1.0 Executive Summary

The West Rand District Municipality held its Annual Strategic Planning Session from the 9th of February to the 11th of February 2022 at Magalies River Lodge. The purpose of the Session was to develop a Five Year plan for the Region aligned to the new Political Strategic Priorities.

The Session was held within the Conferencing Constraints placed by Lockdown restrictions with regards to number of people attending a public gathering (number of delegates were confined to 50 delegates) social distancing, daily temperature checks and sanitising were done.

Day One commenced with the Acting Municipal Manager, Mr. M.E. Koloi welcoming delegates and thanked them for attending the session. He requested delegates to ensure that the Commissions must focus on both the West Rand District implementation and embedding of the District Development Model and the Political Priorities.

The Strategic Planning Session was officially opened by the Honourable Executive Mayor Cllr. Hullet Hild. In his opening address he stressed the importance of the building on what worked well and the underpinning operating principle between all parties should be based on a spirit of trust. He presented the strategic context, which comprised an outline of 16 key priorities for the district to focus on. The priorities combined focussed on the need to maintain internal operational efficiency to enable us to meet service delivery challenges on the outside.

Bob Dilrajh, the Programme Director set the scene for the Strategic Planning Session by engaging and aligning delegates on:

- a) The impact of Covid 19 and its impact on Municipalities and the need to re-think, reengineer, re-position, re-brand and re-energise our value proposition and teams
- b) The West Rand Region having the potential to become the benchmark and best practice site in the country
- c) The basis of design for the Strategic Planning Session, being the Results Based Accountability Model
- d) Guiding Principles that should be maintain over the duration of the workshop
- e) Objectives and Theme for the workshop

A Strategic Input into the session comprised an education from Mr Ashley Hay from COGTA on the DDM Model. He emphasised the development of the 1Plan and the utilisation of dashboards to monitor its implementation. His presentation, comprised, an overview of progress to date, linkages between DDM One Plan and GGT2030 and IDPs, participation of sector departments, mobilization of partnerships and way forward. Constructive feedback was provided for Ashely to escalate to his principals all comments and pain points experienced at the Regional level.

The Session on Where We Come From was contextualised against the evolution of society and its impact on our labour force, including a review of 2 videos that outlined the strategic vision for the country.

Understanding the history of the WRDM and the work done with regards to the DDM represented an important input in the scene setting process for the strategic planning session. In this regard, Mr E. Koloi presented an overview of the West Rand's background journey towards a single Municipality followed by Mr. Leonard Seabi who presented an overview of 1Region1Plan1Action1Plan, as supporting context to the alignment to the DDM.

This was followed with a Where Are We Session. This session focussed on a series of analysis about the current state of the Municipality. This session comprised an assessment of a Municipal Gap Analysis, Institutional Gap Analysis, Stakeholder Analysis, Situational Analysis, SWOT Analysis, PESTEL Analysis, Planning Framework Analysis, Resource Analysis and Political and Administrative Role Analysis.

This was followed with a Where Do We Want to Go to Session which comprised a brainstorm around the Results that should be achieved against the Political Priorities, Mapping of the Political Priorities to Functional Departments, Mapping of the Political Priorities to the 14 Regional Planning Outcomes and Commissions. Planning during commission had a taken a large part of the day and delegates felt comfortable with the progress made during the sessions.

Day Three commenced with a How Do We Get There Session which focussed on a review of the Vision, Mission and Values, Definition of the Legacy, Definition of the League We Want to Play In, DDM Implementation and definition of a Leadership Charter.

The second half of the day was consumed with presentations made by each team with regards to the to the Political Leadership. The presentations were well received and relevant constructive feedback on the plans were presented.

The Session was closed by the Executive Mayor who acknowledged the team's commitment and belief that the plans would go a long way in delivering on the Political Priorities and creating a better West Rand Region for all.

2.0 Welcome and Official Opening

Mr. Elias Koloi Acting Municipal Mgr

The Acting Municipal Manager (AMM) Mr. Elias Koloi opened the meeting and welcomed the Executive Mayor, the Speaker, MMC's, Councillors, Representatives from Local Municipalities, HOD's and Officials, representatives from Organised Labour (SAMWU and IMATU) and all delegates. He contextualised the objective of the session to being one which required the Administrative Leadership to develop a Five-Year plan for the Region.

He requested that the Five Year plan must be aligned to the Strategic Mandate that will be provided by the Executive Mayor as part of his strategic context.

He highlighted that the overall plan for the West Rand District must support the National Initiatives with regards to the implementation and embedding of the District Development Model.

He introduced The Executive Mayor the Honourable Councillor Hullet Hild, who set the tone for the session by leading a Trust Team building exercise to enable meaningful engagement in a spirit of trust amongst the different stakeholders. The Executive Mayor, introduced the Speaker, MMCs, other Political Representatives.

3.0 Safety Briefing

The safety briefing focussed on the need to remain vigilant with regards to ensuring compliance to Covid Safety Regulations and Compliance Requirements. The focus was on the need to ensure safe distancing, use of masks, washing of hands and use of sanitisers.

Covid is not gone.... Keep Masks on...

Maintain Social Distancing..

4.0 Check-In

A quick check-in exercise was done to allow people to share their current feelings about the West Rand. It afforded people a chance to put their voices into the room. The following represents a high level overview of some of the key thoughts and feelings shared during the check-in session:

- has great potential despite challenges being faced, requiring innovation to overcome them
- is run by good leadership supported by competent administrators and or employees
- has good systems in place
- on the contrary, there are too many acting positions which might stifle progress
- faces challenges comprising amongst others, financial constraints, limited resources, bad working environment

5. Strategic Context : Political Mandate

The Executive Mayor Hon Councillor Hullet Hild

The Honourable Executive Mayor contextualised the Strategic Direction for District with 15 Key Priorities as outlined below:

1. End / Reduce Poverty and Ensure Zero Hunger

- End Poverty in all its forms everywhere in the district.
- Achieve food security and improved nutrition and promote sustainable agriculture.
- Introduce sustenance farming to all communities.

2. Good Health and Wellbeing / Healthy Communities

- Ensure healthy lives and promote well-being for all at all ages.
- Ensure all sporting facilities are kept at a professional level and maximum use are encouraged.
- Healthy communities will decrease the burden on hospitals etc.
- Assist to form and support Sport committees in all sporting codes. ("Boxing as an example")

3. Quality Education

- Ensure inclusive and quality education and promote lifelong learning opportunities
- What happens to students who drop out of school? (In 2017 a total of 1 052 080 were enrolled in grade 10, yet only 409 906 learners eventually passed grade 12. This figure represents a significant portion of youth who will join the ranks of the unemployed or low-income earners in the future and thus perpetuating the cycle of poverty and inequality.)
- Achieve gender equality and empower all women and girls.

4. Gender Equality

• Achieve gender equality and empower all women and girls.

5. Clean water and sanitation.

- Ensure availability and sustainable management of water and sanitation.
- Ensure Environmental management especially the challenges surrounding water pollution by raw sewer flowing into rivers.

6. Affordable clean energy.

• Ensure access to affordable, reliable, sustainable, clean and modern energy.

7. Decent Work and Economic growth.

• Promote sustained, inclusive, sustainable economic growth, full and productive employment, and decent work for all.

8. Industry, innovation and Infrastructure.

• Build resilient infrastructure, promote inclusive and sustainable industrialisation and foster innovation.

9. Reduced Inequalities.

• Reduce inequality within the district.

10. Sustainable communities.

• Make cities and human settlements inclusive. Safe and sustainable.

11. Peace Justice and Strong institutions.

• Promote peaceful and inclusive societies for sustainable development, provide access to justice for all.

12. Partnership for goals.

• Strengthen the means of implementation and revitalize Local, Provincial and National partnerships for sustainable development of Tourism and agriculture.

13. Be Tough on Crime.

- Ensure traffic enforcement while supporting SAPS with their crime prevention mandate.
- Eradicate Cable theft in our district. Assist with resourcing, equipping and integration of local law enforcement with neighbourhood watches.

14. Safe Working environment.

• It is not a nice to have but a legal requirement. (No ventilation at WRDM, we will get sued if not addressed asap. (In fact, I might sue the institution if I should fall sick)

15. Accountable municipal administration.

• All employees were interviewed for an advertised post that had stipulated requirements so we must all comply with our employment contract/ letter of appointment. (You get paid a monthly salary as stated on employment contract on a specific date, therefore if you don't comply with the contract, you are in breach of the contract and labour law should be instituted.)

16. End Corruption in all forms.

• We must end this evil in all forms (look into the fact that Chairpersons of M PAC get VIP protection as I believe this action will give them "teeth instead of just a light bark")

6.0 Programme Objectives, Agenda, Context, Basis of Design, Guiding Principles and Protocols

This session focused on an engagement of the Programme Objective, Agenda, Programme Protocols and Principles.

Mr Bob Dilrajh Programme Director

Bob Dilrajh (Programme Director) engaged delegates on :

6.1 Programme Objectives

The programme objectives comprised:

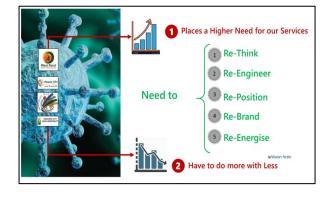

- 1. Alignment with the Strategic Planning Framework
- 2. Definition of the Regional Priorities
- 3. Alignment with regards to the DDM Implementation
- 4. Sowing the Seeds for Regional Planning

6.2 Programme Agenda

- 1. Opening and Context
- 2. Where do we come from?
- 3. Where are we now?
- 4. Strategic Inputs for Planning
- 5. Where do we want to go to?
- 6. How do we get there?
- 7. Consolidation of Plans
- 8. Communication of Strategic Plans

6.3 Programme Context

He highlighted how COVID-19 significantly impacts on the Municipal mandate on 2 levels:

The session was contextualised against the backdrop of how the challenges brought about by the COVID-19 pandemic have led to a new normal from a societal and municipal perspective. The Municipal impact was discussed against 2 levels:

- Placement for a Higher Requirement for Municipal Services, therefore, needing Municipalities to, re-think, re-engineer, reposition, rebrand and re-energise to transition to a new normal.
- 2. Having the need to do more with less

Amidst these challenges, it was acknowledged that we have grown as a Region, having done well in some areas and not so well in others. The main point of departure was an appreciation that there is a lot of opportunities for growth.

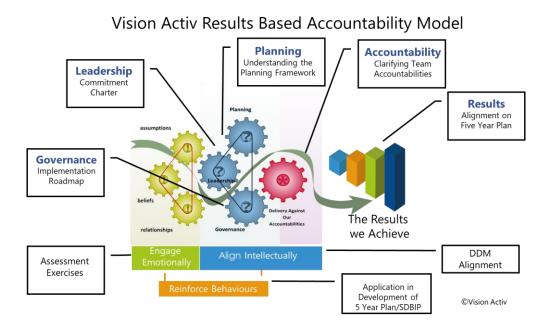

There was a clear recognition and acknowledgement of the great work done with development of the framework and platform for Regional Planning.

The current baseline with regards to Regional Planning clearly provides an opportunity for the West Rand to establish a National Benchmark and to become a best practice in the country.

6.4 Basis of Design

Delegates were engaged on the Vision Activ Results Based Accountability Model which was used as a basis to design the Strategic Planning Session.

The Model advocates that we strive to achieve the Results which is influenced by how people deliver against their Accountabilities. How people deliver on the Accountabilities is influenced by the Planning, Leadership and Governance in the Organisation. The Planning, Leadership and Governance is influenced by people's Assumptions and Beliefs they hold and the Relationships they maintain. This model is intended to demonstrate how the impact of our belief systems, experiences and relationships can affect the results we achieve.

Component of Model	Application with regards to Strategic Planning Session
The Results We Strive to Achieve	Aligned Five Year Strategic Plan
Accountability	Clarification of Functional and Stakeholder Roles and Responsibilities
Planning	Use of Results based Planning Framework supporting DDM

Application of the Model to the Strategic Planning Session

2022 WRDM Strategic Planning Session Workshop Report-9-11th Feb 2022 Based on Vision Activ Results Based Methodology. All Copyrights Reserved

Component of Model	Application with regards to Strategic Planning Session
Leadership	Leadership Commitment to implement DDM and Strategic Plan
Governance	 Oversight process with regards to Implementation Roadmap and Resolutions
Engage Emotionally	Assessment Exercises
Align Intellectually	Strategic Priority and DDM Alignment
Re-enforce Behaviours	Definition of Strategic Plans and Completion of 5 Year Templates

Hence it was noted that key for us to maintain the right paradigm to achieve the desired level of success with regards to implementation of One Team One Purpose (1T1P1A1S), it all starts at an individual level with the right paradigm. Paradigms refer to the way we see the world and our perspectives to things. Steven Covey puts it very aptly by asserting: "If you want to make minor improvements in your organisations, then work on attitudes and behaviours. If you want to make major, impactful changes; work on paradigms – attitudes and behaviours will follow".

An important key success criteria to creating a best practice was for the Region to maintain a Transformational Paradigm. Against this the team were engaged around the concept of Transformation Paradigm.

It must be acknowledged that the organisation is embarking upon a transformation journey within a very pioneering space. During the journey we would face challenges, we will need to stop and reflect, but the overall process will present us with significant opportunities.

As we embrace the process, we must allow for mistakes to be made as we are required to do things differently and we will not get everything right the first time around. Therefor we must maintain a Transformational paradigm to the process.

6.5 Guiding Principles to maintain a Transformational Paradigm

The team were engaged on the following guiding principles to maintain a Transformational Paradigms:

1. Adopt a Helicopter View to Engage around the Journey

We must maintain a helicopter approach to our planning for setting the best practice and in building our 1T1P. The analogy of helicopter thinking is used to highlight that the higher the level we look at issues the more we are able to see things.

2. Apply Strategic Thinking

In our daily routine we often find ourselves spending a significant amount of time on operational issues to address pressing operational needs.

In trying to build the 1T1P we strike a strong balance of being strategic when planning and making decisions because if we apply an operational lens to long term planning issues with regards to 1T1P it will have long term consequences.

3. Be Reflective of our Actions

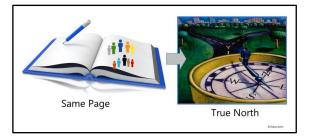

In life when we maintain an approach of plan-do we generally achieve results at an average level. For us to change our level of desired results and to increase the bar we must become more reflective of our planning, our actions and our decisions. It is important that we take learnings from our reflections, and it is important that we act differently from our lessons learnt.

