Index
- Stakeholder Analysis

*- Economic Positioning*

- Economic Development Opportunities Mapping
- Competitive edge is created that enables domestic and foreign investment attraction and job creation. The economic positioning informs the spatial restructuring that is required
- Unemployment/Employment
- Local Economic Development (LED) supported by cooperatives, township and rural economies
- Economic anchors in the areas

*-Spatial Restructuring*

- Transformed and efficient spatial development pattern and form in order to support a competitive local economy and integrated sustainable human settlements.
- Spatial restructuring informs infrastructure investment in terms of quantum and as well as location and layout of infrastructure networks.
- Harmonization of Spatial Development Plans at the District and provincial levels, for national support
- At least 1 SDZ in each District and/or City

*- Governance and Management*

- Coordination, accountability and management structures at national, provincial, district, local and ward level

- Championship Technical support capacity with cooperative, civil society and spheres reach
- Leadership and management, in particular with regards to planning, budgeting, financial and performance management takes place in an effective, efficient, accountable and transparent manner. It also includes spatial governance, that is, the process by which the spatial transformation goals are achieved through assessing and directing land development and undertaking land use management and land release of municipal/public land.
- Monitoring and evaluation starting at a ward level coordinated at the district

#### *- Infrastructure Engineering*

- The process by which infrastructure planning and investment especially bulk infrastructure, roads, transport, water sanitation, electricity, energy, solid waste;
- Integrated human settlements in a sustainable way over the long-term; and
- Alternative forms of labour intensive infrastructure projects such as the paving of access, ring and local roads

#### *- Integrated Services Provisioning*

- Deliver integrated human settlement, municipal and community services in partnership with communities so as to transform spatial patterns and development for planned integrated sustainable human settlements with an integrated infrastructure network.
- Holistic household level service delivery in the context of a social wage and improved jobs and livelihood

#### **DDM Regional Perspective: State of readiness**

As early as 2003, the Councillors of the West Rand Municipalities started discussions around the creation of a single Municipality. It was a slow process and not much was achieved.

In 2007, a feasibility study was undertaken (Study did not include Merafong at the time). The feasibility study evaluated WRDM on 65 Criteria and over 6 Evaluation areas. The results of the study showed that the Region complied at an 85% level to becoming a single region which confirmed that the Region was not far off in terms of the criteria from the Municipal Demarcation Board.

To drive the process, a Transformation Committee of 30 members was established representing all Municipalities in the Region and Civil Society. It was deemed necessary to have sub-committees and four sub-committees were established, viz: Economic Development and Integrated Planning, Finance, Social Transformation and Corporate Governance.

No progress was made because of challenges around lack of Management and Coordination, lack of administrative support, lack of resources, and lack of commitment, large Committees and Non- attendance of meetings

In 2010, a Strategic Planning session was held in Muldersdrift with Executive Councils & members of all Municipalities. In that session a working document was developed. There were also some challenges at the time, whereby in September 2010, another session was held in Mogale. In this session the working document was reviewed which resulted in the conceptualisation of the Vision 2016 Strategic Framework and approval by all Municipalities within the Region.

The implementation of the Strategic Framework also had some challenges which resulted in minimal progress being made, because of the Local Government Elections of 2011, non-attendance of meetings, change in Political Leadership, minimal participation of Accounting Officers, lack of resources, lack of internal capabilities and lack of dedicated teams.

In 2011 after the Local Government elections the 3rd Strategic Review session was held which was also aimed at inducting the new councillors. The session resulted in the reduction of Transformation Committee members from 30 to 15, proportionately representing all Political Parties in the Region. Accounting Officers were assigned to sub-committees and all Municipalities confirmed their commitment to the Project. It was also noted that all Political parties in the District supported the Vision of 2016 to create a single Municipality.

The justification for a single Municipality was set out as follows:

1. To support the Gauteng City Region initiatives
2. To address partial fragmentation of West Rand and Gauteng
3. To support improved resource management and efficiencies through economies of scale in the region
4. To improve service delivery in the region
5. To improve standardisation through integration

Over the years leading up to 2011, there was public participation and engagement with the communities and the creation of a single municipality became part of the manifesto of the region.

In March 2012, Randfontein Publicity Association submitted support letter. Where in September 2012, Sectorial Meeting with Religious Leaders were held including several

meetings with Councils of Local Municipalities and in November 2012, Executive Meetings and Sector Meetings were held.

In March to April 2013, Media campaign were launched on Radio, Print, TV and Memorabilia, this included structured public participation including collaboration with the Municipal Demarcation Board.

In 2016 Demarcation Board passed a resolution for a phased approach towards the creation of a single municipality for the West Rand:

- Phase 1: The merging of Randfontein and Westonaria Local Municipalities into Rand West City Local Municipality
- Phase 2: The creation of the West Rand Metro

In September 2016, after the elections it was agreed to have one 5-year Plan for the West Rand Region. The WRDM, at the time, was vested with the accountability to develop the 5-year Regional Plan in line with the Municipal Structures Act 117 of 1998, Section 84. The 5-year Plan provided a framework for integrated development plans of all municipalities in the area of the District municipality. The plan identified fourteen (14) Regional Outcomes for implementation:

Outcome 1 - Basic Service Delivery Improvement; Outcome 2 - Accountable Municipal Administration; Outcome 3 - Skilled, Capacitated, Competent and Motivated Workforce; Outcome 4 Ethical Administration and Good Governance; Outcome 5 - Safe Communities; Outcome 6 Educated Communities; Outcome 7 - Healthy Communities; Outcome 8 Sustainable Environment; Outcome 9 - Build Spatially Integrated Communities; Outcome 10 - Socially Cohesive Communities; Outcome 11 Reduced Unemployment; Outcome – 12 Economic Development; Outcome 13 - Robust Financial Administration; and Outcome 14 - Institutional Planning and Transformation.

In December 2016, the WRDM received a correspondence from Provincial COGTA with regards to the re-restoration of the Powers and Functions as enshrined in the Structures Act.

In February 2017, the West Rand Economic Summit identified opportunities for Economic Re-Industrialisation of the West Rand and a task team was assigned and to work on an Implementation Framework of the recommendations. This was preceded by the West Rand Regional Strategic Planning Framework Workshop (WRRSPFW) that was held in Carletonville.

In March 2017, the West Rand Regional Shared Services Centre (WRRSSC) feasibility study project commenced for a three (3) month period, where it was concluded in May 2017,

wherein the report was presented to a joint sitting of Political and Administrative Leadership of the WRDM and the Constituent Local Municipalities of the West Rand at the WRDM Imbizo Council Chambers.

Subsequent to the above presentation by the service provided, it was resolved that the WRRSSC feasibility study be adopted by all Councils within the region. The study had identified the following at high level:

***-Proposed Operating Model for the WRRSSC solution:***

The model brings together the otherwise isolated municipalities in a holistic way which encapsulates their strengths and interdependencies. WRRSSC should not be viewed in isolation; the WRRSSC will enable the local municipalities given that core service delivery (“the Frontline Functions” or “the Frontline”) remains at the municipal level. The different parties therefore have a mutually beneficial relationship. Service delivery is enabled by the WRRSSC but the core functions remain at the municipal level.

The regional committees will drive how this operates, there will be joint ownership by all the municipalities as a part of the institutional structure, in particular through the regional WRRSSC Committee. The WRRSSC Front Office provides call centres, portals, and kiosks to facilitate efficient, effective contact with customers, employees and service providers. These will bring the municipalities closer to their constituencies. It is not enough for municipalities to be de facto responsive and attentive to their constituencies; they also have to be perceived by their communities as being responsive and attentive. The WRRSSC Front Office will help improve both the perception amongst the public as well the de facto status quo.

The WRRSSC Back Office houses the key support functions of the WRRSSC, described further below. A key feature of the shared services capabilities proposed for the West Rand is the administration and specialist knowledge hubs that will service the service delivery Frontline (viz. the municipalities). Another key feature is the creation of Business Partner roles, such as the HR Business Partner, and the Chief Strategy and Performance Management Officer.

Business Partners will play a key delivery role within municipalities, with the ability to leverage off the capabilities provided by the WRRSSC, while retaining delivery and reporting responsibility to the municipality. The various interacting parties, as can be seen in the model, (refer to the annexure, pages 6 – 12), have a symbiotic relationship. This relationship, if managed optimally, will positively impact the customer who is ultimately going to benefit from the improved service delivery that the WRRSSC Solution enables.

***-Scenario Analysis Costs and Benefits:***

Implementation of a WRRSSC Solution in the West Rand has the potential to deliver substantial benefits, ultimately leading to improved employee morale, reduced budget deficits, and higher customer satisfaction with service delivery.

The costs and benefits associated with the implementation of WRRSSC are outlined in the table below.

	Conservative	Moderate	Aggressive
Total benefit	R 933 million	R 1.4 billion	R 2 billion
Total cost	R 220 million	R 290 million	R 441 million

The benefits range from R933 million for the conservative scenario, to R2 billion for the aggressive scenario. It should be noted that the benefits stand to increase by approximately R1 billion from the conservative to the aggressive implementation. However, the implementation costs are likely to increase by only R221 million, or 20% of the difference in benefits, from the conservative to the aggressive scenarios.

#### ***-Early Implementation of WRRSSC Capability: Performance Management***

Performance Management was identified as low hanging fruit for early implementation of the WRRSSC because an implementation platform was needed to embed the planning and reporting of the fourteen (14) Regional Outcomes as articulated within the West Rand Regional Five (5) Year Plan. Performance management in the previous financial years' had undergone implementation as a key enabling WRRSSC capability from a system perspective.

The state of readiness to implement the District Development Model within the West Rand Region is underpinned by the development of the West Rand Regional Five (5) Year Plan, which identified WRRSSC as a forerunner in this process. The success criteria towards full implementation of the District Development Modelling is highly contingent upon the efficiency of the regional IGR structures. It is on this basis that the region is prioritising the review of the regional IGR protocol.

## SECTION G: DEVELOPMENT STRATEGIES

The Development Strategies builds from the outputs of the West Rand Region Strategic Planning Workshop which ensured a focused approach around the understanding of the state of backlogs across each functional area, development of a set of common indicators to support achievement of Regional Outcomes, definition of Target/measures for each constituent Municipality, definition of Key Risks and Challenges, brainstorming of implementation recommendations for Functions and Powers and the establishment of the status quo for Support Functions. The Strategic Planning Workshop ensued a commission structure, which comprised of six commission to discuss the Regional Outcomes relating to service delivery. The discussion of the Regional Outcomes relative to the Support Functions was contingent upon the outcome of the Shared Services Feasibility Study at the time and will be the subject of future planning.

The Strategic Planning Workshop ensued a commission structure, which comprised of six commission to discuss the Regional Outcomes

### 1.7. Electricity Commission (Development Strategy – Electricity)

The Electricity Commission focussed on the following Regional Outcomes, Outputs and Sub-Outputs. Below is the outputs as received from the Commission.

- **Regional Outcome 1:** Basic Service Delivery
  - **Regional Output 1.4:** Enhance the effectiveness and efficiency of the Indigent Programme
    - **Regional Sub Output 1.4.1:** Alignment on Strategic Inputs
  - **Regional Output 1.5:** Provision of Reliable Electrical Supply
    - **Regional Sub Output 1.5.1:** Electricity Infrastructure and Maintenance
    - **Regional Sub Output 1.5.2:** Electricity Losses
  - **Regional Output 1.8:** Optimise Infrastructure Utilisation
    - **Regional Sub Output 1.8.1:** Municipal Infrastructure and Maintenance
  - **Regional Output 1.9:** Reduce Outsourced Municipal Services
    - **Regional Sub Output 1.9.1:** Identification and Implementation of Initiatives to reduce Outsourcing
  - **Regional Output 1.10:** Service Delivery Master Plans
    - **Regional Sub Output 1.10.1:** Master Plans Development

<b>Regional Outcome 1: Basic Service Delivery</b>				
<b>Regional Output 1.4: Enhance the effectiveness and efficiency of the Indigent Programme</b>				
<b>Regional Sub Output 1.4.1: Alignment on Strategic Inputs</b>				
<b>MUNI.</b>	<b>CURRENT STATUS QUO</b>	<b>CURRENT GAPS</b>	<b>ESTIMATED BUDGET</b>	<b>COMMENTS</b>
RWCLM	<ul style="list-style-type: none"> <li>▪ All registered Indigents are receiving 50-kWh free basic electricity.</li> <li>▪ Ongoing.</li> </ul>	<ul style="list-style-type: none"> <li>▪ 22 000 Informal settlement structures / units not yet connected.</li> <li>▪ Budget constraints</li> <li>▪ Existing informal settlements on private land.</li> <li>▪ Areas not proclaimed yet</li> </ul>	R330m required.	14 - informal settlements formed by this 22000 units
All Wards in Mogale City distributed by MCLM	Ongoing	Budget constraints	R3m required per annum	Installation of electricity prepayment meters for all registered Indigents.
Merafong city area	All registered indigents receive 50kwh FBE	Budget Constraints	R6m	Cost estimates include Indigent management

**Additional Comments from Commission:**

- Mogale & Rand West indigent programmes are in place, problems exist where there are areas that are not proclaimed – services cannot be provided according to law.
- For networks that need to be upgraded due to lack of maintenance the Mogale program is in place
- Rand West’s problem of failing infrastructure is a concern with R50k per annum needed

<b>Regional Outcome 1: Basic Service Delivery Improvement</b>				
<b>Regional Output 1.5: Provision of Reliable Electrical Supply</b>				
<b>Regional Sub Output 1.5.1: Electricity Infrastructure and Maintenance</b>				
<b>MUNI.</b>	<b>CURRENT STATUS QUO</b>	<b>CURRENT GAPS</b>	<b>ESTIMATED BUDGET</b>	<b>COMMENTS</b>
RWCLM – Network upgrade: Upgrading of bulk substation all areas.	<ul style="list-style-type: none"> <li>▪ Most of the substation switchgear incl. buildings are old and no spares available to repair.</li> </ul>	<ul style="list-style-type: none"> <li>▪ Ageing infrastructure with less capacity to meet the current and growing network demand and services.</li> </ul>	R50m per annum required.	RWCLM has recently appointed a service provider on a 36-months period on an “if and when require basis”.