4. People to Work from a Position of Common Ground

Generally, as individuals, we often find ourselves standing on different mountains. There is a high probability for us to hold different beliefs and have different views and perspectives around a subject matter which will be influenced by our background and experience. It is healthy for us all to hold different views and perspectives, but it is important for us to align from a position of common ground toward achievement of our legacy towards creating a Regional best practice to enable us to achieve 1T1P.

5. Be on the Same Page and have a Common True North

This principle calls for us to be on the same page and to align to a common true north position when it comes our planning and alignment around critical issues

Team Alignment Exercise

6. Avoid Blame Culture and Silo Mentality

This principle calls for the avoidance of a blame culture and silo mentality when holding dialogue sessions.

7. Work from you know what you know

This principle is graphically contextualised against "what we know we know", "what we know we don't know", and "what we don't know, that we don't know". The principle calls for us to migrate from "what we don't know we don't know" to "what we know we know".

It also calls for us to declare our state against specific subjects such that it will provide for more constructive dialogue

8. Work from a Data Perspective

This principle is rooted in the Insights Data Model which advocates the use of data when holding conversations, expression of feelings, reviewing of consequences and alignment around action plans. This principle calls for the application of this data model to hold objective conversations.

9. Share Background Conversations

This principle calls for the sharing of information that will be occuping the minds of people. It relates to issues that is nagging people and people needs to be brought into the discussions in the session.

10. Wear Different Hats

This principle calls for people to wear different hats during the session being a strategic planning session. Delegates were requested to look at issues from and Executive, Departmental and Employee level.

7.0 Strategic Planning Inputs

This session provided an opportunity for delegates to have an appreciation of the District Development Model.

Mr Ashley Hay COGTA This session was presented by Mr Ashley Hay from COGTA and his presentation comprised the following:

- 1. Purpose
- 2. Background and introduction
- 3. Overview of progress to date
- 4. Linkages between DDM One Plan and GGT2030 and IDPs
- 5. DDM One Plan
- 6. Participation of sector departments
- Mobilization of partnerships Way forward

The key components of his presentation is summarised below:

1. Purpose of the Presentation

The purpose of the presentation was three-fold. The presentation aims to:

- a. Provide an overview of the DDM
- b. Provide progress on the implementation of the DDM in West Rand District
- c. Propose a way forward on the implementation of the DDM

2. Background and Introduction

The background and context :

- a. Contextualised the Provincial initiatives to support the President's DDM announcement.
- b. An outline of the legislative references of DDM
- c. Objectives of the DDM
- d. The Need for DDM- The problem Statement
- e. Critical features of the DDM

3. Overview of Progress to Date

This comprised an overview of progress covering dashboard, partner mobilisation, assessment of DDM, one plan projects, alignment of sector plans and communication plan.

4. Linkages between DDM and GGT 2030 and IDP's

This covers the strategic linkages between DDM One Plans and IDPS.

5. DDM Implementation

This covered:

- a. Brief overview of the DDM One Plan
 - b. One Plan Long Term Visions- Focus on West Rand
 - c. DDM National Milestones
 - d. One Plan: District/Metro comparative advantages

- e. Pillars of the DDM One Plans
- f. National Projects / Programmes in the DDM One Plan

6. Mobilisation of National Sector Depts to support the Implementation of the DDM in Gauteng

This provided a status overview of the departments that have been engaged towards DDM Implementation.

7. The development of a GIS- based Implementation Tracking Tool This session considered an engagement on the GIS Dashboard.

8. Establishing Partnerships

This session focussed on an outline of the DDM Implementation Partners, Areas of Partnerships and mode of collaboration.

9. DDM Next Steps

This session focussed on an outline of the way forward and recommendations

Refer to Annexure A for :

- a. Presentation Pack used by the Presenter
- b. An Outline of the Q&A Session held

The Presenter was requested to acknowledge all comments and pain points and escalate them to the relevant stakeholders and ensure that the DDM responds to them as soon as possible.

No feedback was received at time of completion of this report.

8. WHERE DO WE COME FROM?

This session focussed on :

- 8.1 Evolution of society
- 8.2 South African Context
- 8.3 Organisational Historical Reflection
- 8.4 West Rand History

8.1 Evolution of Society

This session comprised an analysis of reviewing how the current culture of the organisation is impacted by both the development of the different economies (from Agrarian Society to Industrial to Manufacturing to Knowledge Worker Society) and how the attributes of the various generations can be seen within the current organisational framework.

8.2 South African Context

Delegates were afforded an opportunity to view two videos, one being on the Planning Commission and the other was with regards to the Implementation of the National Development Plan (NDP). Both videos were well received and provided insights into the strategic planning process embarked upon by our country at National levels.

Delegates were requested to complete an online assessment with regards to the overall achievement against the Contents of the Planning Commission and NDP strategies.

The following represents the responses from the online assessment, depicting an average alignment to a 40% achievement rate.

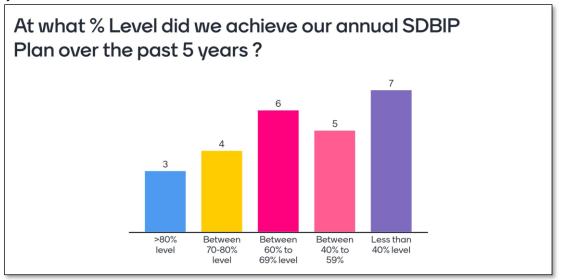

8.3 Organisational Historical Reflection

This was about doing a high-level check-in on the past 5 years against:

- 1. Our Performance
- 2. Our Achievements
- 3. Our Challenges
- 4. Our Key Stakeholder Relationships

1. Our Performance over the past 5 years:

The following graph represents the output for the performance assessment over the past 5 years.

Out of a total of 25 respondents, 7 delegates felt that the achievement level was less than 40%, 5 felt it was between 40-59% level, 6 felt it was between 60-69%, 4 delegates felt it was between 70-80% and 3 felt it was above 80%.

2. Our Key Achievements over the past 5 years:

The following table represents the output for the key achievements over the past five years.

We've settled much of our debt	Funding	Tshepo Stability Systematic Approach Consistency
Keeping a service to the community running despite the challenges and shortfalls being faced on a daily basis	Maintained service delivery to community despite extremely difficult circumstances	good working relationships unity of the stuff_
Good planning without working resources.	Balanced fund budget	Achieving planned targets in terms of SDBIP

Reducing financial pressures Utilisation of available resources to achieve desired outcomes	Good audits	Increasing performancefilling of critical vacant posts - senior monagersmunicipal policies approved by council and implemented accordinglyimproved audit opinionstable		
MergerVacabt posts were filked for sec57Funding from	Political stability	and well functioning Supply Chain Management Unit		
CogtaOwn PMS system	Financial instability but still managing	Interact with the community on ground level		
	Filteriore instability but doe not not offerty			
Equitable provision of services		Lost revenue and mandate		
Consistent performance amidst budget constraints and covid impact	We were able to pay salaries and bonuses exactly when they are due whereas previously that was not case	Community ed7cation and empowerment		
Some reduction in water wastages.Some reduction in electrical wastages.Reduced the employment force.Smaller	Better service delivery	Good infracture		
salary increments'Focus more on planning and				
performance management	Had regular Council mtgs. Improved on our audit opinion.	social cohesion multi-sectorial collaboration		
	Submitted annual budgets. Political stability.			
Improved staff morality	<u></u>	No budgetHuman capacityOther resources for service		
		delivery		

3. Our Key Challenges:

The following table represents the output for the key challenges that prevented the WRDM from achieving the desired results.

Covid19	Resources	Unfunded mandates
Money	Financial constraints	Budget
Poor management	Lock of financial resources	Lack of financial resources
Financial constraints	Lack of funds	No own revenue generation
Funds	CorruptionPoor management practices	Insufficient resources Empty promises
lack of funding few resources Lo w moral from the working force	CoordinationLack of proper systemNo effective monitoring instrumentsLack of oversight	District functions take over by the provincial government to local municipalitiesMinimum revenue collection
Corruption, lack of committeent from peers/ack of communication and low morale of staff	Leadership	Lock of financial resources due to various issues and support from other spheres of government
Negative Staff. They feel they are here because the state "awes" them Underfunded MandatesSevere lack of funding. Some staff does not even have laptops or desktop	Lock of revenue. Lost staff and never replaced. Covid 19. Poor management.	resources intergovernmental relations shortage of personnel
computers and has to supply it themselves	Skeleton staffBudget constraints Ineffective IGR	New Management
Not appointing officials fit to produce up to the required expectationNon agreement between officials and politiciansRegular deviation from policy and regulation		

4. Our Key Stakeholders:

The following table represents the output for the definition of the key stakeholders that supported and enabled the WRDM to achieve the desired results.

	ler to be key stakehole ed us to achieve our d	
Mostly the Public in the form of volunteers, CPFs and AfriForum	Committed staff	Only the stuff members no one else
Civil society	Committed staff	Provincial support. Committee staff
National Treasury equitable share	Health care workers. Staff. Volunteers.	There is generally lack of support from sector departmentsPersonnel committment

Council	Provincial CoGTAProvincial Treasury Committed staffOrganised labour					
Partners such as Provincial Departments	Excellent and dedicated staff, Politicians, GPG	External partners such as mines and other stakeholders				
Oversight teamsEffective management Strong and commited support external						
partners	Team members and sone executive manager's Cogta	Provincial departments				
the mines or private companies interns	Hard-working staff.	Provincial supportInternal teams that go the extra mile The community becoming much more critical				
WRDM staff , Province and national sector departments	committed staff due to lack of support from province and national					
departments		New Management				
First national bank	Staff	Some staff members who are dedicated. Constant pressure from opposition party in				

8.3 West Rand History

This session comprised :

- 1. A historical education about the evolution of the WRDM
- 2. A review of the Progress made towards to the development of the District Development Model

1. An historical education about the evolution of the WRDM

The Acting MM gave a compelling overview of the West Rand's history. It made a good education session for all present in trying to understand the background of the Municipality.

He contextualised the history against the Region's journey towards attempts creation of a single municipality in the west rand.

Refer to **Annexure B** for supporting details info that provides addition info with regards to the context provided.

Mr. Elias Koloi Acting Municipal Mgr

2. Progress made towards to the development of the District Development Model

This session comprised and education with regards to:

- 1. West Rand pioneering of the concept of 1R1P1A1S (One Region, One Plan, One Action One System)
- 2. West Rand Road towards the development of the One Plan
- 3. History behind the DDM development within the West Rand Region
- 4. Development Strategies towards the development of the DDM Implementation

Mr L Seabi Ex IDP & Performance Mgr.

5. Way Forward

The following is included for ease of Reference:

- 2.1 Definition of 1R1P1A1S
- 2.2 Listing of the 14 Regional Outcomes
- 2.3 Sample output from the Automated Single System
- 2.4 Sample Review of the 14 Outcomes to DDM to 14 Outcomes and COGTA KPA's

2.1 Definition of 1R1P1A1S

1R 1P1A1S One Region	This means that we have one dialogue externally, we talk about the West Rand Region and not about Rand West City Local Municipality, or Merafong City Local Municipality or Mogale City Local Municipality or the West Rand District Municipality.
1R 1P 1A1S One Plan	This means that as a Region we will have One Plan that is underpinned by Fourteen Regional Outcomes which shall guide the Planning process for the District and Local Municipalities. Each Outcome shall comprise a Regional Line and Four Municipal components to each plan.
1R1P 1A 1S One Plan	This means our Actions at the individual Municipal level shall be in support of and contribute towards the achievement of the Regional Outcome.
1R1P1A 1S One System	This means that we shall have One Electronic Performance Management System for the Region which will enable us to capture our SDBIPs both at Regional and Municipal level, generate Performance Agreements from the system, update and monitor progress and complete Performance Evaluations online.

2.2 Listing of the 14 Regional Outcomes

^^	Regional Outcome 1 Basic Service Delivery Improvement		Regional Outcome 2 Accountable Municipal Administration
	Regional Outcome 3 Skilled, Capacitated , Competent and Motivated Workforce		Regional Outcome 4 Ethical Administration and Good Governance
	Regional Outcome 5 Safe Communities		Regional Outcome 6 Educated Communities
	Regional Outcome 7 Healthy Communities	GREEN	Regional Outcome 8 Sustainable Environment
	Regional Outcome 9 Build Spatially Integrated Communities	Ŷ	Regional Outcome 10 Socially Cohesive Communities
2 30BS	Regional Outcome 11 Reduced Unemployment		Regional Outcome 12 Economic Development
	Regional Outcome 13 Robust Financial Administration	20	Regional Outcome 14 Institutional Planning and Transformation

2.3 Sample output from the Automated Single System

9. WHERE ARE WE NOW?

This session focussed on an assessment of:

- 9.1 A Municipal Gap Analysis
- 9.2 Institutional Gap Analysis
- 9.3 Stakeholder Analysis
- 9.4 Situational Analysis -Challenges
- 9.5 SWOT Analysis
- 9.6 PESTEL Analysis
- 9.7 Planning Framework Analysis
- 9.8 Resource Analysis
- 9.9 Political and Administrative Role Analysis

9.1 A Municipal GAP Analysis

The Municipal Gap Analysis comprised a desktop review of:

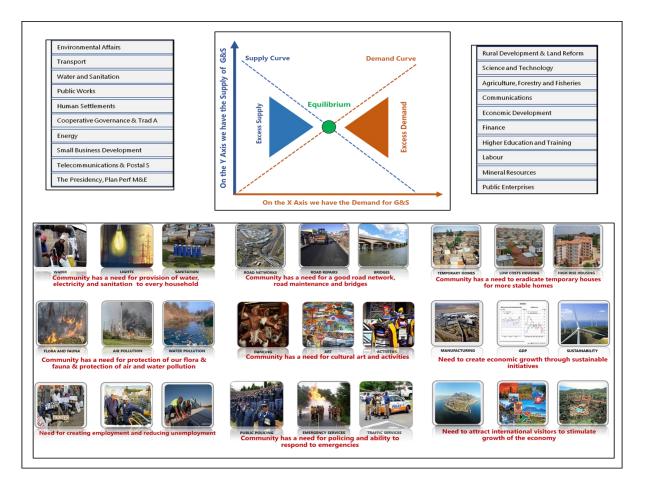

- 1. The GAP of the West Rand Region against the Supply and Demand Model
- 2. Delegated Accountability Gap
- 3. Effectiveness of Supporting Structures
- 4. Alignment across the 3 spheres of government
- 5. Cascade Planning Framework

1. The GAP of the West Rand Region against the Supply and Demand Model

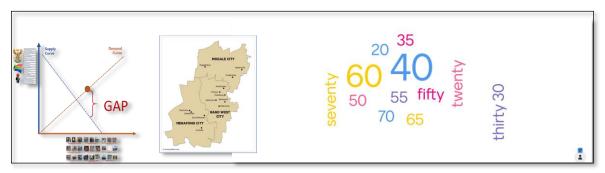

This session was contextualised against the Municipal Business Model which starts and ends with the community. The community demands for services, which is consolidated by the Municipality and in turn provides the services to the community as depicted below.

Against the above Municipal Model, the Supply Demand Model was used to complete a desktop analysis against the Gaps between Supply and Demand for the West Rand Region. The supply side (Y axis) represents all the different National Departments and the components of what constitutes demand are unpacked the needs of the community are defined against the cycle of life as follows:

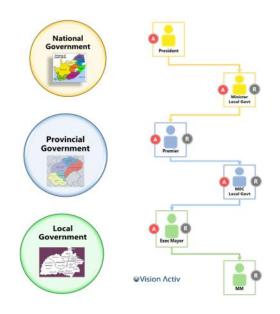

The following graph outlines outputs of the desktop assessment of the Supply and Demand Gap for the West Rand Region against the services that we should be providing to our communities.

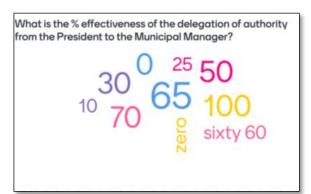

From the 17 delegates who responded, it can be noted that most aligned around a 40% gap.

2. Delegated Accountability Gap

The following diagram summarises the concept of Accountability and Responsibility as delegated from the National to the Provincial to the Local Government structures. It summarises the Accountability (A) and Responsibility (R) from the President to the Minister to the Premier to the MEC to the Executive Mayor to the Municipal Manager.

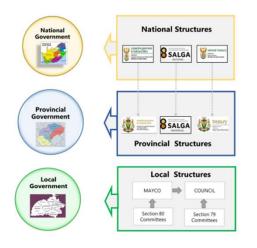

The following graph outlines the desktop assessment of the effectiveness of delegation from the President to the Municipal Manager.

From the 17 delegates who responded, it can be noted that most aligned around a 65% effectiveness.

3. Effectiveness of Supporting Structures

This session focussed on an assessment of Treasury, COGTA and SALGA across the 3 spheres of government.

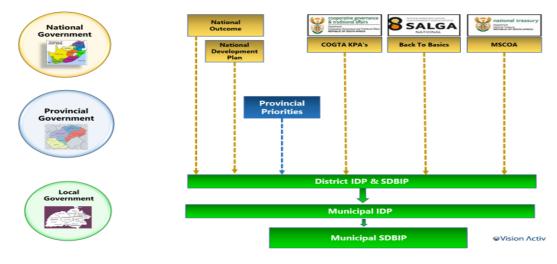

The following table outlines the desktop assessment of the effectiveness of Treasury, COGTA and SALGA with regards to the support across the 3 spheres of government.

What is the % effectiveness of the supporting Structures of COGTA, SALGA across the 3 Spheres of government? 45

From the 17 delegates who responded, it can be noted that most aligned around a 20% effectiveness.

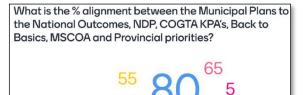

4. Alignment across the 3 spheres of government

This session focussed on the levels of the between Municipal to regional to Provincial to National Planning.

This assessment aimed to assess the % alignment between the Municipal Plans to the National Outcomes, NDP, COGTA KPA's, Back to Basics, MSCOA and Provincial priorities.

From the 16 delegates who responded, it can be noted that most aligned around an 80% effectiveness.

60

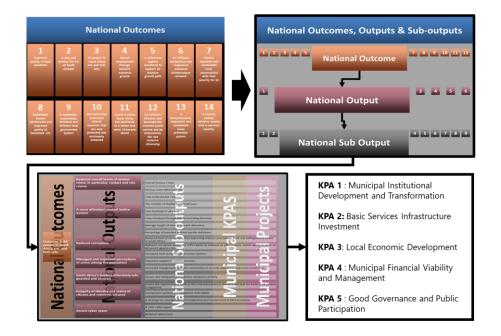

eighty

5. Cascade Planning Framework

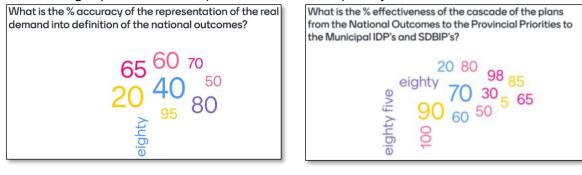

The consolidated demand by National Government becomes the basis for planning which is expressed as Fourteen National Outcomes as outlined below:

The Fourteen National Outcomes are categorised into National Outputs and National Sub Outputs which are used as a base to define the Planning Framework for Municipalities against the CoGTA KPA's as outlined below:

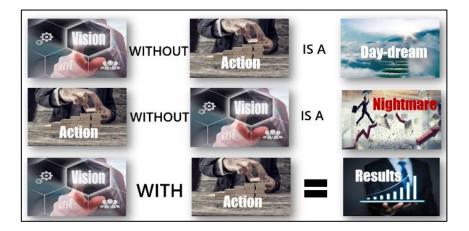

The following represents the outputs from the desktop analysis

9.2 Institutional Analysis

This session was contextualised against the following Japanese proverb and the paradigm that as the Region we could have the best vision and mission, the best resources, the ultimate success is influenced by the culture of the organisation.

The Institutional Analysis comprised a high-level review against the current status quo of the following key cultural components of the municipality.

- 1. Organisational Landscape Desktop Analysis
- 2. State of Being Analysis
- 3. Municipal Positioning
- 4. Level of Alignment Analysis
- 5. Iceberg Analysis
- 6. Culture Analysis
- 7. Pain Points Analysis
- 8. Performance Loss Analysis

9.2.1 Organisational Landscape Desktop Analysis

This analysis session comprised an abridged review of the landscape of the Municipality against the following components of the Vision Activ Excellence model which is normally used to complete an intensive organisational analysis.

The questions and the results for each component of the Business Excellence Model completed is summarised below:

1. Human Capital Management and Value Chain Management Assessment:

This assessment aimed to gauge the effectiveness of our human capital and value chain management.

	uman Capital Janagement										
7	Our Human Capital process are fair objective and consistently applied across all departments in the Municipality.	1	Strongly Disagree	2	Disagree	3	Indifferent	4	Agree	5	Strongly Agree
8	The Technical Skills that are required of each role in the Municipality are at the right level.	1	Strongly Disagree	2	Disagree	3	Indifferent	4	Agree	5	Strongly Agree
9	A fair ,transparent and consistent process of Reward and Recognition is applied across all Departments Bonus.	1	Strongly Disagree	2	Disagree	3	Indifferent	4	Agree	5	Strongly Agree

10	A robust Project Management process is maintained for all projects.	1	Strongly Disagree	2	Disagree	3	Indifferent	4	Agree	5	Strongly Agree
11	A robust Risk Management Process is maintained for all project activities.	1	Strongly Disagree	2	Disagree	3	Indifferent	4	Agree	5	Strongly Agree
12	We maintain a robust objectives process in managing our supply chain processes.	1	Strongly Disagree	2	Disagree	3	Indifferent	4	Agree	5	Strongly Agree
13	We maintain an effective process to manage our service providers	1	Strongly Disagree	2	Disagree	3	Indifferent	4	Agree	5	Strongly Agree

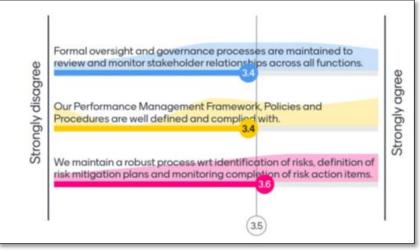

The overall average rating is 2.9.

2. Stakeholder Management and Performance & Risk Management Assessment:

This assessment aimed to gauge the effectiveness of our stakeholder, performance and risk management.

	akeholder anagement										
14	Formal oversight and governance processes are maintained to review and monitor stakeholder relationships across all functions	1	Strongly Disagree	2	Disagree	3	Indifferent	4	Agree	5	Strongly Agree
	ormance & Management										
15	Our Performance Management Framework, Policies and Procedures are well defined and complied with.	1	Strongly Disagree	2	Disagree	3	Indifferent	4	Agree	5	Strongly Agree

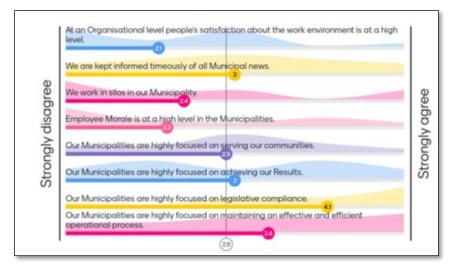

The overall average rating is 3.5.

3. Organisational Culture Assessment

This assessment aimed to gauge the effectiveness of our organisational culture.

	Organizational Culture										
17	At an Organisational level people's satisfaction about the work environment is at a high level.	1	Strongly Disagree	2	Disagree	3	Indifferent	4	Agree	5	Strongly Agree
18	We are kept informed timeously of all Municipal news.	1	Strongly Disagree	2	Disagree	3	Indifferent	4	Agree	5	Strongly Agree
19	We work in silos in our Municipality.	1	Strongly Disagree	2	Disagree	3	Indifferent	4	Agree	5	Strongly Agree
20	Employee Morale is at a high level in the Municipalities.	1	Strongly Disagree	2	Disagree	3	Indifferent	4	Agree	5	Strongly Agree
21	Our Municipalities are highly focuses on serving our communities.	1	Strongly Disagree	2	Disagree	3	Indifferent	4	Agree	5	Strongly Agree

The overall average rating is 2.9.

3. Leadership and Change Management Assessment:

This assessment aimed to gauge the effectiveness of our leadership and change management.

	Leadership										
25	Leadership ensures that robust functional measurable goals, objectives, plans are developed to support achievement of the Municipalities Mandate and Vision.	1	Strongly Disagree	2	Disagree	3	Indifferent	4	Agree	5	Strongly Agree
26	Leadership ensures that all Operating Policies and Procedures are documented and complied with in the Municipality.	1	Strongly Disagree	2	Disagree	3	Indifferent	4	Agree	5	Strongly Agree
27	Leadership in our Municipality ensures our human capital management process are fair transparent and consistently applied across all departments.	1	Strongly Disagree	2	Disagree	3	Indifferent	4	Agree	5	Strongly Agree
28	Leadership in our Municipality ensures that robust oversight and governance is maintained with management of our stakeholders.	1	Strongly Disagree	2	Disagree	3	Indifferent	4	Agree	5	Strongly Agree
29	Leadership strives to maintain a productive work culture at the Municipality.	1	Strongly Disagree	2	Disagree	3	Indifferent	4	Agree	5	Strongly Agree
	Change Management										
30	We maintain an effective change process with all change initiatives at the Municipality.	1	Strongly Disagree	2	Disagree	3	Indifferent	4	Agree	5	Strongly Agree

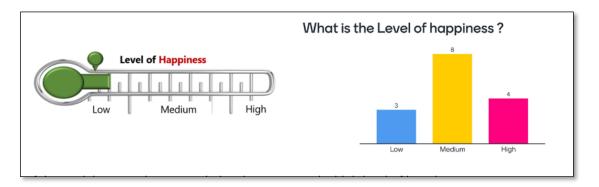

The overall average rating is 3.7.

9.2.2 State of Being Analysis

The state of being analysis focussed on an assessment on the levels of happiness, frustration, excitement, disappointment and anger.

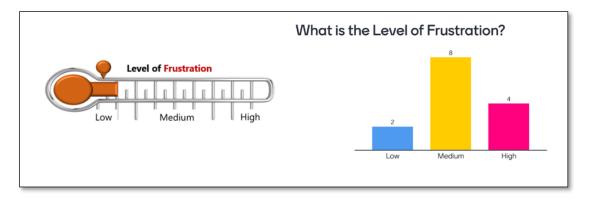

1. Assessment of our levels of Happiness

This assessment, the outputs of which are outlined below aimed to assess the delegate's current level of overall happiness within the organisation.

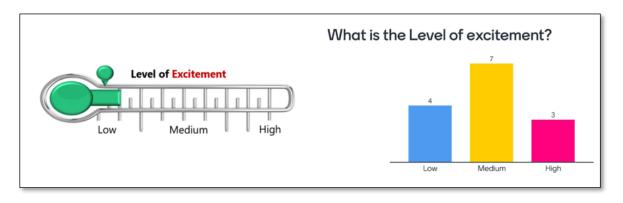

2. Assessment of our levels of Frustration

This assessment aimed to assess the delegates' current levels of frustration within the organisation.

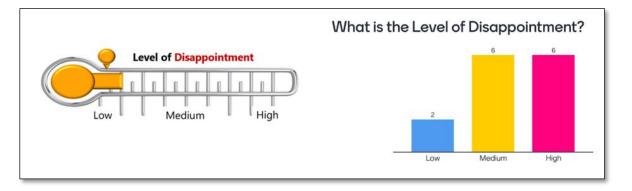

3. Assessment of our levels of Excitement:

This assessment aimed to assess the delegates' current levels of excitement within the organisation.

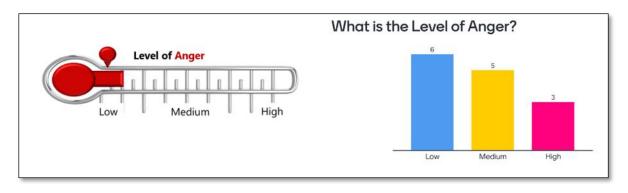

4. Assessment of our levels of Disappointment

This assessment aimed to assess the delegates' current levels of disappointment within the organisation.

5. Assessment of our levels of Anger: This assessment aimed to assess the delegates' current levels of anger within the organisation.