	<p>Not safe to operate.</p> <ul style="list-style-type: none"> <li>No proper maintenance done for several years.</li> </ul>	<ul style="list-style-type: none"> <li>Budget constraints.</li> </ul>		
RWCLM - Upgrading of medium voltage Networks in Rand west area.	<ul style="list-style-type: none"> <li>Increase in number of power outages due to ageing networks, especially on the small holdings and in Mohlakeng.</li> <li>Networks overloaded.</li> </ul>	<ul style="list-style-type: none"> <li>Critical position not being filled.</li> <li>Budget constraints.</li> <li>Network vandalism.</li> </ul>	R20m per annum required.	Current vacant positions in the electricity section – (50)
RWCLM – Access to electricity	<ul style="list-style-type: none"> <li>All informal settlements not supplied with basic electricity, only public lighting.</li> </ul>	<ul style="list-style-type: none"> <li>New MV &amp; LV networks to be installed.</li> <li>New substations to be build.</li> <li>Budget constraints</li> </ul>	R330m over the next five years required.	
RWCLM – Network expansion	<ul style="list-style-type: none"> <li>No bulk supply available to certain new developments, existing MV network must be extend.</li> </ul>	<ul style="list-style-type: none"> <li>New MV &amp; LV networks to be installed.</li> <li>New substations to be build.</li> <li>Budget constraints</li> </ul>	R20m required per annum.	
Rand West - Provide bulk MV & LV electrical internal networks in Mohlakeng Ext. 5	<ul style="list-style-type: none"> <li>No bulk infrastructure in the vicinity.</li> </ul>	<ul style="list-style-type: none"> <li>Budget constraints</li> </ul>	R60m required.	CoGTA donated R8m towards phase 1 (Construction of switching station in the area)
RWCLM – Construction of new Borwa substation, Westonia	<ul style="list-style-type: none"> <li>New bulk infrastructure</li> </ul>	<ul style="list-style-type: none"> <li>Budget constraints</li> </ul>	R80m required	DOE donated R9,5m towards phase.1 (Construction of new bulk switching station in the area, this will eventually supply all houses in the area)
All areas in the MCLM distribution area. 33 kV maintenance	<ul style="list-style-type: none"> <li>Ongoing as per maintenance programme</li> </ul>	<ul style="list-style-type: none"> <li>Ageing infrastructure and redundant equipment. Vandalism</li> </ul>	R4m per annum	All programs are up to date
All areas in the MCLM distribution	<ul style="list-style-type: none"> <li>Ongoing as per maintenance programme</li> </ul>	<ul style="list-style-type: none"> <li>Ageing infrastructure and redundant</li> </ul>	R4m per annum	All programs are up to date

area. 6,6 & 11 kV maintenance		equipment. Vandalism		
All areas in the MCLM distribution area. Street light maintenance	▪ Ongoing as per maintenance programme	▪ Network vandalism	R22m per annum	All programs are up to date
MCLM - ESKOM distribution within Municipal distribution area	▪ Uncertainty over transfer	▪ Needs to be clarified	To be determined	Needs to be negotiated and clarity obtained from NERSA
All areas in the MCLM distribution area. Low Voltage maintenance	▪ Ongoing as per maintenance programme	▪ Ageing infrastructure and redundant equipment. Vandalism	R4m per annum	All programs are up to date

### Regional Outcome 1: Basic Service Delivery Improvement

#### Regional Output 1.5: Provision of Reliable Electrical Supply

##### Regional Sub Output 1.5.2: Electricity Losses

MUNI.	CURRENT STATUS QUO	CURRENT GAPS	ESTIMATED BUDGET	COMMENTS
RWCLM - Installation of zone metering in the region,	<ul style="list-style-type: none"> <li>▪ Rand west is @ 22% of losses</li> <li>▪ Mogale city is @ 9%</li> </ul>	<ul style="list-style-type: none"> <li>▪ Budget constrains affect the implementation of installation of zone metering</li> </ul>	R10m Rand West	If we can install zone meters from the bulk intake points downstream to mini substation levels, we can easily detect where our biggest losses occur.
RWCLM – Replace vandalized pillar meter boxes with new strong boxes.	<ul style="list-style-type: none"> <li>▪ Increase of theft and illegal connections in pillar boxes</li> </ul>	<ul style="list-style-type: none"> <li>▪ Budget constraints</li> </ul>	R5m per annum required.	By securing the existing vandalized meter/pillar boxes, electricity losses will also be reduced, which will increase revenue.
Mogale Spruit substation distribution area. Spruit	<ul style="list-style-type: none"> <li>▪ Multi-year project in first phase of project.</li> </ul>	<ul style="list-style-type: none"> <li>▪ Insufficient Budget to complete project phases</li> </ul>	R26m required to complete entire project	This project will unlock the potential of further development which in

1x20MVA Transformer (33 kV Firm Capacity Upgrade)				return will guarantee Revenue for MCLM
Mogale Northern suburbs, Diswilmar Ruimsig Pinehaven etc. Transmission Line between Factoria and Libertas Substations (33 kV Firm Capacity Upgrade)	<ul style="list-style-type: none"> <li>Multi-year project to be awarded shortly.</li> </ul>	<ul style="list-style-type: none"> <li>Insufficient Budget to complete project phases</li> </ul>	Total estimated budget R80m to complete entire project	The completion of this project will ensure a firm supply to this area. There is currently no back up 33kV network towards this area.
Mogale Meter box subsidies for prepayment installations	<ul style="list-style-type: none"> <li>Purchase meter boxes to accommodate prepayment applications. This project assists in the collection of revenue.</li> </ul>	<ul style="list-style-type: none"> <li>Total estimated budget R3m per annum</li> </ul>	This project will guarantee Revenue for MCLM	

### Regional Outcome 1: Basic Service Delivery Improvement

#### Regional Output 1.8: Optimise Infrastructure Utilisation

##### Regional Sub Output 1.8.1: Municipality Infrastructure and Maintenance

MUNI.	CURRENT STATUS QUO	CURRENT GAPS	ESTIMATED BUDGET	COMMENTS
RWCLM Upgrading of existing substations: <ul style="list-style-type: none"> <li>Westergloor,</li> <li>Mohlakeng,</li> <li>Muni Aureus,</li> <li>Westonaria,</li> <li>Glenhavie</li> </ul>	<ul style="list-style-type: none"> <li>No proper maintenance done for past few years,</li> <li>Capacity constraints</li> </ul>	<ul style="list-style-type: none"> <li>Budget constraints</li> <li>Eskom support</li> </ul>	R50m pa required.	<ul style="list-style-type: none"> <li>No new developments can be accommodated in these areas of supply.</li> <li>RWCLM has recently appointed a service provider on a 36-months period on a "if and when basis require".</li> </ul>
RWCLM Upgrading of	<ul style="list-style-type: none"> <li>Ageing infrastructure, the existing</li> </ul>	Budget constraints	R20m pa required.	Rand west require a minimum of R20m per annum to replace old

medium voltage networks	infrastructure was installed 40-50 years ago.			infrastructure in phases over the next 5-years.
Merafong	6.6kV limitation on the Carletonville and Fochville networks	Stress on the internal networks	R260m	Migration to 11kV needs to be phased-in
<b>Regional Outcome 1: Basic Service Delivery Improvement</b>

### Plenary Comments / Feedback/ Recommendations

- a) Clarify understanding of regulations on electricity around the supply to informal settlements against the understanding that if people stayed in a settlement for over 3yrs then they had the right to service delivery.
- b) Consider ways of managing electricity in a win-win manner with regards to the management of revenues from bulk electricity and how to manage assets and debts
- c) On indigents consider Regional parity in terms of electricity amounts allotted

Outcome 1: Basic Service Delivery	
Output 1.5: Provision of Reliable Electrical Supply	
Sub Output 1.5.2: Electricity Losses	
Municipality	General Comments/ Requests
RWCLM	<ul style="list-style-type: none"> <li>The Electricity section will keep submitting business plans and submit to external institutions for funding.</li> </ul>
Merafong	<ul style="list-style-type: none"> <li>Network optimisation shall also be utilised as a tool to curb system losses</li> </ul>

Outcome 1: Basic Service Delivery	
Output 1.8: Optimise Infrastructure Utilisation	
Sub Output 1.8.1: Municipal Infrastructure and Maintenance	
Municipality	General Comments/ Requests
RWCLM	The Electricity section will keep submitting business plans and submit to external institutions for funding.
Merafong	Aging infrastructure rehabilitation to meet the increase in demand need to be prioritised

Outcome 1: Basic Service Delivery	
Output 1.9: Reduce Outsourced Municipal Services	
Sub Output 1.9.1: Identification and Implementation of Initiatives to reduce Outsourcing	
Municipality	General Comments/ Requests
RWCLM	By filling all vacant positions within the electrical section, will reducing the outsourcing of services to contractors. Most work to be done in-house.
Merafong	Reliability on external services to be reduced and enhance regional shared services

Outcome 1: Basic Service Delivery	
Output 1.10: Service Delivery Master Plans	
Sub Output 1.10.1: Master Plans Development	

Municipality	General Comments/ Requests
WRDM	Regional master plan is required to standardize by-laws, policies asset management plans tariff structures
Mogale	Regional master plan is required to standardize by-laws, policies asset management plans tariff structures
RWCLM	Regional master plan is required to standardize by-laws, policies asset management plans tariff structures and cater for new and future developments.
Merafong	WRDM to assist with a funding methodology

### 1.8 Water and Sanitation Commission (Development Strategy – Water and Sanitation)

The Water and Sanitation Commission focussed on the following Regional Outcomes, Outputs and Sub Outputs.

Below is the inputs as received from the Commission.

- **Regional Outcome 1: Basic Service Delivery**
  - **Regional Output 1.2: Secure Strategic Source of Water Supply (dams & reservoirs)**
    - **Regional Sub Output 1.2.1: Bulk Water**
  - **Regional Output 1.3: Maintain Efficient Water Treatment Infrastructures**
    - **Regional Sub Output 1.3.1: To be defined**
  - **Regional Output 1.4: Enhance the effectiveness and efficiency of the Indigent Programme**
    - **Regional Sub Output 1.4.1: Alignment on Strategic Inputs**
  - **Regional Output 1.6: Provision of Quality and Reliable Sanitation and Waste Management**
    - **Regional Sub Output 1.6.1: Sewer Infrastructure and Maintenance**
    - **Regional Sub Output 1.6.3: Sanitation Infrastructure and Maintenance**
  - **Regional Output 1.7: Provision of Quality and Reliable Water Supply**
    - **Regional Sub Output 1.7.1: Water Services Infrastructure and Maintenance**
    - **Regional Sub Output 1.7.2: Quality Drinking Water**
    - **Regional Sub Output 1.7.3: Water Losses**
  - **Regional Output 1.8: Provision of Quality and Reliable Water Supply**
    - **Regional Sub Output 1.8.1: Municipal Infrastructure and Maintenance**
  - **Regional Output 1.10: Service Delivery Master Plans**
    - **Regional Sub Output 1.10.1: Master Plans Development**

### 1.8.1. Service Delivery Backlogs (Water & Sanitation)

Regional Outcome 1: Basic Service Delivery Improvement				
Regional Output 1.2: Secure Strategic Source of Water Supply (dams & reservoirs)				
Regional Sub Output 1.2.1: Bulk Water				
MUNI.	CURRENT STATUS QUO	CURRENT GAPS	ESTIMATED BUDGET	COMMENTS
RWCLM	Informal settlements in RWCLM do not have access to piped water	Informal settlements are provided with water using water tankers	R100m	The DWS is currently funding projects to provide water infrastructure to informal settlements through its Water Services Infrastructure Grant
RWCLM	Network upgrade - Water supply networks are ageing	Upgrading of water networks in RWCLM	R300m	Business plans have been submitted to COGTA to request funding
RWCLM	Network expansion - The available reservoirs are not adequate to cater for new developments	2 x additional reservoirs are required	R500m	R100m per annum over a 5 year period to construct 2 new reservoirs
Mogale	Muldersdrift- Lack of bulk infrastructure to meet with the developmental needs	30Ml/day reservoir is to be constructed. Johannesburg Water line currently being used	R70m	Funding not secured- MIG Business Plan submitted
Mogale	Munsieville Township- Upgrade of the 2Ml/day reservoir and pump station	Construction of the 5Ml/day reservoir	R32m	Feasibility studies, BPs completed, MIG application submitted.
Mogale	Magaliesburg- Construction of new 10Ml/day Reservoir		R50m	Feasibility studies and land acquisition are still to be done.

Mogale	Kagiso Township- Upgrade of the existing bulk water, reservoirs and pump station to accommodate new housing developments	726 Houses being built in Ext 13, 800 additional in Chief Mogale, and Leratong Node Development in the pipeline		Feasibility studies and land acquisition are still to be done.
Merafong	Khutsong- collapsed reservoir decommissioned	DWS- funded relocation	R70m	Tender is at awarding stage
Merafong	Khutsong South-900 mm pipe collapsed due to sinkhole	Declared Disaster	R24m sinkhole rehabilitation, R40m pipe reconstruction	R40M secured by COGTA for pipe reconstruction, COGTA will be IA
Merafong	Welverdiend- existing 2.5 ML reservoir not sufficient for the area	Need for reservoir upgrade	R50m	No Funding
Merafong	Fochville- existing 12 ML reservoir not sufficient for the entire town	30ML expansion needed	R159m	No funding
Merafong	Carletonville-Rand Water high pressure pipe directly connected to the network	Area declared as a Disaster. New reservoir and pipeline required	R70m	Funding still a challenge

### Regional Outcome 1: Basic Service Delivery Improvement

#### Regional Output 1.4: Enhance the Effectiveness and Efficiency of the Indigent Programme

##### Regional Sub Output 1.4.1: Alignment on Strategic Inputs

MUNI.	CURRENT STATUS QUO	CURRENT GAPS	ESTIMATED BUDGET	COMMENTS
Merafong	4038 Indigents receives the free basic services	Registration of indigents	R500,000 (6KL free supply)	List obtained from indigent management section, numbers keep rising-linked to finance department -excluding informal settlements
RWCLM	Access to free basic water RWCLM is providing 6KL of free basic water to indigent community members	N/A	N/A	7500 households are registered as indigent households in RWCLM and are provided with 6KL of free basic water
Mogale	Providing 6KL of free basic water to indigent community members	Ongoing Registration of indigents	R33m	Installation of prepaid meters. Ongoing

Regional Outcome 1: Basic Service Delivery Improvement				
Regional Output 1.6: Provision of Quality and Reliable Sanitation and Waste Management				
Regional Sub Output 1.6.1: Sewer Infrastructure and Maintenance				
MUNI.	CURRENT STATUS QUO	CURRENT GAPS	ESTIMATED BUDGET	COMMENTS
RWCLM	Ageing infrastructure System cannot cope with volumes due to growing population	Recurring blockages and burst pipes	R100m	A total of R20m per annum is required to upgrade ageing sewer infrastructure
	<b>Khutsong:</b> Ext 3 outfall sewer line collapsed due to sinkhole formation	Area declared under Disaster.	R22m	Funding still a challenge
	<b>Fochville/ Greenspark:</b> Outfall sewer line overloaded		R30m	Funding still a challenge
	Internal reticulation sewer network blockages due to load (over loaded). Lines encroached with structures and damaged	Lines refurbishment needs to be done. Lines to be re-routed	R35m	Funding still a challenge

Regional Outcome 1: Basic Service Delivery Improvement				
Regional Output 1.6: Provision of Quality and Reliable Sanitation and Waste Management				
Regional Sub Output 1.6.3: Sanitation Infrastructure and Maintenance				
AREA	CURRENT STATUS QUO	CURRENT GAPS	ESTIMATED BUDGET	COMMENTS
RW City	The Randfontein & Badirile WWTW need upgrading.	Limited capacity at WWTW's	R200m	To accommodate new housing developments