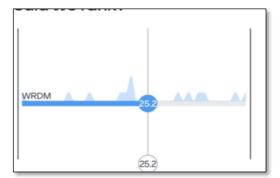

9.2.3 Online Analysis of our Municipal Positioning

This comprised an assessment of the WRDM's ranking amongst the other 44 district municipalities and our local municipalities collectively amongst the 278 municipalities in South Africa.

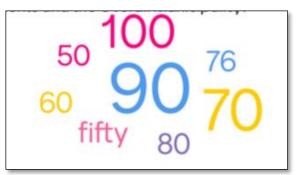

1. Assessment of WRDM ranking

The respondents ranked the WRDM position 25 out of 44 district municipalities

Where would we rank : WRDM : Scale between (1-44) Collectively all Local Municipalities (1-226)

2. Local Municipalities ranking

The respondents ranked the local municipalities, collectively, position 117 out of 226 local municipalities

9.2.4 Online Analysis of our Level of Alignment

This comprised of an analysis of between the Employee Level ("I" Space), the Departmental Level ("We Space") and the Organisational Level ("Us Space) towards the Municipality's goals, objectives, strategies, priorities and targets.

1. Assessment of Employee : Departmental Alignment:

This assessment aimed to assess the % alignment between the employees and their respective departments.

From the delegates who responded, it can be noted that most aligned around an 80-100% level of alignment.

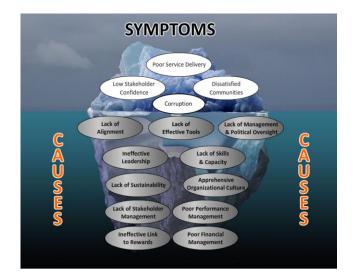

2. Assessment of Departmental: Municipal Alignment:

This assessment aimed to assess the % alignment between the department and the Municipality.

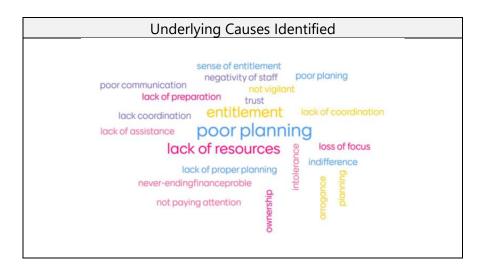

From the delegates who responded, it can be noted that most aligned around a 90-100% level of alignment.

9.2.5 Online Iceberg Analysis

The session was contextualised against a review of a generic iceberg model depicting the current state of local government.

The team were requested to define a picture of an iceberg for the WRDM. The following represents the team's outputs of the symptoms and causes

Day 1 session was concluded with the delegates sharing their thoughts and comments on the day's experience. Some of the notable comments were, fruitful, interesting, exciting, thought provoking, eye opening, positive, honesty, transparency for the future and focused.

Day 2 commenced with a Check-In. The following represents a reflection of the notable thoughts and feelings from this exercise:

- Got direction for the session, looking forward to going to the next level
- More aware of the risk in our operations and we need to find a way to work together to overcome the risk and challenges
- Exposed the many issues that need out attention, hence the need to see how best to address them
- Need to deliberate how best to approach our stakeholders with the need to chart a way of how best implementation can be done
- Seemingly from ICU bed recovering from the past and repositioning for the future
- Highlighted the importance of a paradigm shift to take us forward
- Need to engage in reflection exercises on issues facing us to shape our plans going forward
- Highlighted key issues and the importance of how to align everything going forward
- Appreciate that we had a constructive session and the importance of doing things differently going forward
- Appreciate the new political leadership that will guide us for the next 5years
- Gave us an opportunity to review what needs to be overcome to address our service delivery challenges
- Got a better understanding of how DDM will support our plans and how we will align to it
- All our efforts should be supported with a financial plan for the successful implementation of our programmes and projects
- Highlighted the importance of planning and accountability
- We should deem ourselves as servants of communities
- Appreciated the historical background of the WRDM and the importance of aligning to the DDM
- Need to have all senior members of all municipalities understand where we come from and where we are going, especially with the DDM
- Reminded of the impact of legislations on our planning processes
- Focus on what to fix to improve service delivery by effectively engaging relevant stakeholders

Following the check in and leading into the session on where we want to go, it was stressed upon the need to have real conversations to ensure that the planning is bound by realistic and constructive planning. The morning continued with the completion of the outstanding assessments from Day 1.

9.2.6 Culture Analysis

This assessment aimed to review the delegates view of how they perceive the organisational culture for the municipality. The following represents the views expressed.

crisis control	A collection of values, behaviour, beliefs and practices of team members in an organisation	The way things are done in the institution.
It seems uncoordinated and truly non existent	There is no sense of urgency in everything that needs to be done.	Trying to keep head above water. Trying to be that 1 person that did not drown on the sinking ship. Let us repair this ship, The West Rand Ship. Let us then, move full throttle chead! The WRDMs biggest asset is its staff. Unfortunately not
The current culture in municipalities reflect a total disregard for organizational ethics and the values that good governance may hold	The way in which we relate within the institution be it in terms of level of professionalism	everyone.
Can improve a lot	Behavioural component is lacking no sense of urgency is done everyone do as they wish no Ethical principles are applued	Used to be a culture of oppression of employees but now the institution is moving away from that

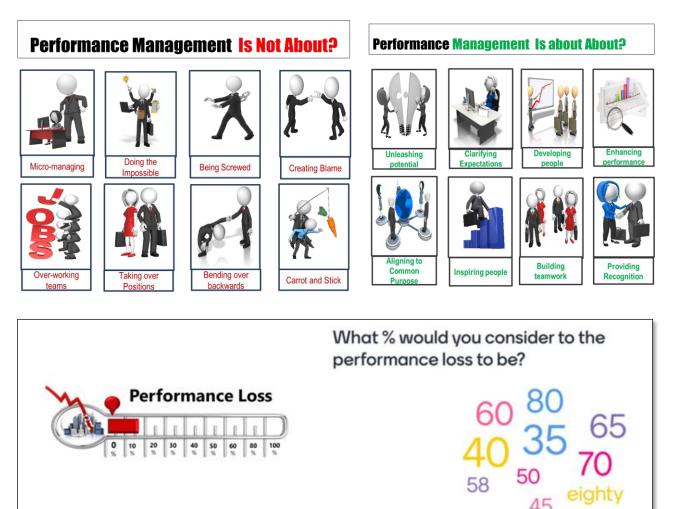

9.2.7 Pain Points Analysis

This assessment aimed to assess what the delegates viewed as their greatest pain points.

9.2.8 Assessment of Performance Loss

The Institutional Analysis was concluded with an assessment aimed to review the delegates' perception of what they considered to be the overall performance loss within the Municipality. The session was contextualised against what performance management was not about and what it was about.

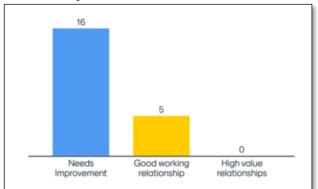

9.3 Stakeholder Analysis

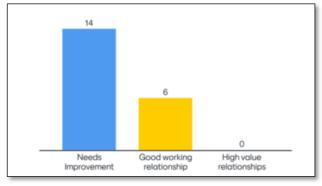

This assessment was about reviewing the soundness of the Municipality's working relationship with key stakeholders against the following criteria:

Stakeholder	Needs Improvement	Good Working Relationships	High Value Relationship
Treasury			
COGTA			
SALGA			
AGSA			
Local Municipalities			
Private Sector			
Organised Labour			
Govt Depts			
Municipal Entities			
State Entities			
Civil Society			

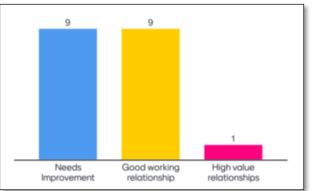

1. Assessment of Working Relationship with Treasury

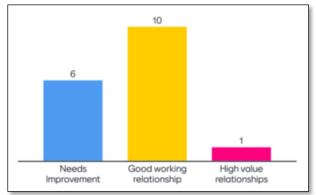

3. Assessment of Working Relationship with SALGA

2. Assessment of Working Relationship with COGTA

4. Assessment of Working Relationship with AGSA

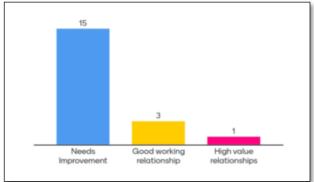

5. Working Relationship with Local

6. Working Relationship with the Private

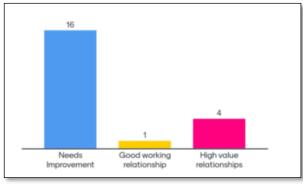

Municipalities

Sector

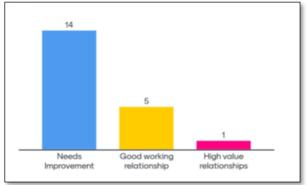

7. Working Relationship with Organised Labour

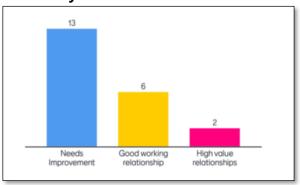

9. Working Relationship with Municipal Entities

8.Working Relationship with Other Government Departments

10. Assessment of Working Relationship with Civil Society

This next session engaged in a series of analyses of various factors that could impact the implementation of their plans. This comprised of a definition of the kye risks and challenges, SWOT analysis, PESTEL analysis and key resource requirements.

2022 WRDM Strategic Planning Session Workshop Report-9-11th Feb 2022

Based on Vision Activ Results Based Methodology. All Copyrights Reserved

9.4 Situational Analysis

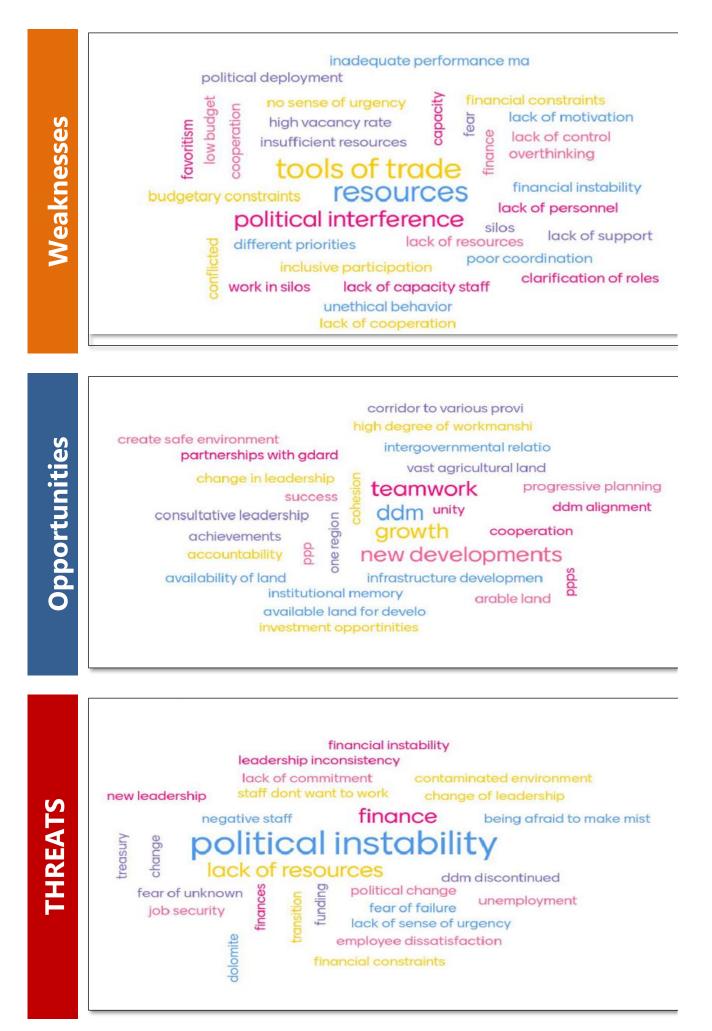

This session was about defining the key risks and challenges that may have a positive or negative impact on the implementation of our plans.

Financial Health	Lack capacity in terms of staff	Lack of support and buy -in from Local Municipalities
Changes in political leadership	All inclusive buy-in	Cooperation from local municipalities
Severe human capacity constraints	Resources	Cost saving. Removal of bloated structure
Lack of commitment	effective communication across the organisation	Unstaffed that need financial health andcresources
Access to adequate funding for services & functions to be rendered. Ringfencing of funding. Efficient IGR.	Financial challenges	financial and resource constraints ,buy in fro Lm, support from province and national
Lack of resources	budget and financial challenges	Personnel Capacity and Systems (poor,uncoordinated and inefficient)Sense of Entitlement

9.5 SWOT Analysis

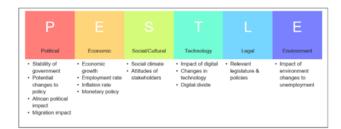

This session was about defining the WRDM SWOT that will impact on the ultimate delivery of the plan.

Communication untapped productive land committed staff institutional memory accountability systems in place job runs with minimal res good structures committed workforce good structures honesty committed capacity policy competent staff strategic plans compliance with laws good governance structure job good governance structure systems owercome challenges sipolo overcome challenges sipolo comitted staff overcome challenges sipolo comitted staff overcome challenges sipolo comitted staff shared services model capable people relatively stable politic

9.6 PESTEL Analysis

This session was about analysing the political, economic, socio-cultural, technological, environmental, and legal factors that might have a positive or negative impact on the implementation of our plans.

Define

Political Implications on the achievement of our plan Economic Implications on the achievement of our plan Socio Economic Implications on the achievement of our plan Technology Implications on the achievement of our plan Legal Implications on the achievement of our plan

Environmental Implications on the achievement of our plan

Political Implications

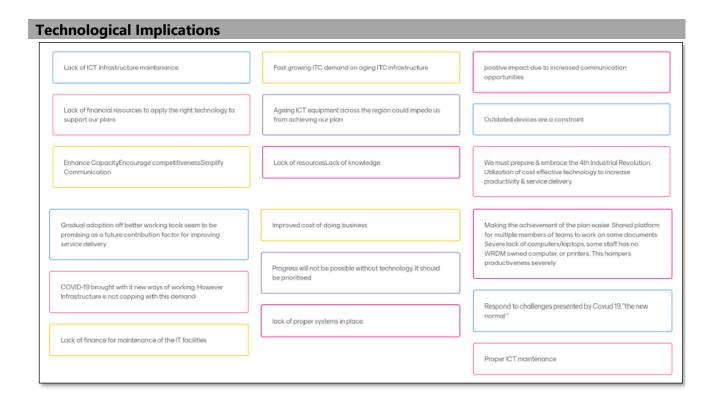

changes in politics will change the dynamics and goals	Changing political landscope	Change of government
Change in political landscape.	Changing of Sec 57 managers	Growth
Lack of trust	Insecurity Doubtful and Untrustworthy	Interference
Uncertainty due to change in political landscope	Need good understanding of fuctions	Restructuring of scanty resources
Unstable political environment will prevent an all buy-in	Disagreements of targetsTime framesLack of understanding	Seems unstable in medium term. Might destruct plan to a certain extent
Change of plan and understanding	wanting to see change with no enough resources /budget	Negative: the current political vehicle can be seen as volatile (possible conflict in political views)Positive: a new broom sweeps clean & new eagerness of service delivery

Economic Implications

Economy on a downward spiral	Competeting over scanty job opportunities	Negative impacting on growth in the Region	
Skills development not aligned to market requirements	Fincial constraints	lack of payment due to poor economic	
Need a sufficient budget to succeed	Negative impact on revenue collection	growth will make the available budget to small to achieve our targets.	
		Stoppages as a result of the covid 19 pandemic	
Poor, our economy is still battling to get off the ground given covid 19 challenges	Other spheres of government seems to pay less attention to WRDM during tough economic times	Shrinked workforce regionally due to decline in mining industry	
Economy can make or break all efforts	fiscal deficit	Financial stabilityImproved economic peformanceTourism	
		L	

WRDM Strategy Workshop Report

Based on Vision Activ Results Based Methodology. All Copyrights Reserved

Legal Implications

Outdated policies and by-laws	Possible litigation due to our decisions	Severe. Our legal department had resignations. Will these post EVER be filled? Need of qualified, dedicated legal team.
Non compliance to laws and regulations.	CompliancePolicy development processesDeriliction of duties	
Qualified legal officials	Possible legal issues emanating from nonpayment	OH & S issues in the workplace need serious attention. Delegation of power, functions & budgets to District Municipality.
	to creditors	Policy not conducive to economic growth
Costs of litigation to the municipality	Pave the way to success, if laws breakers are prosecuted	Weak policies that can be easily manipulated by unions to protect uncorrporative workers: Threat to achieve targets
Proper legal mandate	Non compliance with legal prescripts, extremely regulated environment making it difficult to gain	Compliance to legislative demands are not
struggling to comply due to a lack of resources, this open us to litigation, labor laws and	access to some of the services	negotiable. It is not a guideline and non- compliance will have serious consequences.
regulations not currently met. Non compliance to OHS legislation.	WRDM building non compliance to OHS may lead to Litigation	Lack of financial support to propagate the bylaw
Have responsive Legal services on the status of lega matters	l specialists	

Climate change Natural disasters	Uncondusive work environmentLock of infrastructure maintanance	Impact of climate change on environment
We are making use of extreme dilapidated buildings. There is no maintenance because of a severe lack of funding. This make staff very negative.	Reduced carbon emissions if communities have access to clean energy	Consequences of previous neglect are already experienced. It will have a snowball effect if not addressed.
Supply of Essential Services (clean water)Access to good healthErosion Climatic conditions	Pollution Lack of refuse collections	Dolomites adversely affect development
ByLaws	Ensure provision is made for imact of climate change	No climate change policies in WRDM
Environmental on the climate change pollution and lack of refuse collection	Lack of understanding of separation of power between political and administrative arms	We need to embrace safe, sustainable & 'green' alternative sources of energy & promote the use of that in communities Minimise effect of ocid mine drainage.
Climate change lead to environmental degradation which causes floods, fires etc. that have a major impact on job and flood security environmental challenges due to mining industry that is shrinking and not maintaining balances and checks.	no maintenance of our infrastructures	No maintenance to deteriorating and hazardous environment
	gy efficiency retrofitting Stric	t regulations limit access of new entrants into mining

9.7 Critical Resource Requirements

This session was about defining the critical resources that need to be in place for the successful implementation of our plans. The required resources are depicted below.

IT Equipment, Staff, lots of coffee	Sufficient budget and committed staff	Tools of tradeHuman resource
Resource and funds	Air Quality Coordinator essential	Need to have officials fit for purpose
Professional, qualified and capable people	Tool of trades	Suitably qualified staff
IT Equipment; Staff, lots of coffee	Sufficient budget and committed staff	Tools of tradeHuman resource
Resource and funds	Air Quality Coordinator essential	Need to have officials fit for purpose
Professional, qualified and capable people	Tool of trades	Suitably qualified staff
competency	Supportive and committed non partisan leadership that holds management accountable	fill in critical vacancies and supplying tools of trade
Environmental Health Practitioners to cover all areas	Skills and knowledge Appropriate qualifications	more environmental health practitioners
Network Administratorlegol ManagerCoordinator: Administration	Bbbbb	,

9.8 Planning Framework Analysis

This session focussed on creating alignment around the Planning Framework that should be adopted with regards to development of the Regional Plans.

~1	Regional Outcome 1 Basic fervice Delivery Improvement		Regional Outcome 2 Accountable Municipal Administration
	Regional Outcome 3 Skilled, Capacitated , Competent and Motivated Workforce	- j -	Regional Outcome 4 Ethical Administration and Good Governance
8	Regional Outcome 5 Safe Communities		Regional Outcome 6 Educated Communitie
%	Regional Outcome 7 Healthy Communities	GREEN	Regional Outcome 8 Sustainable Environment
۲	Regional Outcome 9 Build Spatially Integrated Communities	Ŵ	Regional Outcome 10 Socially Cohesive Communities
JOBS	Regional Outcome 11 Reduced Unemployment	2000	Regional Outcome 12 Economic Development
	Regional Outcome 13 Robust Financial Administration	20	Regional Outcome 14 Institutional Planning and Transformation

KPA 1	Basic Service Delivery and Infrastructure Development
KPA 2	Municipal Transformation and organizational development
KPA 3	Local Economic Development
KPA 4	Municipal Financial Viability and Management
KPA 5	Good Governance and Public Participation
KPA 6	Spatial Rationale

There were requests to review the number of Regional Outcomes that was used to complete the planning and should the planning framework not be aligned to COGTA KPA's.

It was agreed that :

- 1) The Political Priorities must be included as part of the alignment framework
- 2) The Fourteen Outcomes should still be maintained for alignment and planning and the entire issue should be reviewed during the implementation of the DDM framework.

9.9 Political and Administrative Role Analysis

The clarification of Roles and Accountabilities between the Political and Administrative Leadership were reviewed and clarified by all Executive Heads and Local Municipal participation.

This exercise brought clarity to understanding of the roles and served as an important bridge to transition to where do we want to go to?

10. WHERE DO WE WANT TO GO?

This session comprised:

- 10.1 A Brainstorm around the Results that should be achieved against the Political Priorities
- 10.2 Mapping of the Political Priorities to Functional Departments
- 10.3 Mapping of the Political Priorities to the 14 Regional Planning Outcomes
- 10.4 Commissions

10.1 A Brainstorm around the Results that should be achieved against the Political Priorities

This session comprised a brainstorm of the results that will be achieved at the end of the five-year period against each political priority. The following tables outlines the outputs of the brainstorm session.

Priority 1 - End / Reduce Poverty and Ensure Zero Hunger Results

minimize wild land fires	Promote sustainable agriculture	Promote sustainable agriculture
Improved quality of life	Protecting Community lives and property. Skills training. Support responsible departments.	Job creation though investment in the agricultural space. Trained and educated communities on farming and form management.
Promote Sustainable Agriculture	Healthy communities	Effective service delivery from all sector departments
		[(Ctrl) ◄
Created cooperatives which employed the residents	Reduce inequality	Improved local economy
Identified land to advance agricultural and agro processing,	Educate communities	Sustainable jobs
Create job possibilities that will ensure poverty alleviation	job creation	Set Five year horizon wherein we do Purposeful Planning, by Inking planning to the reduction in water and electricity wastage and apply the gains to create jobs, and improved agriculture
Education on basic and residential gardening to communities Supporting agricultural programmes/Pagrammes (existing agricultural) be sustained especially to schools and other public spaces	No mainourished children in the past 5 years	empower the community to be able to sustain themselves by introducing initiatives such as farming and expropriation of land
In 5 year's time we most probably haven't attained this 100%. However, we should have achieved: 1 identified people who want to be uplifted; 2 rolled out food security projects; 3. identified agricultural land & rolled out successful agri- projects		

Priority 2- Good Health and Wellbeing / Healthy Communities Results

asist to form and support sport committees in all sporting odes	Increased average life span	Created sports ground and recreational parks				
upport the programmes that is presented by the legartment	Highly productive communities and improved quality of life	Sick leave is reduced due to healthier a workforce				
stablish agricultural facilities, to promote health. Promote	Developed sports facilities Effective HIV/AIDS programs	Healthy communities by ensuring all facilities have current CoA's and through Coaching Clinics at schools				
ealthy living and exercising from school level. Support thieles by providing proper, quality sport arenas/facilities which they want to use.						
Participate in sector discussions to provide adequately for our communities (upgrade and maintain existing facilities it.o. funding and governance	Coordinate functionality of sports facilities / events Coordination of health programmes to improve healthy life styles	Public Information and Education Relations programs/training to create safe environments.				
Assist to form , promote and support sport and healthy lifestyles within communities.	Healthy lifestyles	Level of knowledge the broader community have on variou issues related to health				
Healthy lifestyle	sports competitions and social cohesion	Effective Service delivery through coordination provision of water, sewage and waste services				
Support efforts to create and implement a more healthy lifestyle, including nutritional eating habits, effective exercise and other recreation, catering for body, mind and	Promote healthylifestylrs	Ensure that our policies promote the move towards visible gender equality				
soul. This could include fun runs, community walkways, cultural events, etc.	Initiate a regulated process whereby all new housing projects ensure that a certain percentage of their energy supply comes from solar	Provide funds for the rehabilitation of clean water and sewer services				
Both genders to have equal opportunities						

Priority 3 - Quality Education Results

Skilled communities	Improved skills of educators	Influence sector departments to change their funding paradigm insofar as it relates to the betterment of our communities
We need to make communities "wiser". Support and encourage leaners to finish school by	coordinate the level of education in the region	
providing them with opportunities thereafter.		Coordination of education campaigns in schools
	Higher literacy rate through support programs e.g. Reading programs from SRAC	
innovators and skilled individuals		Women in businesses and executive positions
Improved pass rate	Support school safety programmes through	
	coordination of such programmes between all roleplaye	

Priority 4 - Gender Equality Results

Priority 5 - Clean water and sanitation Results

Sive drop and green drop compliance	Resuscitation of ageing infrastructure	Investment in work works plants. Taking into account we are on doiomitic soil. Ensure that constant maintenance in these areas are carried out.				
NI houses have running water	Coordination of the provision of sustainable water and sanitation services	Improve water and sanitation systems including policy coordination				
upport environmental programmes from the local nunicipalities by sourcing funding from provincial and attional spheres	Address Infrastructure: Develop infrastructure when doing new developments and housing programs. Proper maintenance	Provision of sustainable water and sanitation by working hand in hand with the locals				
ensure environmental management especially surrounding water pollution is eradicated.	Coordination of provision of effective bulk infrastructure in local municipalities with sufficient capacity for the next 50 years	Proper infrastructure				
Provide funds for the rehabilitation of clean water and sewer services	Regular water management and waste management with continuous maintenance	90% compliance with national standards for portable wat and sewer treatment plant effluent				
Water samples taken to ensure drinkable water.	Optimizing current systems, taking into account future demand. Ensure proper, efficient & pro-active bulk provision. Effective training to operators, supervisors & managers.	zero water pollutions especially dams and rivers.				
Initiate a regulated process whereby all new housing projects ensure that a certain percentage of their energy supply comes from solar	Improve on systems and coordination adding capacity from local municipalities	Availability of clean water				
Regular water testing to be a drinkable clean water blue	Healthy communities.	Ensure all Municipal buildings use solar energy				

Priority 6- Affordable Clean Energy Results

Reduced carbon emissions	Independent power producer	Use Environmental Decision-making tools to inform the planning of clean energy developments				
Coordinate efficient energy supply system and bolicy implementation	Clean environment	Reduced air pollution				
ource ppp regarding renewable energy	 Promote and educate sparing use of electricity. Investment in latest technology to make installations working for years to come. 	Renewable energy				
develop strategies to limit gas emmisions	Secure two regional sites for independent power	Clean environment				
	producers					
Environment that is clean	renewable energy	Coordination of establishment of independent power producers				

Priority 7 - Decent Work and Economic growth

Inreased job opportunities	Influence sector departments to change their funding paradigm insofar as it relates to the Local Economic Development. The National fiscus need to budget purposely on annual basis for identified hubs in local areas	Effective partnership between local government and private sector				
Inclusive of academics I creating lot of job opportunities		Increased number of enabled township economy initiatives for sustainable growth				
Initiate labour intensive poverty elliviation programs	Develop a comprehensive Local Economic Development strategy	Job creation				
	Reduction of crime and _					
Job creation	provide and support proper services to attract investment	Build road and other infrastructure to attract business				
Promote sustainable growth	Job opportunities for all members of communities	Promotion investment in the economic hub of the WR Region. Municipality staff members that are not too lazy to work and earn their salaries. Constant expanding of				
All working community members earning at least a minimum wage or more	Information awareness workshop on job opportunities	economic landscape				
		Attract investors				
60% of redundant properties in local industrial site's to be occupied by private sector	sustainable economic growth	Institutionalise epwpRemodel the internship programmeCoordinate black industrialist programme				
Facilitate in job creation by attracting private & corporate investment, like creating SEZs, etc. & align SDFs to support initiatives.						

Priority 8 - Industry, innovation, and Infrastructure

National to Provide annually for bulk services provision in our district. This will unlock industrial activity	Comprehensive regional infrastructure master plan	This will lead to sustainable industries.				
Allow internal innovative and sustainable initiatives for efficient infrastructure development	provide the necessary support to the public to develop new industrial spaces through minimizing the red tape	All regional mega investors or businesses to have incubation programs.				
Facilitate stakeholders to avail land for industrialisation	Reduction in employment rate and indigent books	Coordination of provision of infrastructure in municipalities with sufficient capacity to prever pollution and water losses for next 50 years				
Develop programmes that support innovation. Support any innovative ideas	More entrepreneurs with different (innovative) ideas	Bulk services to be provided by Province to out district with resources				
Identify potential markets Diverse economic baselnivest in economic infrastructure Make land available for modern economies	Job Creation, Local Investments	PtoperMaintenance				
4th Industrial revolution	Crea	Formulate a infrastructure master plan to facilitate efficient bulk infrastructure.				