Mogale	<ul style="list-style-type: none"> <li>▪ Upgrade of current sewer network to meet increase demand from Housing projects – all areas</li> <li>▪ Sewer Pump station upgrades to prevent sewer spillages and environmental pollution – all areas</li> <li>▪ Provision of environmentally friendly toilets to eliminate use of chemical toilets – all areas</li> </ul>	<ul style="list-style-type: none"> <li>▪ 150km of network required</li> <li>▪ All pump stations are under severe pressure due to old age and increase in development</li> <li>▪ Installation of min. 6000 Enviro-loos to improve sanitation per household and reduce use of chemical toilets</li> </ul>	<p>R375m</p> <p>R120m</p> <p>R90m</p>	<p>Increase in housing development in various areas and old infrastructure necessitated new major upgrades and more network development</p> <p>Feasibility studies to be conducted to provide exact needs per area.</p> <p>Service provider appointed on an as and when basis due to budget constraints.</p>
Merafong	<p>Khutsong - Ext 3 outfall sewer line collapsed due to sinkhole formation</p> <p>Fochville/Greenspark</p> <p>Internal sewer reticulation network blockages due to overload. Lines to be re-routed</p>	<p>R22m</p> <p>R30m</p> <p>R35m</p>	<p>Funding a challenge</p> <p>Funding a challenge</p> <p>Funding a challenge</p>

<b>Regional Outcome 1: Basic Service Delivery Improvement</b>				
<b>Regional Output 1.7: Provision of Quality and Reliable Water Supply</b>				
<b>Regional Sub Output 1.7.1: Water Services Infrastructure and Maintenance</b>				
<b>AREA</b>	<b>CURRENT STATUS QUO</b>	<b>CURRENT GAPS</b>	<b>ESTIMATED BUDGET</b>	<b>COMMENTS</b>
Mogale	Ageing infrastructure and asbestos pipes	Rand Water & GIFA conducting feasibility study for water losses due to aging infrastructure	R450m	To reduce water losses as one of the key objectives.
RWCLM	Ageing infrastructure and asbestos pipes prevalent	Ageing infrastructure resulting in recurring burst pipes	R100m	Water networks need to be refurbished to eliminate water burst pipes
Merafong	Khutsong, Welverdiend, Carletonville: Aging infrastructure not suitable for dolomitic ground need to be replaced by HDPE pipes	Business plan was submitted to MIG	R242m	Funding a challenge
	Fochville: Negative impact on service delivery due to aging infrastructure	Asbestos cement pipes need to be replaced and related bulk	R300m	Funding a challenge

<b>Regional Outcome 1: Basic Service Delivery Improvement</b>				
<b>Regional Output 1.7: Provision of Quality and Reliable Water Supply</b>				
<b>Regional Sub Output 1.7.2: Quality Drinking Water</b>				
<b>MUNI.</b>	<b>CURRENT STATUS QUO</b>	<b>CURRENT GAPS</b>	<b>ESTIMATED BUDGET</b>	<b>COMMENTS</b>
RWCLM	Compliant to DWS Quality Standards	N/A	R2m pa	R2m per annum is required to analyse water samples at a SANAS accredited laboratory to comply with DWS Blue Drop requirements

Mogale	Upgrade of the Water Laboratory to comply with SANAS regulation.	The current lab is too small and is not accredited accordingly.	R30m	Land has been identified in the old SPCA minor renovations are currently underway
Merafong	Achieved Compliance of 99,81 % on drinking water and 84.56 Blue drop achievement	Reservoir maintenance, old infrastructure replacement. Blue drop compliance requirements	R20m	Funding needed to address the indicators impacting negatively on the Blue drop compliance

### Regional Outcome 1: Basic Service Delivery Improvement

#### Regional Output 1.7: Provision of Quality and Reliable Water Supply

##### Regional Sub Output 1.7.3: Water Losses

MUNI.	CURRENT STATUS QUO	CURRENT GAPS	ESTIMATED BUDGET	COMMENTS
Mogale	Replacement of old asbestos and steel pipes.	500km of pipelines to be replaced	R140m	B.P. done on an area by area basis due to limited funding
	Installation of Bulk Smart Meters. 1300 sites surveyed & +- 950 large meters need to be replaced.	120 replaced to date and a balance need to be financed	R12m	This project has started and will be done as and when budget is available
	Upgrade of existing conventional meters with smart meters / prepaid – Approx. 35000 consumers on conventional and are under/over reading and need upgrading	Budget limitations make it impossible to replace them all in a go.	R20m annually	Project will improve revenue streams and accuracy of the billing and reduce water losses
	Installation of PRV's & associated furniture - High pressures are a major cause for burst pipes	Old PRVs need to be replaced. More PRVs are required to regulate pressure correctly.	R5m annually	Identified areas need urgent intervention

RWCLM	35% Water losses	No zone metering	R250m	All water supply zones require zone meters to be able to quantify water losses and mitigate them
Merafong	High water losses due to lack of water management system, telemetry, aging infrastructure, dolomitic instability, metering, billing	Business plan was submitted to source funding	R15m	Funding a challenge

### Regional Outcome 1: Basic Service Delivery Improvement

#### Regional Output 1.8: Optimise Infrastructure Utilisation

##### Regional Sub Output 1.8.1: Municipal Infrastructure and Maintenance

MUNI.	CURRENT STATUS QUO	CURRENT GAPS	ESTIMATED BUDGET	COMMENTS
RWCLM	Ageing infrastructure	Networks need to be refurbished	R200m	R200m is required to upgrade water and sanitation infrastructure over a period of five years
Merafong	Ageing infrastructure, sinkhole formation	Network need to be refurbished, dolomite strategy plan needs to be in place	R300m	

### Regional Outcome 1: Basic Service Delivery Improvement

#### Regional Output 1.10: Service Delivery Master Plans

##### Regional Sub Output 1.10.1: Master Plans Development

MUNI.	CURRENT STATUS QUO	CURRENT GAPS	ESTIMATED BUDGET	COMMENTS
RWCLM	No Water and Sanitation Master Plan	Budget constraints	Unknown	It must be noted that the previous Westonaria and Randfontein LM's did have master plans

Mogale	Out dated	Insufficient funding	R5m	Prepare business plans to various spheres to acquire funding.
Merafong	Not in place	Lack of funding, sourced funding from DBSA through MISA	R3m	Awaiting implementation

### 1.8.2. Target/measures to be achieved over the next 5 years (Water & Sanitation)

Regional Outcome 1: Basic Service Delivery Improvement

RWCLM	Elimination of sewer blockages and water burst pipes				
Merafong	Replacement of aging infrastructure, Asbestos cement pipe				

#### 1.8.4. Key Risk & Challenges (Water & Sanitation)

<b>Regional Outcome 1: Basic Service Delivery Improvement</b>	
<b>Regional Output 1.2: Secure Strategic Source of Water Supply (dams &amp; reservoirs)</b>	
<b>Regional Sub Output 1.2.1: Bulk Water</b>	
<b>Municipality</b>	<b>Key Risks and Challenges</b>

WRDM	Funding for key regional bulk infrastructure development, financial support to continue supporting local municipalities
Mogale	Funding
RWCLM	Funding and land availability
Merafong	Funding and sinkhole formation
<b>Regional Outcome 1: Basic Service Delivery Improvement</b>	
<b>Regional Output 1.4: Enhance the Effectiveness and Efficiency of the Indigent Programme</b>	
<b>Regional Sub Output 1.4.1: Alignment on Strategic Inputs</b>	
<b>Municipality</b>	<b>Key Risks and Challenges</b>
Mogale	<ul style="list-style-type: none"> <li>- Increasing numbers</li> <li>- Database maintenance</li> <li>- Finance</li> </ul>
RWCLM	Non qualifying community members applying for indigent and not reaching all community members that qualify
Merafong	Database maintenance, finance, increasing numbers
<b>Regional Outcome 1: Basic Service Delivery Improvement</b>	
<b>Regional Output 1.6: Provision of Quality and Reliable Sanitation and Waste Management</b>	
<b>Regional Sub Output 1.6.1: Sewer Infrastructure and Maintenance</b>	
<b>Municipality</b>	<b>Key Risks and Challenges</b>
WRDM	Funding and skills
Mogale	Funding and skills
RWCLM	Funding and skills
Merafong	Funding and skills
<b>Regional Outcome 1: Basic Service Delivery Improvement</b>	
<b>Regional Output 1.6: Provision of Quality and Reliable Sanitation and Waste Management</b>	
<b>Regional Sub Output 1.6.3: Sanitation Infrastructure and Maintenance</b>	
<b>Municipality</b>	<b>Key Risks and Challenges</b>
Mogale	Funding and skills
RWCLM	Funding and skills
Merafong	Funding, skills and sinkhole formation

<b>Outcome 1: Basic Service Delivery</b>	
<b>Output 1.7: Maintain Efficient Water Treatment Infrastructures</b>	
<b>Sub Output 1.7.1: Water Services Infrastructure and Maintenance</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
Mogale	Funding and skills
RWCLM	Funding and skills
Merafong	Funding, skills and sinkhole formation
<b>Outcome 1: Basic Service Delivery</b>	
<b>Output 1.7: Maintain Efficient Water Treatment Infrastructures</b>	
<b>Sub Output 1.7.2: Quality Drinking Water</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
Mogale	Funding and skills
RWCLM	Funding and skills
Merafong	Funding and skills
<b>Regional Outcome 1: Basic Service Delivery Improvement</b>	
<b>Regional Output 1.7: Provision of Quality and Reliable Water Supply</b>	
<b>Regional Sub Output 1.7.3: Water Losses</b>	
<b>Municipality</b>	<b>Key Risks and Challenges</b>
Mogale	Lack of funds
RWCLM	Funding and increasing water losses resulting in loss of revenue
Merafong	Lack of funding, sinkhole formation
<b>Regional Outcome 1: Basic Service Delivery Improvement</b>	
<b>Regional Output 1.8: Optimise Infrastructure Utilisation</b>	
<b>Regional Sub Output 1.8.1: Municipal Infrastructure and Maintenance</b>	
<b>Municipality</b>	<b>Key Risks and Challenges</b>
RWCLM	Funding
Merafong	Funding and sinkhole formation

<b>Regional Outcome 1: Basic Service Delivery Improvement</b>	
<b>Regional Output 1.10: Service Delivery Master Plan</b>	
<b>Regional Sub Output 1.10.1: Master Plans Development</b>	
<b>Municipality</b>	<b>Key Risks and Challenges</b>
Mogale	Funding
RWCLM	Funding
Merafong	Funding commitment from DBSA

#### 1.8.5. General Comments Request (Water & Sanitation)

<b>Outcome 1: Basic Service Delivery</b>	
<b>Output 1.2: Secure Strategic Source of Water Supply (dams &amp; reservoirs)</b>	
<b>Sub Output 1.2.1: Bulk Water</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
Mogale	There was a general consensus at the Commission on the WRDM acquiring WSA status.
RWCLM	The Rand West City Local Municipality need 2 additional reservoirs to be able to cater for new developments in the municipality
Merafong	Availability of funds to achieve plans
<b>Outcome 1: Basic Service Delivery</b>	
<b>Output 1.4: Enhance the Effectiveness and Efficiency of the Indigent Programme</b>	
<b>Sub Output 1.4.1: Alignment on Strategic Inputs</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
Mogale	<ul style="list-style-type: none"> <li>▪ Insufficient statistics available</li> <li>▪ Outreach programs to be encouraged</li> </ul>
RWCLM	The Rand West City Local Municipality is committed to providing all qualifying community members with indigent benefits
Merafong	Indigents not coming forth to renew Contract
<b>Outcome 1: Basic Service Delivery</b>	
<b>Output 1.6: Provision of Quality and Reliable Sanitation and Waste Management</b>	
<b>Sub Output 1.6.1: Sewer Infrastructure and Maintenance</b>	

<b>Municipality</b>	<b>General Comments/ Requests</b>
Mogale	Insufficient maintenance budget inhibits execution of maintenance management plans
RWCLM	The refurbishment of the sewer network will eliminate recurring sewer blockages which will improve the quality of lives of communities.
Merafong	Refurbishment will enable smooth operations of all WWTW, lack of funding
<b>Outcome 1: Basic Service Delivery</b>	
<b>Output 1.6: Provision of Quality and Reliable Sanitation and Waste Management</b>	
<b>Sub Output 1.6.3: Sanitation Infrastructure and Maintenance</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
Mogale	The construction of the Lindley WWTW would unlock development in the Lanseria Area
RWCLM	Upgrading of the two WWTW's is key and will unlock development in the RWCLM
Merafong	Lack of funding and sinkhole formation impacts on service delivery
<b>Outcome 1: Basic Service Delivery</b>	
<b>Output 1.7: Maintain Efficient Water Treatment Infrastructures</b>	
<b>Sub Output 1.7.1: Water Services Infrastructure and Maintenance</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
RWCLM	It is imperative that the water networks in RWCLM be upgraded as the infrastructure is ageing rapidly to avoid serious water burst pipes
Merafong	Funding request
<b>Outcome 1: Basic Service Delivery</b>	
<b>Output 1.7: Maintain Efficient Water Treatment Infrastructures</b>	
<b>Sub Output 1.7.2: Quality Drinking Water</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
Mogale	The city is receiving water from Rand Water and we will conduct ongoing water sampling and testing to meet compliance.
RWCLM	The drinking water quality in the RWCLM is compliant to DWS and SANS 241 2016 standards

<b>Outcome 1: Basic Service Delivery</b>	
<b>Output 1.7: Maintain Efficient Water Treatment Infrastructures</b>	
<b>Sub Output 1.7.3: Water Losses</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
Mogale	<ul style="list-style-type: none"> <li>▪ Review the WSP, implementation program and ongoing monitoring. Need dedicated WCDM Team</li> </ul>
RWCLM	<ul style="list-style-type: none"> <li>▪ The Rand West City Local Municipality is committed to reducing water losses to acceptable levels. Need dedicated WCDM Team</li> </ul>
Merafong	<ul style="list-style-type: none"> <li>▪ Need dedicated WCDM Team</li> <li>▪ WCDM Funding to curb water losses and implementation of planned strategy</li> </ul>
DWS / GIFA / MMC	<ul style="list-style-type: none"> <li>▪ All projects need to be reflected in the WSP.</li> <li>▪ Assistance being offered by GIFA-</li> <li>▪ Indications of job opportunities and skills gap relative to unemployment figures-in response to regional outcome for unemployment reduction</li> </ul>
<b>Outcome 1: Basic Service Delivery</b>	
<b>Output 1.8: Optimise Infrastructure Utilisation</b>	
<b>Sub Output 1.8.1: Municipal Infrastructure and Maintenance</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
RWCLM	Water and Sanitation networks are ageing and need to be replaced with new ones
Merafong	Lack of funding affects the running smooth of the institution
<b>Outcome 1: Basic Service Delivery</b>	
<b>Output 1.10: Service Delivery Master Plans</b>	
<b>Sub Output 1.10.1: Master Plans Development</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
WRDM	Intends appointing a Service Provider to Develop various Master Plans. Funding Challenge.
Mogale	Secure funding then assign the project to Consulting Engineers.
RWCLM	The Rand West City LM needs a Water and Sanitation Master Plan
Merafong	Funding was sourced from DBSA through MISA

### **Plenary Comments / Feedback/ Recommendations**

- a) Powers and functions issue needs to be clearly defined
- b) Specific Target/measures need to be indicated
- c) The moratorium issue on personnel should not be confused with individual municipality constraints
- d) Revisit the acid mine drainage issue
- e) Syferfontein and Zuurbekom Waste Water Treatment Works are one and the same thing
- f) Kokosi is actually Khutsong Reservoir and is collapsing, need to be looked into.
- g) Look into the capacity of Fochville Reservoir ext. 6, is pressure enough to supply ext 6 and 7?
- h) Consider the issues of no bulk storage in Khutsong and Carletonville
- i) Consider other and specific funding avenues
- j) Revisit the issues of quality of water with regards to acid mine water and drain water
- k) Interrogate the legalities in terms of mines not using portable water for their activities.
- l) On indigents – need to go 1 step further as to the possibility of standardising the approach in supporting them.
- m) Which policies and regulations are informing the Regional Model on indigents.
- n) A lack of alignment in planning at a Regional level and not in pockets of constituent municipalities was observed
- o) Not clear about stated game changers being related to stated outcomes
- p) Questioning whether or not there is a shift towards standardising baselines to enable effective reporting
- q) Silent on how to manage water losses which includes maintenance which is key in addressing water shortages

## 1.9. Roads, Transport and Storm Water Commission (Development Strategy – Roads, Transport and Storm Water)

The Roads, Transport and Stormwater Commission focussed on the Following Regional Outcomes, Outputs and Sub Outputs. Below is the inputs as received from the Commission.