Priority 9 - Reduced Inequalities

improved access to education and skill development	Improved wealth distribution
BY being FAIR with appointments. Appointing staff that actually has the minimum qualifications to do their job. This will enhance service delivery and power the workforce	Reduced inequalities
Women to be recognised in top levels	Narrow the gap between the rich and the poor. Always aw opportunities and access to resources to those cant affor
Develop policies and procedures that ensure equality within organization	fair distribution of resources and assets
Reduced remuneration disportity	Adolescence and young women co-operatives
Improved lifestyle and growth	
	BY being FAIR with appointments. Appointing staff that actually has the minimum qualifications to do their job. This will enhance service delivery and power the workforce. Women to be recognised in top levels Develop policies and procedures that ensure equality within organization Reduced remuneration dispority

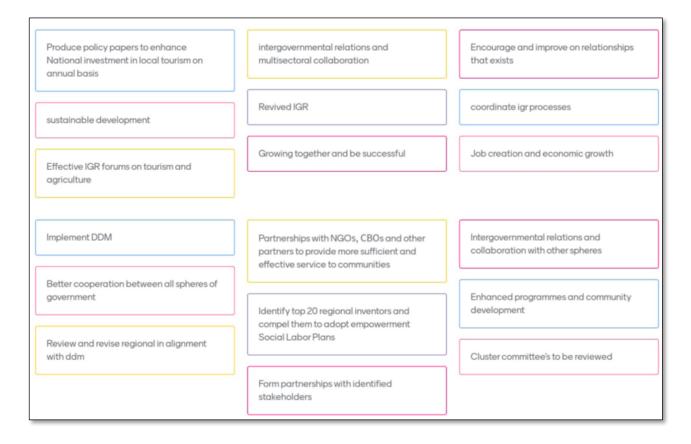

Priority 10 - Sustainable communities

Produce policy papers to enhance discussion on subsidizing community safety initiatives	Reduction of land invasions	Generate policy proposals
Uninterrupted provision of services to communities	Improve on availability of land availability	Safe cities
Coordinate and standardize public safety functions through out the district to ensure safe living spaces	Increase in number of facilities or development meant to ensure resilient and sustainable communities	Develop a plan that promotes inclusive communities
infrastructure such as houses, electricity, water and sanitation	Crime free cities and human settlements	Avoid continued separate planning and reduce exclusive provisioning of housing
Community access in terms of the availability of sustainable services such as water, sewage, waste services, sustainable environment and equitable job opportunites		

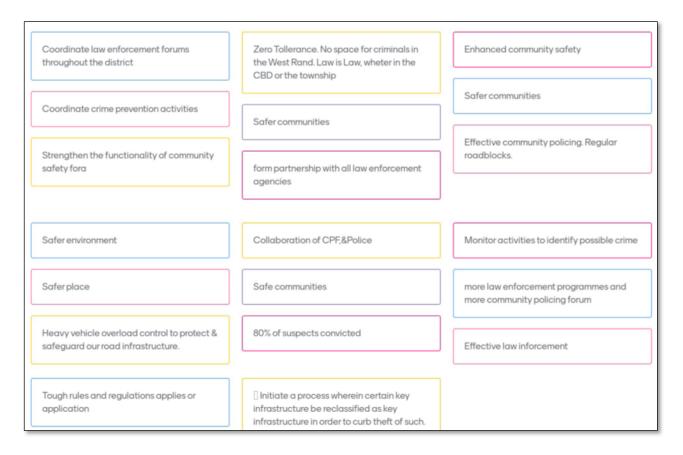

Priority 11 - Peace Justice and Strong institutions

Safer communities	Equality before the law	Improve on eccess to institutions that support and provide assistance				
Produce policy papers to enhance discussion on making access to justice more affordable	Hire peace officers	Competent and adequately empowered public safety institutions				
Reduced crime in communities through enforcement of public safety by-laws	Compliance with municipal by-laws	Collaboration of Police, traffic and CPF				
safe environment	80 % reduction in criminal cases reported to our local SAPS	Proper planning and implemenation of security and safety initiatives				
Availability of just service from all institutions quitbility	Improve coordination between all law enforcement stake holders	Created Community safety campaigns				
	Collaboration of police and traffic officers to work together to bring peace in our district	Safe communities				
Feel free at all times, in and outside your homes	Feel free at all times, in and around our homes	Review previously established coordination amongst support structures				
Provision & support of environmental management inspectorate services to local municipalities to ensure just and sustainable environment for all communities						

Priority 12 - Partnership for Goals

Priority 13 - Be Tough on Crime

Priority 14 - Safe Working environment

Regular building maintenance	Comply to all OHS requirements	Ensure compliance to legislation
OHS Laws MUST be followed.	Happy employees, increased productivity levels	Happy and productive employees
No any form of abuse taking place at the municipality	compliance to all health and safety requirements through proper maintenance budgeting and planning	Safe and healthy working environment for all employees at all times
	OHS protocols	Improved employee production
adherence to regulations Ansure work enviroment is clean and	OHS protocols 60% of unsafe office space revamped or upgraded	Improved employee production Appoint structural engineer to provide status quo report, and prioritize OHS
Best practice application and adherence to regulations Ansure work enviroment is clean and safe Permanent remote working	60% of unsafe office space revamped	Appoint structural engineer to provide status quo report, and

10.4 Commissions

This session comprised the definition of the Functional Strategic Outcomes and Outputs to support the achievement of the Political Priorities and Fourteen Priorities by the following functional departments.

- 1. Office of the Municipal (OMM)
- 2. Finance (FIN)
- 3. Regional Planning & Reindustrialisation (RP&R)
- 4. Public Safety (PS)
- 5. Corporate Services (CS)
- 6. Health & Social Development (HSD)

The 6 Commissions set out to start the completion of their 5year plans using the following templates:

Priority Area	Peace, Justice and Strong Institutions
КРА	COGTA KPA
Regional Outcomes	14 Regional Outcome (5/Safe communities)

Outcome 1	
Standardised traffic services Peaceful an	d Safe Living Environment
Output 1	
Community Safety Programmes (no of School	safety Programmes)
Activity	
Output 3	

Day 2 session was concluded with on a high with delegates sharing their thoughts and comments on the day's experience. Some of the notable comments were,

- More clued up about the planning process and grateful to be involved in the process
- Wonderful learning experience, allowing for easy buy-in due to everyone's participation in the planning process
- Very eye opening
- Planning has been high-level since it's still an evolving process
- Eye opening and educational
- Appreciate the accommodation of political needs
- If we stand together, we can overcome anything
- Appreciate the good work ethic
- Appreciated collective participation and understanding of the integration of the different functions
- Encouraged by commitment displayed by colleagues and engaged well on issues, at times agreeing to disagree

11. HOW DO WE GET THERE?

This session comprised:

- 11.1 Review of the Vision, Mission and Values
- 11.2 Definition of the Legacy
- 11.3 Definition of the League We Want to Play In
- 11.4 DDM Implementation
- 11.5 Leadership and Team Charter

Day 3 commenced with a Check-In with delegates requested to sum up the session thus far in one word. Some of the notable words shared were, eye opener, inspirational, good, wonderful, fulfilling, excellent, efficiency, strategic, direction, potential enlightening and inclusive.

11.1 Review of Vision/Mission and Values

This session comprised a review of the following Vision, Mission and Values:

VISION

Integrated district governance excellence

MISSION

To provide a developmental district governance system for a better life for all in the West Rand District

CORE VALUES

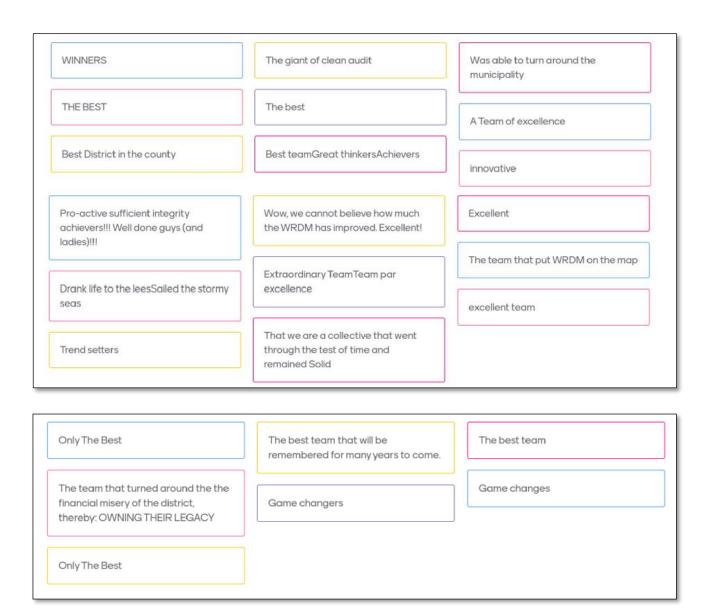

- Service excellence
- Pride
- Integrity
- Responsibility
- Innovation
- Teamwork

The delegates reviewed the existing vision and mission in their commissions and shared their suggested amendments in plenary. Several valuable submissions came through and a task team was nominated to consolidate all these submissions and present a proposed new vision and mission to the Acting Municipal Manager within a week of being back in the office.

11.2 Definition of a Legacy

Leading up to the defining of the legacy that the team would like to leave at the end of five years in the region, the delegates observed a motivational video to encourage them to leave a positive legacy in the region. This was followed by the observation of another motivational video on how as the eagle, the team needed to reinvent themselves to create a better future.

Teams were requested to brainstorm on what would they want the community would say about Team 2022? The outputs of the session are captured below:

11.3 Definition of the League We Want to Play In

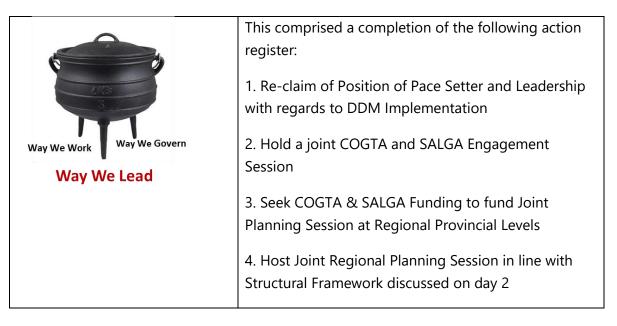

An analogy of soccer was used to align around the league that the team need to play in to achieve the political priorities, strategic outcomes and outputs.

The team aligned about wanting to play in the World Cup League.

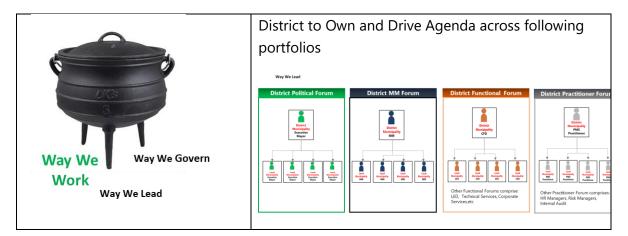

11.4 DDM Implementation

The team aligned on the following action items with regards to DDM Implementation :

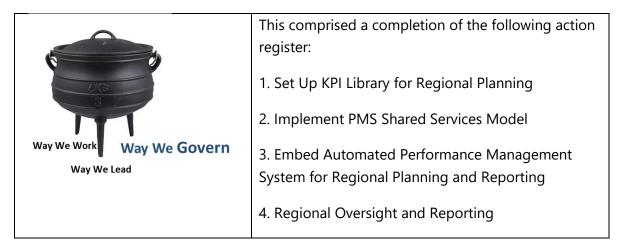

11.4.1 The Way We Lead

11.4.2 The Way We Work

11.4.2 The Way We Govern

11.5 Leadership and Team Charter

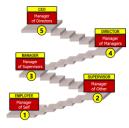

11.5.1 Teamwork Video

This session was contextualised with delegates watching a Teamwork video with the aim of embracing the required team effort need in the development and implementation of the plans going forward.

The team made the following reflections from the Video:

- Embrace success and failure and move together
- Locals and WRDM encouraged to work together towards achieving common goals
- Ensure no one is left behind
- Observed shared responsibility

11.5.2 Leadership Commitment Charter

As a context to the exercise delegates were engaged around the journey of leadership. It was noted that leaders grow across the different levels but are not equipped with the relevant leadership skills to effectively manage at the different levels. This is based on the work of Ram Charan.

The Team were engaged to use the Talent Pipeline for Leadership development and growth with focus on building Business Planning and Performance Management Leadership Skills as the first phase of leadership development.

This would in turn enable the adherence to a key criterion for measuring leadership effectiveness, being the Employee Satisfaction Index (ESI). The Overall Employee Satisfaction Index represents the consolidated score from each Individual Component of the Talent Pipeline as depicted in this figure.

Delegates were engagement on the Platform against which Management Processes are build upon

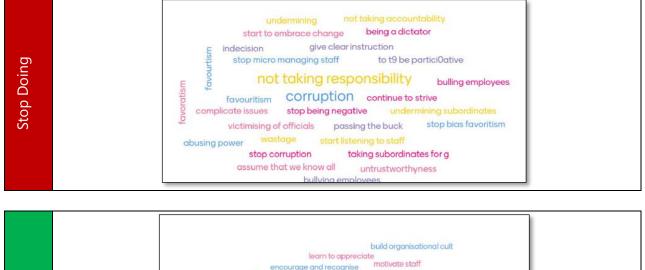

Team were	Business Planning	Establish Accountability	Reporting & Monitoring	Evaluating Performance
engaged on	 Define Annual Plans (SDBIP's) 	1. Ensure that all Employee have an Annual	1. Ensure Employees update their progress	1. Define Performance Evaluation Criteria

	department	employee expectations 3. Inspire and motivate	dashboards are timeously completed	Face Performance Conversations
		employees 4. Communicate timeously to employees	 Manage Good and poor performance Deliver on Annual Plan 	4. Manage Good and Poor Performance

Team Commitment Charter

This session comprised a Rapid-Fire Feedback of things each Unit must Stop Doing, Start Doing and Continue Doing. It provides for objective and constructive peer feedback and teams aligned to have this set as Commitment Charter to enable team transformation as part of the journey from Good to Great.

Strat Doing	listen to employees decisiveness taking responsibility be pro-active be pro-active taking accountability be pro-active taking accountability be more involved taking accountability be pro-active taking accountability be pro-active taking accountability be pro-active taking accountability be pro-active taking accountability taking accountability take responsibility take responsibility

12. Key Stakeholder Closing Comments

Following presentations by the Commissions to the Political Team, the following closing comments were made:

1. Mogale City	Mr. Tshepo Legodi, acknowledged that Locals appreciated the
	involvement and participation in regional planning and how all contribute to the success of the Region. Acknowledge the fact that there is still some work to be done to finalise the plan. Looking forward to the clarification of roles and IGR.

2. Rand West City	The MM, Mr. Larry Steyn appreciated the analogy of the iceberg in term	
	of sometimes focusing only on superficial symptoms without focusing on the significant underlying issues. He highlighted issues of delayed or never available or inadequate funding which hampers the implementation of programmes and plans.	
	He acknowledged the importance of tackling issues as a collective for greater chances of success. He expressed his support for the collective lobbying for adequate resources from upper structures and the potential to leverage on DDM for traction.	

3. Organised Labour	Looking back, the last 5years will usher in a progressive and successf	
	working relationship. Appreciated the rigour of the session. Pledged to the political leadership. Acknowledged the financial challenges but hopeful that the political leadership will lead them out of these challenges. Looking forward to working together while leveraging on other support structures such as the DDM. (Mr. H. Swanevelder & Mr. L. Mdingi)	

4. WRDM	The AMM Mr. Koloi, expressed his appreciation of how all officials have
	embraced the political mandate, however he called for full support from the politicians to ensure successful fulfilment of their mandate. He called for support to be both ways between politicians and administrators
	He expressed the administrator's commitment to the political mandate. He acknowledged that there will be challenges along the way, however, working together they will overcome them. He called for the leadership of the political team regional endeavours.

13.0 Executive Mayor Closing Remarks

The Executive Mayor Hon Councillor Hullet Hild acknowledged the team's commitment to the session. The politicians were looking forward to the details of the plans as soon as possible. The following are some of the comments and questions shared by the Executive Mayor in response to the commissions' presentation of their draft 5-year plan and in closing the session

- Commenting on risk management, he expressed the need to define consequences of noncompliance.
- He reiterated the need not to reinvent the wheel and encouraged delegates to refer to Randwest's 2016 service delivery plan, which in his opinion was set up to serve the communities well.
- He expressed his appreciation of the cascaded of plans to lower levels.
- He noted the fact that Merafong Municipality officials were missing from the session
- He encouraged the team to work together in moving the district to blue dot status
- He lamented the disrepair of potentially revenue generating recreational facilities in the district. He specifically mentioned the need to resuscitate Donaldson dam as the dam used to attract tourists from Europe to fish for its renowned specimen carp. He called for an oversight inspection as the first step in the efforts to resuscitate the dam
- He expressed his concern with regards to the housing backlog issues. He called a review of the accessibility of housing to all. He called for the revision of the process by for instance making applications more inclusive and easily accessible by bringing them closer to the people who need them without the taxing need of directing them to Krugersdorp from locations which might be far off from the Krugersdorp office at the expense of their limited resources.
- He intimated the need for local municipalities to improve the communication lines between them and the and the business community. He suggested the establishment of an office to service businesspeople in all municipalities. This to ensure that no investment or economic development opportunities are missed.
- He called for a serious look into the reestablishment of the Public Safety Training Academy as this would help increase employment opportunities both locally and internationally.
- He also intimated the need to improve pest control in municipal building, starting with the regional office.
- He called for more visits to air quality hotspots to enforce control of emissions as some of them had become unbearable.
- He expressed his hope for the enablement of clarity of roles via IGR.
- He made a request to organised labour to come to the table and try and discuss issues first and collectively trying to find solutions before engaging in protests.
- He concluded by suggesting the need for placement of suggestion boxes in all municipalities to allow for both internal and external sharing of suggestions or complaints. For control, he suggested that he be custodian to the key for the suggestion box at WRDM.

14.0 Delegate Feedback

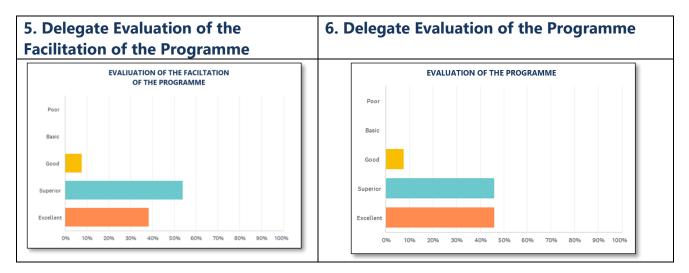

Delegates completed an evaluation of the workshop. The following represents the outputs for the feedback

1. What did you like most about the programme?		
Well prepared	Interaction between facilitator and	
• That everyone is sitting around the	audience	
same table. This makes it good because	• Has given me an opportunity to get an	
colleagues can see what other	understanding on what IDP is all about.	
departments are doing.	Programme was very informative and	
Disciplined manner it was presented	educational	
Interactivity	The level of professionalism	
It is engaging and informative	Honesty	
Innovative approach on execution of	• The activities/ questions on menti	
the programme		
Interactive		

2. What would you have liked to spend more time on?		
Organizational Organogram	On outputs development	
It was fine as it is	• DDM	
• N/A	Budgeting	
• More time on "time"!! Certain things	• SDBIP	
should not be rushed & enough time	Planning long-term	
should be allocated to such activities	Specific personnel needs in each	
• Items that are conceptual and requires	department to streamline service	
time	delivery	
Comments from each person consume	All covered	
a lot of time	•	

3. What would you have liked to spend less time on?		
Nothing	Mission	
Nothing	• The alignment of spheres of	
• N/A	government.	
I think all activities were relevant	Videos	
Videos though they break monotony	• N/A	
• N/A	Teamwork	

4. What was your most significant learning?		
 Learning about leadership That we are poor, but we are a team! Learned quite a bit from participants representing other departments Superior There is always time to start changing. Collective approach to matters and group involvement There is a need to revise and update motivational videos clips. 	 Mapping of higher-level plans Discussion around the existence of the WRDM and the type of skills base needed to run the WRDM Excellent teamwork and commitment leads to success Feedback on staff take on the leadership 	

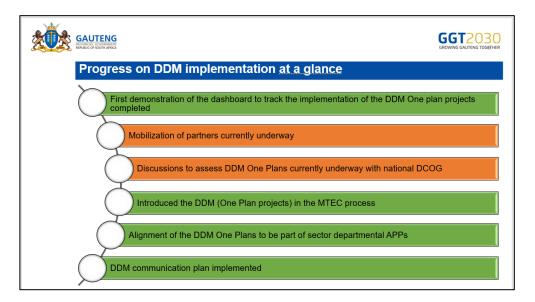

7. General Feedback and Comments		
 More coffee breaks will be welcome. I think we should next time, do this over 4 days. Excellent presentation Well done, guys!! Now we must move from planning to implementation on a responsible, accountable & corruption-free manner. Interesting mind boggling and committing 	 Effective workshop and confident it will lead to significant improvement of service delivery in the region It will be much appreciated is the lower level at the municipality can be given an opportunity to learn more about the strategic plan so that they can be able to start with implementing the plan Overall, the programme was good and very helpful and insightful. Keep up the high standard of facilitating Programme was very informative

	GGT2030 GROWING GAUTENG TOGETHER
Relationship between DDM One Pla	ns and IDPs
ONE PLAN (LONG TERM - 30 YEARS)	IDP (MEDIUM TERM - 5 YEARS)
Intergovernmental plan that outlines a common long- term vision expressed in policy and long-range plans across all spheres of government.	
Determines government, private sector and parastatal- wide, key development strategies and priorities to be addressed in the district space	
Conceptualisation of the desired future and results (outcomes and impact) to be achieved by the district area in the long term.	
Spatially referenced plans and budgets at district and metro level with emphasis on long-term catalytic programmes and interventions to unlock development notential	interventions and priority projects in the One Plan.

DDM Implementation

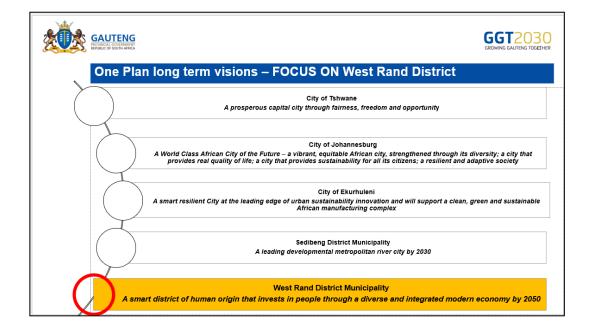

GAUTENG

GGT2030

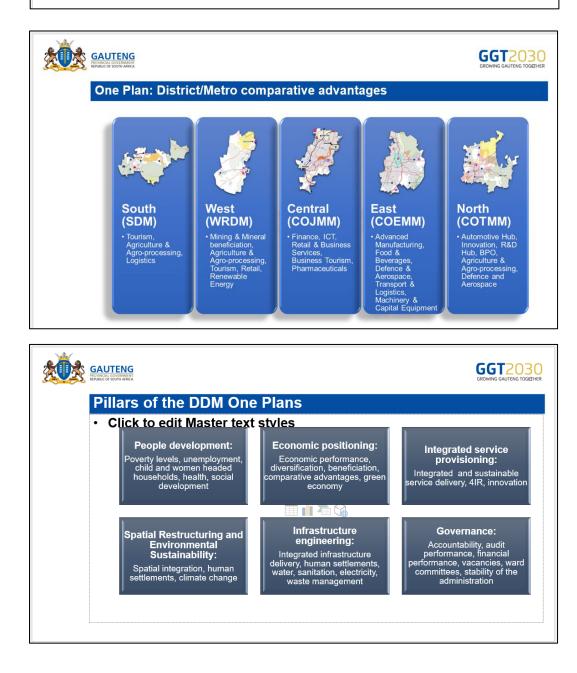

GGT2030

Brief Overview of the DDM One Plan

- DDM One Plan is an Intergovernmental Plan setting out a long-term strategic framework to guide investment and delivery in relation to a specific district or metropolitan space.
- It is a collaboratively produced by all three spheres of government ("Co-Created") informed by Existing Plans of all three spheres of government.
- · It confirms what is in Existing Plans, refines as necessary and identifies key strategic gaps/issues.
- It expresses IG agreement, alignment, and commitments and is therefore not a detailed development plan.
- Adopted collectively by all three spheres of government and stakeholders as an IGR and Social Compact:
- · Shared understanding of the space
- Agreement on priorities
- Common vision and measurable outcomes
- Targets and Commitments

District/Municipal Space	Developmental issues
West Rand District Municipality	 WRDM had a population of 889 731 people and housed 6.1% of the total population in Province. From then the population growth rate declined reaching 1% in 2015. From that year the population growth rate increased by 0,1% per annum, growing at 1,2% between 2017; 2019. The Mogale City population increased the most in the District, at an average annual growth rate of 1.7%. West Rand has a total of 330 573 households with an average size of 2.5 per househo In 2018, 427 000 or 48% of people were living in poverty In 2018, there were a total number of 200 000 people unemployed in the West Rand (46.58%)

DDM Q&A SESSION

The following represents dome of the key outputs from the Q&A session:

Q=Question A=Answer C=Comment

- Q: What guarantees are there, that mandates will be funded by COGTA?
 A: There is commitment from National and Province on specific projects to ensure the implementation of any tangible projects
- 2. C: Appreciate the call for increased integration amongst different stakeholders
- 3. C: Commend the longer-term planning of 25-30years into which elected councillors can seamlessly plug into for their 5year terms
- 4. C: Getting planning fatigue without tangible outputs
 - A: Other sector departments have DDM Champions
 - A: Provincial sector departments are being held accountable for their support and implementation of projects.
 - A: There is a challenge that Municipalities cannot report on Provincial projects, the solution is to
 - facilitate Province coming to give feedback to communities
 - A: There is a need to go beyond compliance with IDP requirement to reporting and being accountable on tangible projects
- C: WRDM were front runners of the 1Plan, however were omitted in the implementation of pilot projects. WRDM would have appreciated being included as a benchmark Municipality.
- 6. *Q*: Who is big brother between DDM and IDP?
- 7. Q: How can duplication be avoided between IDP and DDM Projects?
- 8. C: There is the issue of limited resources, however an attempt was made to address this through the rationalisation of common functions via the shared services model.
- 9. C: West Rand is poor, but seemingly overlooked with regards to resource allocation.
- 10. C: Do not stray away from basics. Tackle the basics first before focusing on the aspirations posed by the DDM.
- 11. C: DDM is quiet on the backlog pertaining to the proclamation of settlements, yet housing and social development are highlighted as some of the DDM's priorities.
 - A: Bring the backlogs to the DDM's attention to assist with expediting their resolution via relevant partners.
- 12. Q: How will DDM benefit WRDM as a coordinating Municipality of Locals who refuse to be

coordinated?

- 13. C: Checking whether or not there will be changes in the legislation regarding powers and functions as stipulated in the Municipal Structures Act, as seemingly the District will be reduced to nominators and endorsers of DDM Champions.
- 14. Q: Silent on ward-based war room vs. the work-based war room, how will the two processes be reconciled?
- 15. C: No big brother should be perceived, rather entities should be viewed as being complimentary, that is, the IDP is legislated and thus to be supported by the DDM which then foster IGR.
- 16. Q: Battling with emergency funding from treasury. How will it be addressed; will it be escalated for addressing?
- 17. C: For 1Plan to work, also consider the equal grading of municipalities.
- 18. C: Some issues date back to 2014, whereby COGTA suggested Regional Planning, shared services, clarity on powers and functions in order to support the success of back to basics. These issues are still unresolved, which is then is impeding the success of back to basics.
- 19. C: The concerns raised are raising trust issues amongst the different stakeholders.
- 20. C: DDM should have been presented to organised labour, this needs to be done as soon as possible.

Annexure B: Historical Evolution of the West Rand

The Regional journey is chronicled as follows:

2003

Around 2003, the Councillors of the West Rand Municipalities started discussions around the creation of a single Municipality. It was a slow process and not much was achieved

In 2007, a feasibility study was undertaken (Study did not include Merafong at the time). The feasibility study evaluated WRDM on 65 Criteria and over 6 Evaluation areas.