- **Regional Outcome 1:** Basic Service Delivery
    - **Regional Output 1.1:** Ensure Integrated Transport Planning
      - **Regional Sub Output 1.1.1:** Road Maintenance
        - **\*Regional Sub Output 1.1.2:** Transport Planning
- \*Regional Sub-output 1.1.2 should read Transport Planning and should be treated within the Regional context as WRDM has been assigned the function of Transport Planning in terms of legislation.
- **Regional Output 1.9:** Reduce Outsourced Municipal Services
    - **Regional Sub Output 1.9.1:** Identification and Implementation of Initiatives to reduce Outsourcing
  - **Regional Output 1.10:** Service Delivery Master Plans
    - **Regional Sub Output 1.10.1:** Master Plans Development

### 1.9.1 Service Delivery Backlogs (Roads, Transport and Stormwater)

Regional Outcome 1: Basic Service Delivery Improvement				
Regional Output 1.1: Ensure Integrated Transport Planning				
Regional Sub Output 1.1.1: Road Maintenance				
MUNI.	CURRENT STATUS QUO	CURRENT GAPS	ESTIMATED BUDGET	COMMENTS
Mogale	Total road network is 1200 km of which 120 km is gravel road	Backlog : 120 km <ul style="list-style-type: none"> <li>▪ Not catching up, with housing development projects, lack of appropriate alternative funding models.</li> <li>▪ Rehabilitation of roads requires additional funding</li> </ul>	<ul style="list-style-type: none"> <li>▪ R540m required to address backlog.</li> <li>▪ Current expenditure R27m per annum (MIG funding only) however over five years: R108m per annum required.</li> </ul>	Not sufficient budget available to address back log and continuous development  Mogale should be at 8% of total asset value – currently at 2% of budget utilized for maintenance.  Maintenance: Current (R19m) An amount of R55m required per annum for maintenance)
RWCLM	Total road network is 835 km of which 207 km is gravel/unpaved.	Insufficient budget	R675m required to address backlog over five years (Need R135m per annum for above).	Current expenditure R39m pa (MIG funding only) Construction of new roads. Randwest should be at 8% of total asset value – currently 2% of budget utilised for maintenance.)  Maintenance: R14m current year Maintenance budget required = R30m pa.

				Total Budget required over five years inclusive of new roads and stormwater systems/ rehabilitation of roads and installation of new infrastructure = R678,4m
Merafong	Total road network is 1092 km of which 385 km is gravel/ unpaved.	Insufficient budget Require alternative funding mechanism not just MIG programmes. Backlog is increasing. (Human settlement development must be inclusive of roads infrastructure – network planning to be dealt with by locals. Kokosi x6/ Khutsong Ext 5 - examples) Lack of involvement of other spheres of government Pothole, maintenance programme required	R375m required to address backlog	Current expenditure R25 - 30m per annum (MIG funding only) Merafong should be 8% of total asset value – currently at 2% of budget utilized for maintenance.  Estimated budget: If they are address backlog within 5 years – R90m per annum = 15 km (roads and stormwater) Maintenance: R30m required per financial year

<b>Regional Outcome 1: Basic Service Delivery Improvement</b>				
<b>Regional Output 1.1: Ensure Integrated Transport Planning</b>				
<b>Regional Sub Output 1.1.2: Transport Planning</b>				
<b>MUNI.</b>	<b>CURRENT STATUS QUO</b>	<b>CURRENT GAPS</b>	<b>ESTIMATED BUDGET</b>	<b>COMMENTS</b>
WRDM	Transport planning discipline assigned to district. No transport planning divisions at local level. Outdated ITP and outdated OLS/CPTR	Outdated DITP and LITP	R3,5m	WRDM prepares documentation on behalf of district and locals. Inclusive of OLS and CPTR
<b>Regional Outcome 1: Basic Service Delivery Improvement</b>				
<b>Regional Output 1.9: Reduce Outsourced Municipal Services</b>				
<b>Regional Sub Output 1.9.1: Identification and Implementation of Initiatives to reduce Outsourcing</b>				
<b>MUNI.</b>	<b>CURRENT STATUS QUO</b>	<b>CURRENT GAPS</b>	<b>ESTIMATED BUDGET</b>	<b>COMMENTS</b>
WRDM	No design capacity, project engineers, planning resources and archiving systems (GIS).	Development of a regional design centre project engineers, planning resources and archiving systems (GIS).	R15m pa	Ongoing training of design centre personnel
Mogale	Vacancy rate is a major constraint in meeting the service delivery demands	Vacancy per approved structure, approximately 35 %	R10m pa	Filling of vacant post to ensure reduction the use of external service providers and overtime reduction

RWCLM	Vacancy rate is a major constraint in meeting the service delivery demands	Vacancy per approved structure, approximately 50 %	R9m pa	Filling of vacant post to ensure reduction the use of external service providers and overtime reduction
<b>Regional Outcome 1: Basic Service Delivery Improvement</b>				
<b>Regional Output 1.10: Service Delivery Master Plans</b>				
<b>Regional Sub Output 1.10.1: Master Plans Development</b>				
<b>MUNI.</b>	<b>CURRENT STATUS QUO</b>	<b>CURRENT GAPS</b>	<b>ESTIMATED BUDGET</b>	<b>COMMENTS</b>
WRDM	Infrastructure Master Plan (2012)	Outdated information	R16m	Appointment of service provider to attend to Super Infrastructure Master Plan pending.
Mogale	<ul style="list-style-type: none"> <li>▪ Update and maintain Pavement Management System.</li> <li>▪ Currently in process of developing road infrastructure development plan.</li> <li>▪ Road and Stormwater Assets Management Plan in use.</li> </ul>	Develop, review and update of various applicable plans.	R4m	Plans and process to be aligned on regional level.
RWCLM	<ul style="list-style-type: none"> <li>▪ Outdated Infrastructure Master Plan, Pavement Management Plan and IQMS outdated.</li> <li>▪ No Roads and Stormwater Asset</li> </ul>	Develop, review and update of various applicable plans.	R6m	Plans and process to be aligned on regional level.

	Management Plan			
Merafong	No master plan in place. National currently having a consultant on site conducting studies for the development of a PMS	Absence of PMS making it difficult to plan for long term, having the data for design life span of assets	Funded directly by National Government	Expecting completion by June 2017.

### 1.9.2. Target/measures to be achieved over the next 5 years (Roads, Transport and Stormwater)

Regional Outcome 1: Basic Service Delivery Improvement					
Regional Output 1.1: Ensure Integrated Transport Planning					
Regional Sub Output 1.1.1: Road Maintenance

#### Plenary Comments / Feedback/ Recommendations

- a) SANRAL not included to control movement of trucks damaging our roads. No e-tolls eg, for N14
- b) How to improve access roads to basic services in communities
- c) Around insufficient funding as a risk to enable maintenance and construction of roads, consider how we improve funding without squeezing community pockets further since roads and stormwater is funded through property tax
- d) Roads have reached life span – need to probe how to recapitalise even though the roads may not be generating income.
- e) For planning purposes it is key to look at cross cutting function but are we capacitated adequately

#### 1.10. Human Settlement Commission (Development Strategy – Human Settlement)

The Human Settlement Commission focussed on the following Regional Outcomes, Outputs and Sub Outputs. Below is the inputs as received from the Commission.

- **Regional Outcome 9: Build Spatially Integrated Communities**
  - **Regional Output 9.1: Regionally Integrated Spatial Planning**
    - **Regional Sub Output 9.1.1:** Regional Updated Spatial Development Framework
    - **Regional Sub Output 9.1.2:** Provision of State Owned Land and Properties for Development
    - **Regional Sub Output 9.1.3:** Law Enforcement: Illegal Land Use
    - **Regional Sub Output 9.1.4:** Implementation of SPLUMA Regulatory Framework
    - **Regional Sub Output 9.1.5:** Building Controls
    - **Regional Sub Output 9.1.6:** Land Use Management
  - **Regional Output 9.2: Provision of Housing**
    - **Regional Sub Output 9.2.1:** Coordination of Housing Projects

## 1.10.1 Service Delivery Backlogs (Human Settlements)

<b>10 Regional Outcome 9: Build Spatially Integrated Communities</b>				
<b>Regional Output 9.1: Regionally Integrated Spatial Planning</b>				
<b>Regional Sub Output 9.1.1: Regional Updated Spatial Development Framework</b>				
<b>MUNI.</b>	<b>CURRENT STATUS QUO</b>	<b>CURRENT GAPS</b>	<b>ESTIMATED BUDGET</b>	<b>COMMENTS</b>
Regional SDF WRDM	Take cognisance of RWC merger  WRDM to take lead in process to ensure compliance to SPLUMA Guidelines, to take current comparatives in cognisance and new development initiatives / directions	Needs to be updated to GSDf2030, new Merger, etc.	In-house	Already adhere to SPLUMA Guidelines
Mogale	Process to appoint consultants – end March	Incorporation of different strategies	R655,000	Currently updating SDF
Merafong	2016-2021 Approved	Capital Expenditure Framework – incl. June 2018	In-house	Already adhere to SPLUMA Guidelines
RWCLM	Take cognisance of RWC (Westonaria & Randfontein) merger	Consolidating of the 2 previous Municipalities	R80,000	Already adhere to SPLUMA Guidelines – to accommodate Merger
<b>Regional Outcome 9: Build Spatially Integrated Communities</b>				
<b>Regional Output 9.1: Regionally Integrated Spatial Planning</b>				
<b>Regional Sub Output 9.1.2: Provision of State owned Land and Properties for Development</b>				
<b>MUNI.</b>	<b>CURRENT STATUS QUO</b>	<b>CURRENT GAPS</b>	<b>ESTIMATED BUDGET</b>	<b>COMMENTS</b>
Merafong	Public tenders invited for 173 vacant stands - 39 awarded	Dormant subserviced industrial land	.	Bulk Services and reticulation to be addressed
	Alienation of 15 church stands in process	None	N/A	Deeds of sales in process
	Mandate obtained to create 33	Budget constraints	R180,000	-

	additional church stands for subdivisions			
WRDM	District wide Land Audit	Frequency of Land Audit – previously done in 2014		District to take the lead
	Infrastructure Masterplan	Compile & Update district wide Infrastructure Masterplan		District to take the lead
	Engagement of Mines to make land available for Game Changers	<ul style="list-style-type: none"> <li>▪ Signed Agreements with Mines</li> <li>▪ Get decision makers of Mining Houses in discussions</li> <li>▪ Trade Unions involvement in discussions</li> </ul>		All land for Game Changer Projects to be added to SLPs

### Regional Outcome 9: Build Spatially Integrated Communities

#### Regional Output 9.1: Regionally Integrated Spatial Planning

#### Regional Sub Output 9.1.3: Law Enforcement: Illegal Land Use

MUNI.	CURRENT STATUS QUO	CURRENT GAPS	ESTIMATED BUDGET	COMMENTS
RWCLM	People refusing to take occupation of houses allocated to them	Lack of capacity to deal with illegal land Use (for all of the LMs)		Need to look into a uniform law-enforcement agencies across the region to deal with illegal land use operations Adherence to zoning must be executed without any exception
Merafong	Shack farming in Driefontein (see the attached copy)	Privately owned land is problematic		People not qualify stay on privately owned land

	Surveys conducted of illegal land uses	<ul style="list-style-type: none"> <li>• No uniform Town Planning Scheme in terms of SPLUMA</li> <li>• Limited capacity</li> </ul>	R2m	Application for funding assistance submitted to National Planning Division for development of LUMS
Mogale	Community Structures have been established to deal with by-law enforcement like block committees which are dysfunctional Public Safety patrols are conducted in public land	<ul style="list-style-type: none"> <li>• Area &amp; Block Committees are become law breakers</li> <li>• Privately owned land invasions</li> </ul>		Continues training of Area & Block Committees

### Regional Outcome 9: Build Spatially Integrated Communities

#### Regional Output 9.1: Regionally Integrated Spatial Planning

##### Regional Sub Output 9.1.4: Implementation of SPLUMA Regulatory Framework

MUNI.	CURRENT STATUS QUO	CURRENT GAPS	ESTIMATED BUDGET	COMMENTS
WRDM	Establishment of District/ Joint MPT process	<ul style="list-style-type: none"> <li>• Budgetary constraints from the LMs.</li> </ul>		All 3 LMs are currently in a process to finally promulgate their Bylaws. As the Model Bylaws, compiled by Messrs Kenna Consult, is forming the backbone of the 3 sets of Bylaws, these Bylaws will ensure that a standard of uniformity within the region will be achieved.
RWCLM	Promulgation of SPLUMA By-Laws	<ul style="list-style-type: none"> <li>• MDB decision ;</li> <li>• Budgetary constraints from the LMs.</li> </ul>		
Mogale	By-Laws promulgated			
Merafong	System of Delegations in place

Thusanang	Need to engage GDHS to finalise/resolve outstanding Technical issues to enable Township Establishment	GDHS	Possible partnership with the mine.	
Mohlakeng Hostel refurbishment	6 blocks of units refurbished	Refurbishment/ demolishing of Madala Hostel	GDHS	Awaiting funding from GDHS
Toekomsrus Ext 4	Township establishment underway on Sibanye Gold Mine land	Funding for installation of services	GDHS	Township approved by Council, EIA process completed, awaiting ROD
Merafong	Kokosi Ext 6 – 2 138 units	-	Provincial	Project is implemented by GDoHS. Planned completion date: 30 June 2017
Merafong	Khutsong Ext 5 & 6 – 515 services	-	R26,282m	Funds allocated in Provincial Adjustment Budget – December 2016. Funding agreement concluded. Procurement process in progress.