The results of the study showed that the Region complied at an 85% level to becoming a single region which confirmed that the Region was not far off in terms of the criteria from the Municipal Demarcation Board. To drive the process a Transformation Committee of 30 members was established representing all Municipalities in the Region and Civil Society. It was deemed necessary to have sub-committees and four sub-committees were established, viz: Economic Development and Integrated Planning, Finance, Social Transformation and Corporate Governance.

No progress was made because of challenges around lack of Management and Coordination, lack of administrative support, lack of resources, and lack of commitment, large Committees and Nonattendance of meetings

In 2010, a Strategic Planning session was held in Muldersdrift with Executive Councils & members of all Municipalities. In that session a working document was developed. There were also some challenges at the time, whereby in September 2010, another

session was held in Mogale. In this session the working document was reviewed which resulted in the conceptualisation of the Vision 2016 Strategic Framework and approval by all Municipalities within the Region.

The implementation of the Strategic Framework also had some challenges which resulted in minimal progress being made, because of the Local Government Elections of 2011, non-attendance of meetings, change in Political Leadership, minimal participation of Accounting Officers, lack of resources, lack of internal capabilities and lack of dedicated teams.

In 2011 after the Local Government elections the 3rd Strategic Review session was he which was also aimed at inducting the new councilors. The session resulted in the reduction of Transformation Committee members from 30 to 15, proportionately

representing all Political Parties in the Region. Accounting Officers were assigned to subcommittees and all Municipalities confirmed their commitment to the Project. It was also noted that all Political parties in the District supported the Vision of 2016 to create a single Municipality. The justification for a single Municipality was set out as follows:

- 1. To support the Gauteng City Region initiatives
- 2. To address partial fragmentation of West Rand and Gauteng
- 3. To support improved resource management and efficiencies through economies of scale in the region

- 4. To improve service delivery in the region
- 5. To improve standardisation through integration

Over the years leading up to 2011, there was public participation and engagement with the communities and the creation of a single municipality became part of the manifesto of the region.

A Shared Services approach was identified as a vehicle to optimise opportunities for improved effectiveness and efficiencies across the support functions. A service provider was appointed to complete a Feasibility Study over the following 3 months.

In September 2016, after the elections it was agreed to have one 5-year Plan for the West Rand Region. The WRDM was vested with the accountability to develop the 5-year Regional Plan in line with the Municipal Structures Act 117 of 1998, Section 84 The 5-year Plan needs to provide a framework for integrated development plans of a municipalities in the area of the District municipality.

The MM highlighted that the Regional Plan was a consolidation of the inputs from the IDP's from WRDM and the Local Municipalities and all Regional Political and Administrative forums have been engaged on the Plan.

The Plan was developed to achieve the following 14 Outcomes:

West Rand Region: Five Year Plan: Fourteen Outcomes

AUTENG

On the 1st of December 2016, The Powers and Functions were restored back to the district as outlined below:

"The West Rand District Municipality (WRDM) has been appointed with the authority to execute the following Functions and Powers between District and Local Municipalities in line with the Municipal Structures Act 117 of 1998, Section 84:

(1) A district municipality has the following functions and powers:

(a) Integrated development planning for the district municipality, including a framework for integrated development plans of all municipalities in the area of the district municipality.

(b) Potable water supply systems.

(c) Bulk supply of electricity, which includes for the purposes of such supply, the transmission, distribution and, where applicable, the generation of electricity.

(d) Domestic wastewater and sewage disposal systems.

(e) Solid waste disposal sites, in so far as it relates to- (i) the determination of a waste disposal strategy; (ii) the regulation of waste disposal; (iii) the establishment, operation and control of waste disposal sites, bulk waste transfer facilities and waste disposal facilities for more than one local municipality in the district.

(f) Municipal roads which form an integral part of a road transport system for the area of the district municipality as a whole.

(g) Regulation of passenger transport services.

(h) Municipal airports serving the area of the district municipality as a whole.

(i) Municipal health services.

(j) Firefighting services serving the area of the district municipality as a whole, which includes- (i) planning, co-ordination and regulation of fire services; (ii) specialised firefighting services such as mountain, veld and chemical fire services; (iii) co-ordination of the standardisation of infrastructure, vehicles, equipment and procedures; (iv) training of fire officers.

(k) The establishment conducts and control of fresh produce markets and abattoirs serving the area of a major proportion of the municipalities in the district.

(I) The establishment conducts and control of cemeteries and crematoria serving the area of a major proportion of municipalities in the district.

(m) Promotion of local tourism for the area of the district municipality.

(n) Municipal public works relating to any of the above functions, or any other functions assigned to the district municipality.

(o) The receipt, allocation and, if applicable, the distribution of grants made to the district municipality.

(p) The imposition and collection of taxes, levies and duties as related to the above functions or as may be assigned to the district municipality in terms of national legislation.

2017 FEB

In February 2017, the West Rand Economic Summit identified opportunities for Economic Re-Industrialisation of the West Rand and a task team was assigned and is working out an Implementation Framework of the recommendations.

3. Development Strategies towards DDM implementation

VISION

A smart district of human origin that invests in people through a diverse and integrated modern economy by 2050.

DDM GOALS

- People Development: To fundamentally and radically improve the Quality of Life and overall well-being of people living in West Rand District currently and in the future with emphasis on supporting upliftment of vulnerable and marginalised groups;
- Economic Positioning: To strategically position West Rand District in the national economy and to build a resilient and transformed WRDM economy;
- Spatial Restructuring and Environmental Sustainability: To develop a transformed, efficient and sustainable spatial form and environment as a dynamic platform for the economy and for integrated human settlements;
- Infrastructure Engineering: To mobilise, target, align and manage investment in infrastructure in a sustainable way supporting the economic positioning and transformed spatial structure of West Rand District;
- Integrated Service Provisioning: To enable the residents of West Rand District to experience reliable, cost effective, viable, sustainable and seamless provisioning of services within functioning places; and
- **Governance**: To improve the performance of all three spheres of government in relation to developmental impact in West Rand District.

	ALIGNMENT OF THE DDM GOA	LS WITH THE REGIONAL OUTCOMES		
DDM Goals	West Rand Regional Outcomes	Outputs		
Goal 1 :	Outcomes 5/6/7/10 :			
	5. Safe Communities	People in the West Rand are and Feel Safe

		Regional Institutional Performance Index		
		Client and Customer Satisfaction Index		

4. Intergovernmental Implementation Commitments (Projects and Programmes)

This provides a list of inter-governmental projects for the West Rand District constituent municipalities together with National and Gauteng Provincial sector departments' active in the space.

West Rand Major Projects

Municipality	Project Description	Budget
Rand West	LV Networks: Electrification of Informal Settlement (Zenzele)	R 136.8 million
Mogale	Ums- <u>Hartleys</u> Extension of Bulk Water Pipeline & Installation of Communal Water Standpipes_PWDS	R 51.5 million
Merafong	Mining Town Allocation/Upgrading Water and Sewer Infrastructure	R 46.9 million

This provides a list of inter-governmental projects for the West Rand District constituent municipalities together with National and Gauteng Provincial sector departments' active in the space.

MIG, WSIG and RBIG funded Infrastructure Projects

Municipality	Project Description	Finish Date	Cost
Rand West	Mohlakeng pump station and sewer outfall	March 2023	R115m
Rand West	Westonaria Regional Bulk Sanitation (Zuurbekom)	June 2022	R 550m
Merafong	Upgrading the Wedela WWTW Phase 2	June 2021	R15m
Merafong	Relocation of Khutsong reservoir and related bulk infrastructure	June 2021	R 21.9m
Rand West	Sewer infrastructure Services for Mohlakeng Ext 5 Township	June 2021	R 38.5m
Mogale	Rural Water and Sanitation Projects-Bulk Water Supply	June 2021	R25.2m
Mogale	WC/WDM: Water pipeline replacement	June 2021	R 17m
Merafong	Sludge drying beds for Kokosi and Khutsong WWTW	June 2021	R32.3 m
Merafong	Rehabilitation of bulk water supply	June 2021	R 6.9m
Rand West	Construction of Glenharvie alternative pump supply pipeline	June 2021	R47.3m
Rand West	Hillshaven outfall sewer	June 2021	R53.6m

The challenge of bulk is, however, of a different funding magnitude. Three unfunded projects required to develop the required capacity have been identified as shown in the table below and require funding. Another funding model needs to be developed to ensure that the development of adequate bulk infrastructure and associated services for human settlement developments.

This provides a list of inter-governmental projects for the West Rand District constituent municipalities together with National and Gauteng Provincial sector departments' active in the space.

PLANNED UNFUNDED REGIONAL BULK INFRASTRUCTURE PROJECTS

Project	Description	Phase	Finish Date	Estimated Cost
Syferfontein Bulk W&S	Construction of a new 1.2m diameter bulk	Planning	March 2023	R 1, 047bn
Pipelines (Westonaria	water supply line, water storage reservoirs			
Regional Sanitation Scheme)	as well as new bulk sewerage			
Lindley WWTW	Construction of a new 20 Mt/day Lindley WWTW to service the North Eastern Region of <u>Mogale</u> City	Planning	March 2023	R 399,152m
Lion Park/ <u>Lanseria</u> Bulk W&S Pipelines	Construction a new 1.2m diameter bulk water supply line, water storage reservoirs as well as new bulk sewerage	Planning	March 2023	R 8,050bn

This provides a list of inter-governmental projects for the West Rand District constituent municipalities together with National and Gauteng Provincial sector departments' active in the space.

Economic Projects

The District seeks to promote regional economic development and growth by prioritising economic development project. Below are proposed economic projects

Municipality	Economic Development Project	Estimated Budget FY 20/21	Municip	ity Priority	Project	Estimated Budget
	Merafong GDS identified diversification projects.	FT 20/21	Regional	Municipal Infrastructure and Maintenance	West Rand District Integrated Infrastructure Master Plan	R20 million
Meratong	Feasibility study solar park and bio-energy park in progress (GIFA)	R 6.5 million		Provision of Land to enable Economic Growth,	Land Resource Mobilisation and Partnership unit has been newly	Rt9 million
Mogale	Farmer Support: Mechanisation Programme +500 ha of land cultivated 2 tractors allocated	R 300 000.00	Mogale	Settlements of Communities and Urbanisation	on behalf Mogale	K19 million
Rand West	Bekkersdal: Construction of new business hive	R 8.9 million	Menaforig	SMME Support Programmes	Establishment of Enlerprise Development Centre (One-stop shop) in collaboration with AngloGold Ashenti – SLP project	R15 million
			Rand West	Municipal Infrastructure and Maintenance	Upgrade water and sanitation infrastructure over a period of five years	R200 million

This provides a list of inter-governmental projects for the West Rand District constituent municipalities together with National and Gauteng Provincial sector departments' active in the space.

Municipality	Municipality Priority Project		Estimated Budget
Regional	Municipal Infrastructure and Maintenance	West Rand District Integrated Infrastructure Master Plan	R20 million
Mogale	Provision of Land to enable Land Resource Mobilisation and Economic Growth, Partnership unit has been newly Settlements of Communities established to manage the Land and Urbanisation on behalf Mogale		R19 million
Merafong	SMME Support Establishment of Enterprise Development Programmes Centre (One-stop shop) in collaboration with AngloGold Ashanti – SLP project		R15 million
Rand West	Municipal Infrastructure and Maintenance	Upgrade water and sanitation infrastructure over a period of five years	R200 million

This provides a list of inter-governmental projects for the West Rand District constituent municipalities together with National and Gauteng Provincial sector departments' active in the space.

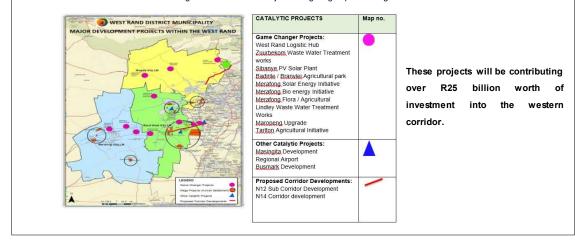

Investor and Sponsorship Opportunities

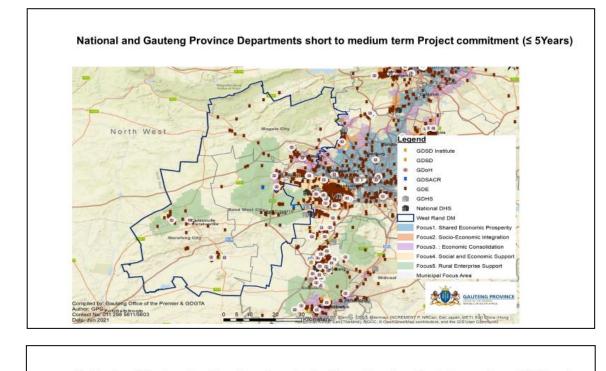

There are several large infrastructure projects in the District that would have a significant impact on the region, most of which are highlighted as catalytic projects and are classified under the following areas:

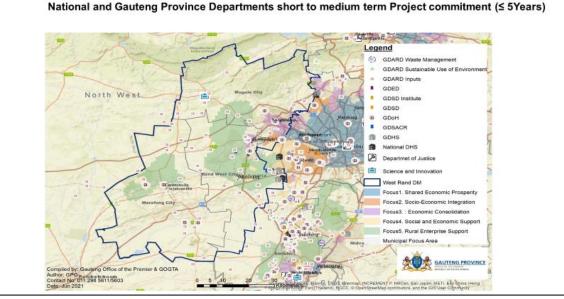

- · Game changer projects
- · Mega Projects (Human Settlements)
- · Other Catalytic Projects
- Proposed Corridor Developments.

Investor and Sponsorship Opportunities

The following figure shows the spread of major projects planned. The success of Mega Human Settlements Infrastructure around the District will be fully reliant on an active economy and sustainable jobs. Agriculture and mining are the core economizes i area and there is a need to strengthen the value chain by investing on geo processing

National and Gauteng Province Departments short to medium term Project commitment (≤ 5Years)

The following are investor ready mega-projects earmarked for implementation in the West Rand Region as identified in the Gauteng Department of Infrastructure Development Investment Book of 2021/22. About 3 692 infrastructure projects were identified from Departments, Municipalities, Gautrain, GIFA, ISA and Tourism infrastructure projects of which 34 are investor ready mega-projects.