Merafong	Khutsong Ext 5 – 500 services (2017/2018)	-	R26m	Gazetting of funding awaited
Merafong	Khutsong Ext 5 – top structures (2017/2018)	-	R55m	Gazetting of funding awaited
<b>Mogale City</b> 1. Kagiso Extension 13	500 units completed & allocated, 223 units under construction ( 50 units allocated to the Military Veterans)	Upgrade the sewer line to cater for the expansion.	R39m	Project implemented through HDA
<b>Mogale City</b> 2. Chief Mogale	725 units completed in Phase 1, 552 RDP units and 405 Bonded stock under construction.	Main contractors to address issues of sub-contracting	GDHS / ABSA & MCLM	3 Contractors been appointed for RDP structures and ABSA to finalise appointment for Bonded stock.
3. Dr Sefularo Rural Housing	Installation of services and construction of 190 units for Phase 1 is underway.	Signing of Funding Agreement was delayed due to the appointment of the new MM. Require funding to erect and connection to sewer plant.	R39m	The signing of the Funding Agreement had since been resolved.
<b>Mogale City</b> 4. Dr Motlana	Installation of services and construction of 253 units is underway.	Signing of Funding Agreement was delayed due to the appointment of the new MM. Require funding to upgrade and connect to existing sewer line	R47m	The signing of the Funding Agreement had since been resolved.

**The following are Projects under Planning:**

<b>Mogale City</b> 1. Dr Sefularo Phase 2	All planning studies completed by MCLM, project awaiting approved by GDHS	Require funding to erect and connect to sewer plant.	.	It recommended that phase 2 be approved to make impact on Rural Housing.
--	---	--	---	--

2. Nooitgedacht (Refentse)	Planning studies still to be completed by GDHS.	Main issue here is the connection to bulk which is under CoJ.	.	GDHS to facilitate a meeting MCLM and CoJ to unlock the connection to bulk.
3. Honingklip	All planning studies completed by MCLM, project awaiting approved by GDHS	Require funding to erect and connect to sewer plant.	.	The project if implemented may bring a huge relief in terms of security of tenure within this area.
<b>Mogale City</b> 4. Ga- Mohale Ext (Vaalbank 81 & 82)	All planning studies completed by MCLM, project awaiting approved by GDHS	Acquisition of the adjacent portion 56 Vaalbank to consolidate the entire area.	.	GDHS to finalise the acquisition of portion 56 Vaalbank.
5. Ethembaletu phase 2	All planning studies completed, project awaiting approved by GDHS	Consolidation of the list for the MHTF.	.	N/A
6. Munsieville Ext 9	Had been put on hold pending enrolment with NHBRC.	GDHS to finalise procurement for road and storm water installation and the enrolment with NHBRC.	.	Speedy resolution on the project since it has been communicated to the public.

### Legacy Projects:

<b>Mogale City</b> 1. Kagiso Ext 12	The appointed contractor (incubator) has taken site and the project is underway.	Inconsistency with identified beneficiaries in making the project move faster.	.	Intervention of the ward councillor to unlock the challenges
2. Rietvallei phase	The project has stopped due to non-payments of the contractor to complete.	GDHS commitment to finalise the project.	.	GDHS must intervene to assist completion of the project.
3. Regularisation of Kagiso Ext 12	People occupying houses for a long time and not been the rightful owners due to illegal property exchange.	Not response from GDHS in redressing the matter.	.	MCLM had requested GDHS to intervention to regularise ownership of properties.

**Future Projects:**

<b>Mogale City</b> 1. Brickvalle (Tarlton)	MCLM had engaged GDHS to assist with acquisition of the land.	Funding for land and bulk infrastructure.	.	GDHS to finalise the acquisition of the land.
2. Millsite Development	MCLM engaged to with funders to assist with acquisition of the land.	Funding for land and bulk infrastructure.	.	N/A

**Hostel Projects:**

<b>Mogale City</b> Kagiso Hostel project	Phase 1 to convert of the hostel into family units	Phase 1 to convert of the hostel into family units	.	GDHS to finalise the phase1 and give clarity on phase 2.
---	--	--	---	--

**MEGA Projects:**

<b>Mogale City</b> 1. Leratong Mega Project	The Developer had submitted initial plans for phase for approval.	Funding bulk infrastructure and top structure.	.	The Developer needs to show commitment to initiate the project.
--	---	--	---	---

**NUSP Projects:**

<b>Mogale City</b> 1. NUSP	MCLM is currently working with HDA on identification of informal settlement for intervention.	n/a	4 settlements	The project is on track.
-------------------------------	---	-----	---------------	--------------------------

**Cross cutting measures to unlock funding:**

The WRDM endeavours to tap into the following sources of Human Settlement Funding during 2018/19:

- Distressed Mining Towns Fund
- HSDG
- Social Amenities Grant
- Integrated Residential Development Programme
- Institutional Housing Support
- Farm Residence Programme

Merafong	

### Plenary Comments / Feedback/ Recommendations

- a) On non-compliance to Shared services, there is need for a mind shift on how we implement and should not have issues around Powers and Functions
- b) Property management was not through agencies but region-wide and centralised at district and should remain as such
- c) Update actual progress on housing projects
- d) Has housing accreditation taken a back seat?
- e) Property development needs to run on its own
- f) We need to take advantage of the HDA grants
- g) Around the Planning Tribunal – understanding was that powers and functions are not a subject for discussion but already in effect as set own. Seemingly we have not yet come to terms with the fact that working towards as a Region. There is still localised vs. regional planning.
- h) Everything we plan should be founded on the land. Land issue is deemed as a risk but not mitigation plans are presented. Human settlement is now set down as a regional approach not localised.

### 1.11. Regional Re-industrialisation Commission (Development Strategy - Regional Re-industrialisation)

The Regional Re-industrialisation Commission focussed on the Following Regional Outcomes, Outputs and Sub Outputs. Below is the inputs as received from the Commission.

- **Regional Outcome 11: Reduced Unemployment**
  - **Regional Output 11.1: Promote Job Creation Initiatives**
    - **Regional Sub Output 11.1.1: Local Youth Employment Initiatives by Local Business**
    - **Regional Sub Output 11.1.2: Expand Community Works Programme**
    - **Regional Sub Output 11.1.3: NDP Programme**
    - **Regional Sub Output 11.1.4: Job Creation through LED Initiatives**

- **Regional Outcome 12: Economic Development**
  - **Regional Output 12.1: Promote Regional Economic Development and Growth**
    - **Regional Sub Output 12.1.1: Diversification of Economic Base**
    - **Regional Sub Output 12.1.2: Expand Broad Band Access**
    - **Regional Sub Output 12.1.3: Farmer Support Initiatives**
    - **Regional Sub Output 12.1.4: Provision of Land to enable Economic Growth, Settlement of Communities and Urbanisation**
    - **Regional Sub Output 12.1.5: SMME Support Programmes**
  - **Regional Output 12.2: Stimulate Tourism, Township and Local Economy**
    - **Regional Sub Output 12.2.1: Local Procurement of Goods and Services**
    - **Regional Sub Output 12.2.2: LED Programmes**
    - **Regional Sub Output 12.2.3: Sustainable Tourism Economy**
    - **Regional Sub Output 12.2.4: Agriparks Programme**

## Input and perspective from Department of Rural Development and Land Reform.

### District Rural Development Plan

The Department of Rural Development and Land Reform developed the West Rand District Rural Development Plan not only as an integrated, strategic plan for the rural areas of the district, but also as an attempt at not just shallowly looking at rural areas as “places of farming, isolation, marginalisation, poverty, and/or despair.” It looks at these areas as for-far-too-long-forgotten zones of huge opportunities for economic activities; job creation, a quality of life and a decent chance at life for all that live in them. In support of this decidedly “opportunity-centred approach”, the Department of Rural Development and Land Reform introduced a number of novel rural development concepts, notably those of “functional regional rural zones”, “rural design” and “transit-orientated rural development”.

While commissioned by the DRDLR, this plan is not intended to be implemented solely by the Department. Instead it is a **framework** within which (1) national and provincial departments and the municipalities in the district, (2) communities and their representatives, and (3) private sector stakeholders, can engage and deliberate shared challenges they face, the prospects on offer, and collectively map ways forward in which all those living in the rural parts of the West Rand District, can make a life, have a place in life and live a dignified and meaningful life.

The plan was conceived, prepared and refined over the course of a two-year period through (1) extensive and intensive data gathering, site visits and analysis of and integration and harmonisation with the legislation, policies, strategies, plans, frameworks, programmes and projects of national and provincial government departments and municipalities.

The key West Rand Rural Development Plan outcomes and components are: (1) a set of three Functional Rural Regions spanning the West Rand District and in some cases “functionally-tied” to neighbouring districts; (2) a set of three templates, one per functional rural region, for ease of use in intergovernmental planning, budgeting and implementation scheduling sessions; (3) a set of significant quick gain actions to be undertaken in the West Rand District to meet government’s overarching objective of addressing the triple challenges of inequality, poverty and unemployment facing the district. It also contributes to the realisation of Outcome 7 by:

- Transforming rural nodes into high-potency, catalytic regional rural development anchors and rural service centres;
- Expanding large and small-scale farming and supporting farmers and associated agro-processing through the Agri-parks
- Enabling and supporting Transit-Oriented Rural Development (TORD) along suitable provincial routes; and
- Strengthening and deepening natural systems-based tourism in the district

Even though the implementation of the plan rests on the enthusiastic, sustained and collaborative efforts by a wide range of stakeholders and role-players, the following actions are important:

- Regular engagement with the relevant stakeholders in and outside the district
- Lobbying and influencing other stakeholders and role-players for the inclusion of the West Rand Rural Development Plan objectives, concepts and ideas in plans, frameworks, policies and strategies that have an impact on rural development in the province;
- Aligning proposed plans, policies and strategies in the DRDLR with those of other spheres and sectors of government;;
- Populating and regularly updating the GIS database with all relevant information, notably around projects and programmes; and
- Keeping an eye open for new national, provincial and municipal legislation, policies, plans, frameworks, strategies and programmes that may have an impact on rural development in the district, and informing, as and where necessary, the other units in the department of such documents.

The Department plans to use the Agri-Park as a catalytic program for the development of rural West Rand district. The Agri-Park consists of an Agri-Hub in Brandvlei and four Farmer Production Support Units in Tarlton, Magaliesburg, Bekkersdal and Merafong Local Municipality. An 800sqm warehouse is currently under construction in Bekkersdal. In Tarlton, construction of 20 tunnels are in progress in addition to the 10 completed by GDARD.

It is the Department's view that, should all stakeholders and key role players play their unique roles, there is every chance that the plan could make a real difference for the better to the lives of those living in rural West Rand District.

### 1.11.3. Game Changers / Strategic Projects (Regional Re-industrialisation)

### Plenary Comments / Feedback/ Recommendations

- a) Update status quo on the appropriation of land.
- b) No corridor profiling – how are we attracting investors?
- c) Also consider Gauteng at work and what came through from the recent SOPA in terms of job creation
- d) Give due attention to the neighbourhood issues
- e) Engage companies on potential for rebates for employing the youth
- f) Profile investment opportunities and investment scheme
- g) Consider standardisation of policies at regional level
- h) Consider management of EPWPs to be centralised at district level. Standardise in terms of incentives
- i) Introduce district wide LED strategies eg. LED Unit vs. Agency.
- j) Nothing presented on clothing and textiles
- k) Consider other opportunities eg. Abattoir in region not being supplied by locals yet we have land that could be used for grazing
- l) Consider opportunities in tourism marketing, leveraging on the international awareness of Maropeng

- m) What is the status quo of small projects and the revitalisation of the township economy as well as the 30% procurement from local SMMEs. There is even possibilities for exporting SMME's goods.
- n) Neighbourhood Development Plan Grant (NDPG) to Mogale reported at R73m but only aware of R46m; apparently withdrawn by National Treasury because of lack NDP planning
- o) Consider opportunities with steel companies.
- p) Can the incubation system of small businesses in Mogale be shared across Municipalities?
- q) How can we benefit from the bus company in the region?

## 1.12. Community Services Commission (Development Strategy – Community Services)

### 1.12.1 Public Safety

Public Safety focussed on the following Regional Outcomes, Outputs and Sub Outputs. Below is the inputs as received from the Commission.

- **Regional Outcome 5:** Safe Communities
  - **Regional Output 5.1:** People in the West Rand are and Feel Safe
    - **Regional Sub Output 5.1.1:** Public and Community Safety
    - **Regional Sub Output 5.1.2:** Licensing
    - **Regional Sub Output 5.1.3:** Community Visibility: Street Lightings and Signs
    - **Regional Sub Output 5.1.4:** Law Enforcement: Illegal Dumping
    - **Regional Sub Output 5.1.5:** Law Enforcement: Illegal Trading
    - **Regional Sub Output 5.1.6:** End Violence against Women and Children

Regional Output 5.1: People in the West Rand are and Feel Safe	
Regional Sub Output 5.1.1: Public and Community Safety	
Municipality	Key Risks and Challenges
Regional	Legislative constraints,
	Resources constraints (funding, personnel, equipment, etc.),
	Administrative continuity, (erosion of institutional memory)
	Commitment by all stakeholders
	Unfunded mandates
Regional Outcome 5: Safe Communities	
Regional Output 5.1: People in the West Rand are and Feel Safe	
Regional Sub Output 5.1.2: Licensing	
Municipality	Key Risks and Challenges
Regional	Fraud & Corruption (issuing of licenses)
	Ineffective, continued supervision/supervision over licensing activities by Provincial Inspectorate

Regional Outcome 5: Safe Communities	
Regional Output 5.1: People in the West Rand are and Feel Safe	
Regional Sub Output 5.1.3: Community Visibility: Street Lightings and Signs	
Municipality	Key Risks and Challenges
Regional	Community protests
	Attack to political leaders and officers as a result of delayed responses
	Damage to property
Regional Outcome 5: Safe Communities	
Regional Output 5.1: People in the West Rand are and Feel Safe	

<b>Regional Sub Output 5.1.4: Law Enforcement: Illegal Dumping</b>	
<b>Municipality</b>	<b>Key Risks and Challenges</b>
Regional	Resources constraints
	Lack cooperation from other stakeholders
<b>Regional Outcome 5: Safe Communities</b>	
<b>Regional Output 5.1: People in the West Rand are and Feel Safe</b>	
<b>Regional Sub Output 5.1.5: Law Enforcement: Illegal Trading</b>	
<b>Municipality</b>	<b>Key Risks and Challenges</b>
Regional	Threat to formal traders
<b>Regional Outcome 5: Safe Communities</b>	
<b>Regional Output 5.1: People in the West Rand are and Feel Safe</b>	
<b>Regional Sub Output 5.1.6: End Violence against Women and Children</b>	
<b>Municipality</b>	<b>Key Risks and Challenges</b>
Regional	Lack incident reporting
	Adequate and effective response to incidents of similar nature

#### 1.12.1.5 General Comments / Requests (Public Safety)

<b>Outcome 5: Safe Communities</b>	
<b>Output 5.1: People in the West Rand are and Feel Safe</b>	
<b>Sub Output 5.1.1: Public and Community Safety</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
Regional	More resources, establishment of Satellite offices
	Initiating engagement with an endeavour to establish a Metro Police Department in 2021
	Regionalization of all procurements processes of traffic fleet, traffic uniforms to be facilitated by the WRDM for all municipalities in the region
	Municipalities are encouraged to contribute towards the strengthening of the rendering of fire brigade services in the region

<b>Outcome 5: Safe Communities</b>	
<b>Output 5.1: People in the West Rand are and Feel Safe</b>	
<b>Sub Output 5.1.2: Licensing</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
Regional	Revision of agreement between province and municipalities
<b>Outcome 5: Safe Communities</b>	
<b>Output 5.1: People in the West Rand are and Feel Safe</b>	
<b>Sub Output 5.1.3: Community Visibility: Street Lightings and Signs</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
Regional	Engagement with relevant department to address the identified shortfalls
<b>Outcome 5: Safe Communities</b>	
<b>Output 5.1: People in the West Rand are and Feel Safe</b>	
<b>Sub Output 5.1.4: Law Enforcement: Illegal Dumping</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
Regional	Courts not considering illegal dumping as a priority crime therefore little if no attention is given
<b>Outcome 5: Safe Communities</b>	
<b>Output 5.1: People in the West Rand are and Feel Safe</b>	
<b>Sub Output 5.1.6: End Violence against Women and Children</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
Regional	The programme on 16 days of activism on violence against women and children be conducted throughout the year

#### **Plenary Comments / Feedback/ Recommendations**

- a) How do you intend to mobilise resources?
- b) Report on the establishment of a training academy based on our renowned disaster management expertise nationally and internationally
- c) Report on fighting crime, fraud and corruption with emphasis on joint operations on drug syndicates and human trafficking

### 1.12.2. Community Services: Health & Social Development

The Health and Social Development Commission focussed on the following Regional Outcomes, Outputs and Sub-Outputs.

- **Regional Outcome 6:** Educated Communities
  - **Regional Output 6.1:** Improved Basic Education in the West Rand
    - **Regional Sub Output 6.1.1:** Early Childhood Development Programmes
    - **Regional Sub Output 6.1.2:** Community Based Learning and Teaching Campaigns
    - **Regional Sub Output 6.1.3:** Resourced Learning Centres (Libraries)
    - **Regional Sub Output 6.1.4:** Initiatives to enable Community Owned Infrastructure
- **Regional Outcome 7:** Healthy Communities
  - **Regional Output 7.1:** Improved Basic Education in the West Rand
    - **Regional Sub Output 7.1.1:** Coordinate Health Infrastructure Establishments and Maintenance
    - **Regional Sub Output 7.1.2:** Promote Health Check Campaigns and Participation
    - **Regional Sub Output 7.1.3:** Strengthen Health Programme: HIV, TB, and Dread Diseases
    - **Regional Sub Output 7.1.4:** Municipal Health Services
- **Regional Outcome 10:** Healthy Communities
  - **Regional Output 10.1:** Establish a Socially Cohesive West Rand Community
    - **Regional Sub Output 10.1.1:** Implement Social Cohesion Initiatives / Programmes
    - **Regional Sub Output 10.1.2:** Establish Shared Community Centres & Promotion of Social Cohesion

<b>Regional Outcome 6: Educated Communities</b>	
<b>Regional Output 6.1: Improved Basic Education in the West Rand</b>	
<b>Regional Sub Output 6.1.1: Early Childhood Development Programmes</b>	
<b>Municipality</b>	<b>Key Risks and Challenges</b>
WRDM	<ul style="list-style-type: none"> <li>▪ Shortage of EHPs that compromise frequency of inspections and training on legislative prescripts;</li> <li>▪ Financial constraints to support the ECDCs</li> </ul>
Mogale	Financial constraints to support ECDC programmes and training
Randwest	Financial constraints to appoint social workers
Merafong	No social workers or assistance not in municipal structure
<b>Regional Outcome 6: Educated Communities</b>	
<b>Regional Output 6.1: Improved Basic Education in the West Rand</b>	
<b>Regional Sub Output 6.1.2: Community Based Learning and Teaching Campaigns</b>	
<b>Municipality</b>	<b>Key Risks and Challenges</b>
WRDM	<ul style="list-style-type: none"> <li>▪ Financial constraints,</li> <li>▪ Capacity of the existing federations,</li> <li>▪ Absence of Federations in some municipalities</li> <li>▪ The different tariffs for use of municipal sports grounds by different clubs</li> <li>▪ The distance from home to sports grounds for training. Children are exposed to risks after school due to lack of supervision hence the need for aftercare.</li> </ul>

<b>Regional Outcome 6: Educated Communities</b>	
<b>Regional Output 6.1: Improved Basic Education in the West Rand</b>	
<b>Regional Sub Output 6.1.3: Resourced Learning Centres (Libraries)</b>	
<b>Municipality</b>	<b>Key Risks and Challenges</b>
WRDM	Stealing of network cables
<b>Regional Outcome 6: Educated Communities</b>	
<b>Regional Output 6.1: Improved Basic Education in the West Rand</b>	
<b>Regional Sub Output 6.1.4: Initiatives to enable Community Owned Infrastructure</b>	
<b>Municipality</b>	<b>Key Risks and Challenges</b>
WRDM	The delay in establishing management structures due to conflict among ECDCs managers as to who is going to be the head of that new institution, financial management etc.
All Municipalities	<ul style="list-style-type: none"> <li>▪ Operational inefficiencies as a result of disputed ownership between municipalities and DSD province regarding completed facilities.</li> <li>▪ Social Services has no control of maintenance plan as the budget within Infrastructure Services remains</li> </ul>
<b>Regional Outcome 7: Healthy Communities</b>	
<b>Regional Output 7.1: Promotion of Health Services within West Rand Communities</b>	
<b>Regional Sub Output 7.1.1: Coordinate Health Infrastructure Establishment and Maintenance</b>	
<b>Municipality</b>	<b>Key Risks and Challenges</b>
WRDM	Delayed payments of contractors by government departments
<b>Regional Outcome 7: Healthy Communities</b>	
<b>Regional Output 7.1: Promotion of Health Services within West Rand Communities</b>	
<b>Regional Sub Output 7.1.2: Promote Health Check Campaigns and Participation</b>	
<b>Municipality</b>	<b>Key Risks and Challenges</b>
WRDM	<ul style="list-style-type: none"> <li>▪ Different stipend to those paid by province</li> <li>▪ Community Health Care workers' expectation to be absorbed as permanent employees across all municipalities.</li> <li>▪ Province should advocate same stipends and provide grant funding</li> </ul>

<b>Regional Outcome 7: Healthy Communities</b>	
<b>Regional Output 7.1: Promotion of Health Services within West Rand Communities</b>	
<b>Regional Sub Output 7.1.3: Strengthen Health Programmes: HIV, TB and Dread Diseases</b>	
<b>Municipality</b>	<b>Key Risks and Challenges</b>
WRDM	<ul style="list-style-type: none"> <li>▪ Substance abuse that affect thinking straight thus not protecting themselves</li> <li>▪ Safety of the volunteers during door to door campaigns</li> <li>▪ Burden on health system leading to budget constraints.</li> <li>▪ Requires sufficient budgeting from province</li> </ul>
<b>Regional Outcome 7: Healthy Communities</b>	
<b>Regional Output 7.1: Promotion of Health Services within West Rand Communities</b>	
<b>Regional Sub Output 7.1.4: Municipal Health Services</b>	
<b>Municipality</b>	<b>Key Risks and Challenges</b>
WRDM	<ul style="list-style-type: none"> <li>▪ Non-compliance to SANS by institutions</li> <li>▪ Staff shortage to provide the level of services required.</li> </ul>

<b>Regional Outcome 10: Socially Cohesive Communities</b>	
<b>Regional Output 10.1: Establish a Socially Cohesive West Rand Community</b>	
<b>Regional Sub Output 10.1.1: Implement Social Cohesion</b>	
<b>Municipality</b>	<b>Key Risks and Challenges</b>
WRDM and its constituent municipalities	<ul style="list-style-type: none"> <li>▪ Insufficient to none funding of all sports, art, culture, and heritage programmes by all municipalities</li> <li>▪ Insufficient funding.</li> <li>▪ Poor maintenance of facilities for activities.</li> <li>▪ Community demand for utilization of facilities.</li> </ul>
<b>Regional Outcome 10: Socially Cohesive Communities</b>	
<b>Regional Output 10.1: Establish a Socially Cohesive West Rand Community</b>	
<b>Regional Sub Output 10.1.2: Establish Shared Community Centres &amp; Promotion of Social Cohesion</b>	
<b>Municipality</b>	<b>Key Risks and Challenges</b>

WRDM and its constituent municipalities	<ul style="list-style-type: none"> <li>▪ Insufficient to none funding of all sports, art, culture, and heritage programmes by all municipalities</li> <li>▪ Sustainability of the Heritage event due to non-contribution by all municipalities</li> <li>▪ Insufficient funding</li> <li>▪ Poor maintenance of facilities for activities</li> <li>▪ Community demand for utilization of facilities</li> </ul>

#### 1.12.2.5. General Comments / Requests (Health and Social Development)

<b>Outcome 6: Educated Communities</b>	
<b>Output 6.1: Improved Basic Education in the West Rand</b>	
<b>Sub Output 6.1.1: Early Childhood Development Programmes</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
WRDM	<ul style="list-style-type: none"> <li>▪ Request for conducting the section 78 (MSA) assessment of MHS and other services to inform budgets</li> <li>▪ Rand West City and Mogale City to be engaged on secondment of their social workers to serve other areas of need</li> <li>▪ Review and increase of social workers be treated with urgency.</li> <li>▪ The current social work capacity in Mogale City is not adequate to serve its own area. Therefore priority should be to ensure employment of more social workers to serve the West Rand.</li> </ul>
<b>Outcome 6: Educated Communities</b>	
<b>Output 6.1: Improved Basic Education in the West Rand</b>	
<b>Sub Output 6.1.2: Community Based Learning and Teaching Campaigns</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
WRDM	<ul style="list-style-type: none"> <li>▪ Allocation of budget for supporting clubs with training (administration of a clubs) and for tournaments</li> <li>▪ Financial assistance if a club does well and has to travel outside the province or country.</li> <li>▪ All municipalities support by allocating budget for aftercare programmes for development and safety of children and young people.</li> <li>▪ Increase budget provision for bursaries by all municipalities.</li> <li>▪ Establishment and sustainable support to community based reading clubs</li> </ul>

<b>Outcome 6: Educated Communities</b>	
<b>Output 6.1: Improved Basic Education in the West Rand</b>	
<b>Sub Output 6.1.3: Resourced Learning Centres (Libraries)</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
WRDM	<ul style="list-style-type: none"> <li>▪ Submission of business plan to Department of Sports, Arts, Culture and Recreation for extension of the networks for Broadband by WRDM;</li> <li>▪ Request 100% funding for library services.</li> <li>▪ Continued support from Department of Sports; Arts; Culture and recreation for Library infrastructure and books for all constituent municipality.</li> <li>▪ Finalisation of Assignment of Library &amp; Information Services</li> </ul>
<b>Outcome 6: Educated Communities</b>	
<b>Output 6.1: Improved Basic Education in the West Rand</b>	
<b>Sub Output 6.1.4: Initiatives to enable Community Owned Infrastructure</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
WRDM	The protection of those facilities by communities

<b>Outcome 7: Healthy Communities</b>	
<b>Output 7.1: Promotion of Health Services within West Rand Communities</b>	
<b>Sub Output 7.1.1: Coordinate Health Infrastructure Establishments and Maintenance</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
WRDM	Department of Health provides updates of all construction phases of all clinics and maintenance planned quarterly during the District Health Council meetings
All Municipalities	Primary Healthcare has been provincialized however the buildings still belong to municipalities. It has been a challenge since 2010 for all municipalities to get the department of Health to sign lease or transfer agreements on the utilization of clinics.

<b>Outcome 7: Healthy Communities</b>	
<b>Output 7.1: Promotion of Health Services within West Rand Communities</b>	
<b>Sub Output 7.1.2: Promote Health Check Campaigns and Participation</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
WRDM	The District Health Council uses its powers to advocate for the same stipend across the province
<b>Outcome 7: Healthy Communities</b>	
<b>Output 7.1: Promotion of Health Services within West Rand Communities</b>	
<b>Sub Output 7.1.3: Strengthen Health Programmes: HIV, TB and Dread Diseases</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
WRDM	<ul style="list-style-type: none"> <li>▪ HIV, TB, and other dreaded diseases is everybody's business</li> <li>▪ Increase of volunteers stipend to sustain community empowerment on all health issues</li> </ul>
<b>Outcome 7: Healthy Communities</b>	
<b>Output 7.1: Promotion of Health Services within West Rand Communities</b>	
<b>Sub Output 7.1.4: Municipal Health Services</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
WRDM	Appointment of a service provider to conduct the Section 78 assessment of services for budgeting purposes
<b>Outcome 10: Socially Cohesive Communities</b>	
<b>Output 10.1: Establish a Socially Cohesive West Rand Community</b>	
<b>Sub Output 10.1.1: Implement Social Cohesion Initiatives / Programmes</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
WRDM and its constituent municipalities	<ul style="list-style-type: none"> <li>▪ Request that all municipalities support financially all sports, art, culture and heritage programmes.</li> </ul>

<b>Outcome 10: Socially Cohesive Communities</b>	
<b>Output 10.1: Establish a Socially Cohesive West Rand Community</b>	
<b>Sub Output 10.1.2: Establish Shared Community Centres &amp; Promotion of Social Cohesion</b>	
<b>Municipality</b>	<b>General Comments/ Requests</b>
WRDM and its constituent	<ul style="list-style-type: none"> <li>▪ Request that all municipalities supports financially all sports, art, culture and heritage programmes</li> <li>▪ The support of National Arts and Culture through Gauteng Film Commission to support West Rand by building Film and Music Studios in the 3 local municipalities.</li> <li>▪ That through engagement with mines, they support the building of at least</li> <li>▪ 1 500 seater theatre in West Rand to promote the various art activities.</li> <li>▪ The Gauteng department of Sports, Art and Culture supports the West Rand with Outdoor screens to watch sports at one stadium or selected park per municipality.</li> <li>▪ That through engagement with mines, they support the West Rand with one Gig Truck that will assist in promotion of social cohesion activities.</li> </ul>

#### **Plenary Comments / Feedback/ Recommendations**

- a) Need to resuscitate the National Heritage Council
- b) Report on the issue of non-functional ECD's
- c) What are the strategies around 'Blessers' and their contribution to HIV/AIDS?
- d) What are the strategies around HIV/AIDS related to migrant workers being in a mining area
- e) Introduce fitness programmes in communities and the workplace
- f) Follow the development of children from ECDs upwards in terms of identifying home grown talent and general scouting for local talent
- g) Promote local leagues to nurture talent
- h) Engage mines on sponsoring sporting events
- i) Consider extending the Go-West to be a month long. Maybe also include complimentary benefits e.g free entry to Maropeng and the deepest mine for attendees.
- j) How do we ensure we increase benefits from Go-West to the people of the west rand?
- k) Incorporate the film industry in the Go-West package
- l) Be leaders of integrity who are incorruptible around non-compliance issue

### 1.13. Environment Management Commission (Development Strategy – Environmental Management)

The Environment Management Commission focussed on the following Regional Outcomes, Outputs and Sub-Outputs. Below are the outputs as received from the Commission.

- **Regional Outcome 1:** Basic Service Delivery Improvement
  - **Regional Output 1.6:** Embed Green IQ Strategic Blueprint
    - **Regional Sub Output 1.6.1:** Develop and Implement Climate Change Strategy
- **Regional Outcome 8:** Sustainable Environment
  - **Regional Output 8.1:** Embed Green IQ Strategic Blueprint
    - **Regional Sub Output 8.1.1:** Develop and Implement Climate Change Strategy
    - **Regional Sub Output 8.1.2:** Build Capability to Manage Climate Change Disasters
    - **Regional Sub Output 8.1.3:** Develop and Implement Innovative Technologies and Renewable Energy Sources
    - **Regional Sub Output 8.1.4:** Air Quality and Environmental Compliance
    - **Regional Sub Output 8.1.5:** Open Space Management

#### .13.1. Service Delivery Backlog (Environmental Management)

Regional Outcome 1: Basic Service Delivery Improvement				
Regional Output 1.6: Provision of Quality and Reliable Sanitation and Waste Management				
Regional Sub Output 1.6.1: Waste Management				
MUNI.	CURRENT STATUS QUO	CURRENT GAPS	ESTIMATED BUDGET	COMMENTS
Merafong	<ul style="list-style-type: none"> <li>▪ 30 514 Households in the Formal areas have access to weekly kerbside waste collection</li> </ul>	<ul style="list-style-type: none"> <li>▪ ±2 138 households (New Developments)</li> </ul>	R3m is required for acquisition of Wheelie bins.	Wheelie Bins should be purchased.
	<ul style="list-style-type: none"> <li>▪ 18 000 Households in the Informal areas have no access to waste collection.</li> <li>▪ Waste Collection Strategy for the Informal Areas has been developed and approved by Council.</li> </ul>	<ul style="list-style-type: none"> <li>▪ Strategy not implemented due to lack of funding.</li> <li>▪ Insufficient funds for trucks &amp; landfill compactors</li> </ul>	R35m for implementation of the Strategy for a three year period.	Target/measure as set in the National Waste Management Strategy couldn't be achieved.

Municipality	General Comments/ Requests
WRDM	Funding, technical support and partnerships with other stakeholders Ensure synergy in IGR planning
Mogale	Funding, technical support and partnerships with other stakeholders Ensure synergy in IGR planning
RWCLM	Funding, technical support and partnerships with other stakeholders Ensure synergy in IGR planning
Merafong	Funding, technical support and partnerships with other stakeholders Ensure synergy in IGR planning
<b>Outcome 8: Sustainable Environment</b>	
<b>Output 8.1: Embed Green IQ Strategic Blueprint</b>	
<b>Sub Output 8.1.5: Open Space Management</b>	
Municipality	General Comments/ Requests
WRDM	Resources will be needed
Mogale	Budget
Randwest	Resources will be needed
Merafong	Resources will be needed

#### Plenary Comments / Feedback/ Recommendations

- What are the strategies around problem of mine dumps?
- What are the strategies around pollution levels in dams?
- Consider alternative burial methods around District cemeteries

#### 1.14. Consolidated Support Services Dashboard (Development Strategy – Support Services)

<b>Regional Outcome 2: Accountable Municipal Administration</b>				
<b>What is the level of effectiveness and efficiency of our Governance Systems and Processes? (H,M,L)</b>				
	<b>WRDM</b>	<b>Mogale</b>	<b>Randwest</b>	<b>Merafong</b>
Commission 1: Electricity		Low	Medium	Medium
Commission 2: Water and Sanitation		Medium	Low	Low
Commission 3: Roads, Transport and Storm water	Medium	Medium	Medium	Medium
Commission 4: Human Settlement	High	High	High	High
Commission 5: Regional Re-Industrialisation	Medium	Medium	Medium	Medium
Commission 6: Community Services: Public Safety	Medium			

Commission 6: Community Services: Health and Social Development	High	High	Medium	Medium
Commission 7: Environment Management	Medium	Medium	Medium	Medium

<b>Regional Outcome 3: Skilled, Capacitated, Competent and Motivated Workforce</b>				
<b>What is the level of skills gaps (H, M, L)?</b>				
	<b>WRDM</b>	<b>Mogale</b>	<b>Randwest</b>	<b>Merafong</b>
Commission 1: Electricity	High	Medium	High	
Commission 2: Water and Sanitation	High	High	High	High
Commission 3: Roads, Transport and Storm water	High	High	High	High
Commission 4: Human Settlement	Medium	Medium	Medium	Medium
Commission 5: Regional Re-Industrialisation	Low	Low	Medium	Medium
Commission 6: Community Services: Public Safety	Low			
Commission 6: Community Services: Health and Social Development	Low			
Commission 7: Environment Management	Medium	Medium	Low	Low

<b>What is the level of employee morale within the function? (H,M, L)</b>				
	<b>WRDM</b>	<b>Mogale</b>	<b>Randwest</b>	<b>Merafong</b>
Commission 1: Electricity		Medium	Medium	
Commission 2: Water and Sanitation	Low	Low	Low	Low
Commission 3: Roads, Transport and Storm water	Low	Low	Low	Low

Commission 5: Regional Re-Industrialisation	Medium	Medium	Low	Medium
Commission 6: Community Services: Public Safety	Low			
Commission 6: Community Services: Health and Social Development	Medium	Low	Low	Medium
Commission 7: Environment Management	Medium		Low	Low

<b>Regional Outcome 4: Ethical Administration &amp; Good Governance</b>				
<b>What is the level of Ethical Administration? (H,M,L)</b>				
	<b>WRDM</b>	<b>Mogale</b>	<b>Randwest</b>	<b>Merafong</b>
Commission 1: Electricity	Medium	Medium	Medium	
Commission 2: Water and Sanitation	High	Medium	Medium	Low
Commission 3: Roads, Transport and Storm water	High	Medium	Medium	Medium
Commission 4: Human Settlement	Medium	Medium	Medium	Medium
Commission 5: Regional Re- Industrialisation	Medium	Medium	Medium	Medium
Commission 6: Community Services: Public Safety	Medium			

Commission 6: Community Services: Health and Social Development	High	High	Medium	High
Commission 7: Environment Management	Medium	Medium	Medium	Medium

<b>Regional Outcome 13: Robust Financial Administration</b>				
<b>What is the level of robustness of Internal Controls within the function? (H,M,L)</b>				
	<b>WRDM</b>	<b>Mogale</b>	<b>Randwest</b>	<b>Merafong</b>
Commission 1: Electricity	Medium	Medium	High	
Commission 2: Water and Sanitation	Medium	Low	Medium	Low
Commission 3: Roads, Transport and Storm water	Medium	Low	Low	Low
Commission 4: Human Settlement	Medium	Medium	Medium	Medium
Commission 5: Regional Re- Industrialisation	Medium	Medium	Medium	Medium
Commission 6: Community Services: Public Safety	Medium			
Commission 6: Community Services: Health and Social Development	High	High	Medium	High
Commission 7: Environment Management	Medium		Low	Low

<b>What is the Material Issues affecting Clean Audit Opinion?</b>				
	<b>WRDM</b>	<b>Mogale</b>	<b>Randwest</b>	<b>Merafong</b>
Commission 1: Electricity		Sharing resources & information	Sharing resources & information	
Commission 2: Water and Sanitation	Inadequate Controls over Bank	Supply Chain Management	Supply Chain and Fixed Asset	Non-compliance with MFMA
Commission 3: Roads, Transport and Stormwater	n/a	n/a	Insufficient Internal Controls	n/a
Commission 4: Human Settlement	<ol style="list-style-type: none"> <li>1. Assets,</li> <li>2. Accuracy of reports,</li> <li>3. The attitude of the AG,</li> <li>4. Insufficient Management response</li> </ol>			
Commission 5: Regional Re- Industrialisation			Compliance – not meeting set Target/measures	
Commission 6: Community Services: Public Safety	Compliance to legal policy requirements			
Commission 6: Community Services: Health and Social Development	Municipalities not honouring what was committed to be paid to district therefore affecting	Not applicable as they had clean audit in the past two financial years	Merger of the two municipalities into one.	

	WRDM's budget			
Commission 7: Environment Management	Poor Planning			

<b>Regional Outcome 14: Institutional Planning and Transformation</b>				
<b>What are the opportunities for Shared Services?</b>				
	<b>WRDM</b>	<b>Mogale</b>	<b>Randwest</b>	<b>Merafong</b>
Commission 1: Electricity		Sharing resources & information	Sharing resources & information	
Commission 2: Water and Sanitation	<ol style="list-style-type: none"> <li>1. Central Planning in IDP, Single Water Services Authority, central co-ordination, better control, improved skill pool, resource sharing (skill, finance)</li> <li>2. Cost savings (negotiate with service providers)</li> </ol>			
Commission 3: Roads, Transport and Storm water	<ol style="list-style-type: none"> <li>1. Policy development and frameworks (Road Master Plan/ Pavement Management etc.)</li> <li>2. Preparation of by-laws</li> <li>3. Setting of norms and standards</li> <li>4. Regional planning and design –road network planning</li> <li>5. Project Management Office: Higher order support and quality assurance</li> <li>6. Supply Chain: Procurement of service providers(consultants) on regional level with contractors and sub-contractors on local level</li> <li>7. Standardization and economies of scale (products and services) – sourcing of heavy duty machinery on regional level</li> </ol>			
Commission 4: Human Settlement	In response to lack of land within the region, there are greater opportunities for Shared Services			
Commission 5: Regional Re-Industrialisation	Highly supported as it can result in costs saving	Moderate support	Skills	
Commission 6: Community Services: Public Safety	Highly supported as it can result in costs saving			
Commission 6: Community Services: Health and Social Development	MHS, Sports, Art and Culture and Social Development programmes			
Commission 7: Environment Management	Centralised procurement system			

<b>What are the Critical ICT Requirements to enhance?</b>				
	<b>WRDM</b>	<b>Mogale</b>	<b>Randwest</b>	<b>Merafong</b>
Commission 1: Electricity		Sharing resources & information	Sharing resources & information	
Commission 2: Water and Sanitation	<ol style="list-style-type: none"> <li>1. Common EPMS</li> <li>2. Common Server accessible to all.</li> <li>3. Telemetry system</li> </ol>			

	<ol style="list-style-type: none"> <li>4. Leak detection,</li> <li>5. Early warning system</li> <li>6. GIS</li> </ol>
--	---

What are the Critical ICT Requirements to enhance?				
	WRDM	Mogale	Randwest	Merafong
Commission 3: Roads, Transport and Storm water	Integrated GIS System (To be inclusive of all relevant sector departments / institutions information e.g., housing developments, clinics, NMT infrastructure, environmental policies / constraints, geotechnical information, population densities, game changer projects and other flag projects, BRT routes of neighbouring municipalities, etc.)	Integrated GIS System (Full civil design office systems)		

What are the Critical ICT Requirements to enhance?				
	WRDM	Mogale	Randwest	Merafong
Commission 4: Human Settlement	There is greater need to have functional GIS within the District as whole. Gauteng province is in the process of rolling out GIS for the entire province inclusive of municipalities and sector departments			
Commission 5: Regional Re-Industrialisation	Regional broad band which will reduce the cost doing business		Capacity needed	
Commission 6: Community Services: Public Safety	More than 80% of the Public Safety function is already a shared services			
Commission 6: Community Services: Health and Social Development	Integrated ICT system across the region			
Commission 7: Environment Management	Regional Waste Information System			

### Commissions' inputs towards New Functions and Powers

Recommendations to Implement the New Powers and Functions?	
Commission 1: Electricity	<ol style="list-style-type: none"> <li>1. All necessary issues to be resolved i.e. NERSA, ESKOM, etc.</li> <li>2. Transition period required for few months before implementation</li> <li>3. Action plan to be in place i.e. consultation, assets etc.</li> </ol>
Commission 2: Water and Sanitation	<ol style="list-style-type: none"> <li>1. WSA function - District could appoint LM's as Water Service Providers, would ensure seamless co-ordination.</li> </ol>

	<ol style="list-style-type: none"> <li>2. WRDM would be in a position to provide better service at discounted rates</li> <li>3. Due diligence is required</li> <li>4. Change management must be properly planned for correct implementation</li> <li>5. Powers and functions shall be assumed together with staff, responsibilities and liabilities</li> <li>6. 1,5 years estimated for the transition</li> <li>7. Specialised Service Provider to undertake Feasibility Study with realistic time frames.</li> <li>8. Asses which functions can be implemented within and / or external.</li> <li>9. The process to be facilitated by COGTA / DWS / Treasury and other key role players</li> </ol>
Commission 3: Roads, Transport and Storm water	<ol style="list-style-type: none"> <li>1. Regional infrastructure, road network and transport planning</li> <li>2. Policy development</li> <li>3. Preparation of by-laws</li> <li>4. Setting of norms and standards</li> <li>5. Road network design</li> <li>6. Centralised GIS and Information Archive</li> <li>7. Project Management Office (Project Engineers): Higher order support and quality assurance</li> <li>8. Supply Chain: Procurement of service providers(consultants) on regional level with contractors and sub-contractors on local level</li> <li>9. Standardisation and economies of scale (products and services) – sourcing of heavy duty machinery on regional level</li> </ol>
Commission 4: Human Settlement	<p>District municipality is obligated in terms of section 83 (3) to seek to achieve the integrated, sustainable and equitable social and economic development of its area as a whole by –</p> <ol style="list-style-type: none"> <li>1. Ensuring <b>integrated development planning</b> for the district as a whole;</li> <li>2. Promoting bulk infrastructure development and services for the district as a whole;</li> <li>3. Building the capacity of Local Municipalities in its area to perform their functions and exercise their powers where such capacity is lacking; and</li> <li>4. Promoting the equitable distribution of resources between the Local Municipalities in its area to ensure appropriate levels of municipal services within the area.</li> </ol>

Commission 5: Regional Re-Industrialisation	District municipality is obligated in terms of section 83 (3) to seek to achieve the integrated, sustainable and equitable social and economic development of its area as a whole by – 1. The powers and functions should be implemented in a fair way taking into account sustainability of the Local Municipalities
Commission 6: Community Services: Public Safety	WRDM and its constituent Local Municipalities need to engage and strengthen the provision of fire brigade services i.t.o. Section 84 (1) (j)
Commission 6: Community Services: Health and Social Development	1 Very little as already the Municipal Health Services is already provided district wide since 2013; 2 The Waste Management function the district is responsible for the strategic leadership and monitoring of the Waste Management, the landfill sites etc. therefore one does not anticipate any obstacles.
Commission 7: Environment Management	1. Agreement between WRDM & LM's on the management of waste disposal facilities 2. WRDM should have a revenue collection system and related policies 3. Regional By-laws & Plans to be developed and adopted by LMs as part of shared services

IMPLEMENTATION PLANS ARE SEQUENCED AS FOLLOWS:

# OUTCOME 1

<b>Regional Outcome 1: Basic Service Delivery Improvement</b>					
<b>Part 1: National and Provincial Alignment</b>					
<b>National Outcomes</b>	6. An efficient, competitive and responsive economic infrastructure network; 8. Sustainable human settlements and improved quality of household life; 9. A responsive, accountable, effective and efficient local government system;				
<b>Provincial 10 Pillars</b>	2. Decisive spatial transformation 3. Accelerating social transformation 4. Transformation of the State and governance 5. Modernisation of the economy 7. Modernisation of human settlements and urban development. 8. Modernisation of public transport and other infrastructure 10. Taking a lead in Africa's new industrial revolution.				
<b>Back to Basics Goals</b>	1. Put People & Their Concerns First: Listen and Communicate 2. Deliver Municipal Services to Right Quality & Standard 3. Good Governance & Sound Administration 4. Sound Financial Management & Accounting				
<b>COGTA KPA's</b>	KPA 1 : Basic Service Delivery and Infrastructure				
<b>Part 2: Regional Five Year Game Changer Projects</b>					
<b>Muni.</b>	<b>Year 1 PROJECTS/ PROGRAMMES</b>	<b>Year 2 PROJECTS/ PROGRAMMES</b>	<b>Year 3 PROJECTS/ PROGRAMMES</b>	<b>Year 4 PROJECTS/ PROGRAMMES</b>	<b>Year 5 PROJECTS/ PROGRAMMES</b>
<b>Refer to section G</b>

# OUTCOME 10

## . WEST RAND REGIONAL FIVE YEAR PLAN

### Regional Outcome 10: Socially Cohesive Communities

#### Part 1: National and Provincial Alignment

<b>National Outcomes</b>	1. Improved quality of basic Education
	2. A long and healthy life for all
<b>NDP</b>	6. Public Health system cannot meet the demand and sustain quality
	7. Public services are uneven and often of poor quality
<b>Provincial 10 Pillars</b>	3. Accelerating transformation
	6. Modernisation of the public service and the state
<b>Sustainability Development Goals</b>	1. End poverty in all its forms everywhere
	3. Ensure healthy lives and promote well being at all ages
	4. Ensure inclusive and equitable education and promote life long learning opportunities for all
	5. Achieve gender equality and empower all women and girls
	7. Ensure available and sustainable management of water and sanitation for all
	11. Make cities and human settlement inclusive, safe, resilient and sustainable
	13. Take action to combat climate change and its impact (in line with United Nations Framework Convention on Climate Change)

<b>Millennium Development Goals</b>	2. Achieve universal primary education
	3. Promote gender equality and empower women
	4. Reduce child mortality
	5. Improve maternal mortality
	6. Combat HIV and AIDs, Malaria and other diseases
	7. Ensure environmental sustainability
	<b>Back to Basics Goals</b>
2. Deliver municipal services to the right quality and standard	
3. Good governance and sound administration	
4. Sound financial management and accounting	
5. Building institution and administrative capabilities	
<b>COGTA KPA's</b>	3. Service Delivery and infrastructure development
<b>Regional Goals</b>	Health & Social Development: Long and healthy life for all socially integrated communities

**SECTION J: 1.16. WRDM HIGH LEVEL ORGANISATIONAL STRUCTURE**

The Diagram hereunder portrays a high level Organisational Structure in order to drive implementation of the Integrated Development Plan process:

 <p><b>Acting Municipal Manager, M.E Kolo</b></p>	<p>The Municipal Manager (MM) is responsible for strategic Goal 4: Sustainable Governance for Local communities, where he ensures high level of corporate governance through the implementation of adequate and effective internal controls, risk management and governance processes that enables deepening democracy and fostering social cohesion. The MM is also responsible for Strategic Goal 5: Business excellence within the WRDM, where he ensures excellence in business operations through effective and efficient implementation of municipality's strategic plan; compliance to legislative requirements; performance monitoring and reporting against the predetermined objectives.</p>
 <p><b>Chief Financial Officer, S. Ramaele</b></p>	<p>The Acting Chief Financial Officer (CFO) is responsible for Strategic Goal 5: Business excellence within the WRDM, where he ensures excellence in business operations through fairly represented Annual Financial Statements to the Auditor General of South Africa; processing of tenders within 90 days after closing date; paying creditors within 30 days as well as the establishment of an ICT Governance Framework.</p>
 <p><b>Acting Executive Manager, Health and Social Development, T. Makhoba</b></p>	<p>The Executive Manager, Health and Social Development is responsible for Strategic Goal 2: Health and Social Development, where she ensures the provision of environmental health services and promotion of a healthy lifestyle among communities. In addition, the executive manager also runs programs that build the nation in terms of creating a platform to promote sport, art, culture and recreation thereby bringing people together.</p>

	<p>The Acting Executive Manager Public Safety services is responsible for Strategic Goal 3: Public Safety Services. This strategic goal is aimed at harnessing all multi-disciplinary and multi-sectoral contributions into the establishment and sustaining of safe and healthy living environment. Within which, risk and vulnerability is effectively managed and mitigated through a collective process of participation tenacity and commitment. This is also encouraged by the provision of national outcome 3, which requires the West Rand District Municipality to ensure that its communities are and feel safe. Therefore, creating a healthy and safe living environment for communities become a fundamental Constitutional mandate for the WRDM and its four constituent local municipalities.</p>
	<p>Executive Manager, Corporate Services is responsible for Strategic Goal 5: Business excellence within the WRDM, her role is to ensure excellence in business operations of the municipality through a highly productive and work engaged workforce.</p>
	<p>The Acting Executive Manager, Regional Planning and Economic development is responsible for Strategic Goal 1 (Regional Planning and Economic Development), where he ensures encouragement of regional planning and to enable the economic development of the district.</p> <p>This, however, needs to be done at multiple levels and different ways. Firstly, in collaboration with the West Rand Development Agency to seek, identify and implement opportunities to grow the local economy for the benefit of all; secondly, to ensure regional spatial integration by applying uniform land use management standards and efficient utilization of land for industrial, agricultural, human settlement (residential) and commercial uses; thirdly, to increase the mobility of communities by broadening modal transport choice through the implementation of regional subsidized bus services, regulated taxi industry as well as upgraded rail services; fourthly, to ensure coordination of bulk infrastructure planning and development throughout the region; fifthly, to promote tourism as comparative advantage in support of diversification of the regional economy; and finally, environment, protecting environmental resources and improving compliance with air quality standards throughout.</p>

## SECTION K: 1.17 CONSTITUENT LOCAL MUNICIPALITIES PRIORITIES / NEEDS / PROJECTS / PROGRAMMES

<b>TOTAL:</b>		<b>R28 500 000</b>

#### SECTION L: 1.18 IDP VERTICAL ALIGNMENT: SECTOR PROJECTS AND PROGRAMMES:

Subsequent to the issuing of Circular No.11 of 2020, on the processes to align Integrated Development Plans and One Plans of district and metro municipalities as part of the implementation of the District Development Model (DDM), the National Department of Cooperative Governance undertook an exercise to collect and consolidate sector commitments earmarked for the districts and metro spaces. This exercise resulted to the development of list of projects from the various sector departments for each district and metro municipalities. The purpose of this exercise is to assist municipalities with the review of their IDPs with the intention to provide sector department's commitments to be included in the IDP review process. Below is the list of sector projects for the West Rand District:

##### DEPARTMENT OF ENVIRONMENT, FORESTRY AND FISHERIES

Project Name	Project Description	Project Status	Timeframe / Duration	Total Project Budget
<b>EPIP</b>				
GP - Occupation MTP007 - Painter and Decorator OFO Code 643101	The project is in line with the NDP 2030 outcome for transition to a society which is internationally competitive, equitable, job creating	Implementation	01/03/2018 – 31/08/2021	R 22 122 941.00
GP - West Rand District Thuma Mina Green Deeds	The project is aimed at encouraging better environmental management practices through street cleaning, clearing of illegal dumps and public open spaces as well as the conducting of environmental education with the following deliverables: recruitment and placement of participants, street cleaning and clearing of illegal dumps, Education and Awareness campaigns, Non-accredited training to participants.	Implementation	01/03/2019 – 31/12/2021	R 6 787 330.00
GP Hair and Beauty MTP003 - Further Education and Training Certificate- Beauty and nail Technology NQF 4	The project is in line with the NDP 2030 outcome for transition to a society which is internationally competitive, equitable, job creating and sustainable which the Department of Environmental Affairs is facilitates and addresses through its strategic plan. It affiliates to outcome (4) four and (11) eleven of the priorities of government as listed in the strategic plan. It focuses on the creation of employment, sustainable development, and skills development opportunities. It is biased towards young people.	Implementation	01/03/2018 – 31/08/2021	R 22 485 121.00
GP: Occupation MTP006 – Bricklayer OFO Code 641201	The project is in line with the NDP 2030 outcome for transition to a society which is internationally competitive, equitable, job creating and sustainable which the Department of Environmental Affairs is facilitates and addresses through its strategic plan. It affiliates to outcome (4) four and (11) eleven of the priorities of	Implementation	01/03/2018 – 31/08/2021	R 22 122 941.00

Repairs and Maintenance	764	764	764	1,175	1,175	1,175

The municipality has presented a deficit budget with a challenge of sourcing alternative and innovative ways of raising additional revenue. The financial turnaround strategy of the District dictates radical revenue enhancement strategies in medium term in order to generate municipal own revenue and strengthen the municipality's financial position. The municipality will continue to approach National and Provincial government in terms of the funding model in order to sustain firefighting function.

The implication of COVID-19 pandemic on municipal finances have further deteriorated the financial situation since the District is assigned as Disaster Management Centre in terms of Section 156 (4) of the Constitution. In the preceding year the District received no grant allocation from the National Disaster Management Centre relating to COVID-19 pandemic.

With the implementation of the District Development Model, the District will be playing its coordinating function to ensure that service delivery is not compromised. A detailed funding assessment will have to be undertaken prior to the implementation of the District Development Model. The District Development Model is a new integrated planning model for Cooperative Governance which seeks to be a new integrated, district-based, service delivery approach aimed at fast-tracking service delivery and ensure that municipalities are adequately supported and resourced to carry out their mandate.

West Rand District Municipality is presently implementing circular 82 since 1<sup>st</sup> of July 2016 and has recently tabled a cost containment policy to Council to ensure curtailment of expenditure in the following patterns:

- Reducing catering at official functions and meetings
- Reducing overtime
- Non filling of vacant positions (except for critical positions approved by Council)
- Better working capital management

## Annexure A: Local Government Circular 88 indicators

### Outcome Indicators:

#### Outcome Indicator Planning Template:2021-22

Performance indicator	Ref No. (sub)	Data element
<b>OUTCOME INDICATORS FOR ANNUAL MONITORING</b>		
EE4.4	Percentage total electricity losses	
	EE4.4(1)	(1) Electricity Purchases in kWh
	EE4.4(2)	(2) Electricity Sales in kWh
WS3.1	Frequency of sewer blockages per 100 KMs of pipeline	
	WS3.1(1)	(1) Number of blockages in sewers that occurred
	WS3.1(2)	(2) Total sewer length in KMs
WS3.2	Frequency of water mains failures per 100 KMs of pipeline	
	WS3.2(1)	(1) Number of water mains failures (including failures of valves and fittings)
	WS3.2(2)	(2) Total mains length (water) in KMs
WS3.3	Frequency of unplanned water service interruptions	
	WS3.3(1)	(1) Number of unplanned water service interruptions
	WS3.3(2)	(2) Total number of water service connections
WS4.1	Percentage of drinking water samples complying to SANS241	
	WS4.1(1)	(1) Number of water sample tests that complied with SANS 241 requirements
	WS4.1(2)	(2) Total number of water samples tested
WS4.2	Percentage of wastewater samples compliant to water use license conditions	
	WS4.2(1)	(1) Number of wastewater samples tested per determinant that meet compliance to specified water
	WS4.2(2)	(2) Total wastewater samples tested for all determinants over the municipal financial year
WS5.1	Percentage of non-revenue water	
	WS5.1(1)	(1) Number of Kilolitres Water Purchased or Purified
	WS5.1(2)	(2) Number of kilolitres of water sold
WS5.2	Total water losses	
	WS5.2(1)	(1) System input volume
	WS5.2(2)	(2) Authorised consumption
	WS5.2(3)	(3) Number of service connections
WS5.4	Percentage of water reused	
	WS5.4(1)	(1) Volume of water recycled and reused (VRR)
	WS5.4(2)	(2) 1.a Direct use of treated municipal wastewater (not including irrigation)
	WS5.4(3)	(3) 1.b Direct use of treated municipal wastewater for irrigation purposes
	WS5.4(4)	(4) System input volume
ENV5.1	Recreational water quality (coastal)	
	ENV5.1(1)	(1) Number of coastal water samples classified as "sufficient"
	ENV5.1(2)	(2) Total number of recreational coastal water quality samples taken
ENV5.2	Recreational water quality (inland)	
	ENV5.2(1)	(1) Number of inland water sample tests within the 'targeted range' for intermediate contract
	ENV5.2(2)	(2) Total number of sample tests undertaken
HS3.5	Percentage utilisation rate of community halls	
	HS3.5(1)	(1) Sum of hours booked across all community halls in the period of assessment
	HS3.5(2)	(2) Sum of available hours for all community halls in the period of assessment
HS3.6	Average number of library visits per library	
	HS3.6(1)	(1) Total number of library visits
	HS3.6(2)	(2) Count of municipal libraries
HS3.7	Percentage of municipal cemetery plots available	
	HS3.7(1)	(1) Number of available municipal burial plots in active municipal cemeteries
	HS3.7(2)	(2) Total capacity of all burial plots in active municipal cemeteries

TR6.2	Number of potholes reported per 10kms of municipal road network	
	TR6.2(1)	(1) Number of potholes reported
	TR6.2(2)	(2) Kilometres of surfaced municipal road network
GG1.1	Percentage of municipal skills development levy recovered	
	GG1.1(1)	(1) R-value of municipal skills development levy recovered
	GG1.1(2)	(2) R-value of the total qualifying value of the municipal skills development levy
GG1.2	Top management stability	
	GG1.2(1)	(1) Total sum of standard working days, in the reporting period, that each S56 and S57 post was
	GG1.2(2)	(2) Aggregate working days for all S56 and S57 Posts
GG2.1	Percentage of ward committees that are functional (meet four times a year, are quorate, and have an action plan)	
	GG2.1(1)	(1) Functional ward committees
	GG2.1(2)	(2) Total number of wards
GG2.2	Attendance rate of municipal council meeting by recognised traditional and Khoi-San leaders	
	GG2.2(1)	(1) Sum of the total number of recognised traditional and Khoi-San leaders in attendance at
	GG2.2(2)	(2) The total number of traditional and Khoi-San leaders within the municipality
	GG2.2(3)	(3) Total number of Council meetings
GG4.1	Percentage of councillors attending council meetings	
	GG4.1(1)	(1) The sum total of councillor attendance of all council meetings
	GG4.1(2)	(2) The total number of council meetings
	GG4.1(3)	(3) The total number of councillors in the municipality
